Dear Sir.

Your very acceptable letters of Dec^r
28. January 5th 11th & 16th and February are all at hand
and I have to return you my thanks for the information
contained in them. I will now take them in
order and reply to such as may require it.

In yours of January 5th I perceive that you had made
sale of the opium at \$625. which of course is per-
fectly satisfactory knowing that you did what you
thought was for my interest. In that of the 16th of
January you give me a memorandum of sundry
claims against me which please pay in the fol-
lowing order

Among the Tailor you may pass after exam-
ining his account and seeing that he has not
charged me too much for the articles. as to the
claim against me for washing it is not much
there may be a claim for one or two hundred
pieces but not more. as I paid near
twenty dollars for washing in the month
of October, the Trunk in which it is stored
is in my trunk which you have sent to London and
consequently cannot lay for custom the most paid
please not to pay anything more on that acc^t
until you hear further from me.

Search the rent man too, a bill
against for about \$30 which please pay.

Your decision what you are willing to allow me
for my rent in the Sail Boat is perfectly
satisfactory
