

Mr Wm Miller

Albany March 17- 18th —

I expected to have been home long before this but I have been very unwell and confined to my room for two weeks, I am now again very well & only wait for the River to be open to return home — I wish you to get Clover seed and seed the ground on ^{the} ~~Green~~ ^{hill} ~~field~~ where John Rhodes has sown Wheat & Rye I also wish you to seed with Clover seed the Rye Mr Jones sowed along the Road between the Mill Lane & Lake Conklin — I also wish you to tell John Rhodes that he cannot have the field he planted Corn as he neglected to seed it last fall — All the long dung in the Cow yard I wish might be put on the meadow before the Barn in the places where the ground is the poorest — I wish you to speak to Abel Graves to let his boys with Giver Cronk put up the fence go from the blue Rock to the Bridge at the Mill and the Crop fences ^{over the bush} so that there may be fields where the fence is up — I will be again on next Sunday —

Mr Cortlandt desires me to be at home & am your friend
