

Saratoga Springs

Aug 5th 1852

My dear Kate,

I have lingered at the Springs
to hear Albion, who brings a regret.
I propose to set off tomorrow for home
and expect to arrive at the Deer
meadow station about 8 o'clock.
You will have a vehicle there ac-
cordingly.

~~And~~ Belcher & here with all his
party: the girls are enjoying them-
selves greatly. Nancy is improving
in health.

I received a letter from Helen. She
is a day or two sicker. I presume she

will be with you by the time this
reaches you

Love to all

Very affectionately, Anna
