

Boston Tuesday Morning

Dear Brother

I have had your
Boots & Tentskins mended and send
them down to day with the Boat
and also your Hat as you requested
me, We had a very warm day yes-
terday and I think it will be quit
as warm again to day, You must feel
the heat very much in the City,
The children have returned to school
and we feel quite lonely here
Mr Ogden & Mr Burnett drank tea here
the afternoon you left us, Mamma
left her Memorandum behind so I
will write it down on the next page
and you can give it to her

Yours affectionate sister
Fanny

Dear Mother

I received Papa's letter
yesterday by the Steam Boat and
hope you will be able to prevail on
Aunt to come and make us a visit
According to custom I presume there will
be no school while you are gone
as it is now but 11 o'clock and the
children have come home for the
day Mr Lewis having your own
to your Mother. I found your Mem-
-orandum on the Table after you had
gone so I will write it down in this
letter. Give my love to Aunt and tell
her I shall certainly expect to see her
with you on your return

Your affectionate daughter
