

Burlington Blues Co
Mr Richard } Dear Sir

May 13th 98.

After our personal
talk with you at Sumnerade. I was surprised
to find you had constructed the screen entirely
different from the way instructed you. viz.
I said to put a piece across till, and let the
screen rise the blind fastener. — And let the
screen stop on top of this piece — As it is
all the blind fasteners have to be removed
replaced by some other device. Which I
regret to say must be left to the Burlington
Co. — Please send up Sat. eve. without
fail, and fit the stops as they come flush

after each
