

Canton Novemb: 6th 1835

Dear Sir,

I have put on board the *Albatross* a
Box of *Cumulated* Tea, as by the annexed receipt
to be delivered to you further. Till the present time
has been an opportunity to send them along, since I
received your directions to do so.

By the "Clary Ballard" I returned several letters to you ad-
dressed: all papers & pamphlets, I continue to appropriate.
We are about despatching the *Clippa* Brig "Margaret
Oakley" with a considerable parcel of Silks, and
consequently, I am compelled to ask your indulgence for
not writing at length.

Mr. Hewitt, who has been with us since six months
past here in the *Albatross*, and I should you have an
opportunity to hear what is going on in our Meridian
he will be able to communicate to you most minutely.
We are at work upon several English Ships. Mr. C.
Came back two or three days since.
I might multiply many words but it will not do
at this moment - begging your Remembrance
I am Dear Sir, Yours Truly
A. C. Low
