

HOTEL BEAU-RIVAGE
ST-RAPHAEL (VAR)

April 6th 1919

My dear Cousin

I write in the garden
in open air - after Cape 'Nou.
My object is to ascertain
your plans? I read in the
papers that Pres. Wilson
is soon to Return to the U.S.

We so hope to see you
at Aix. We expect to be
there between the 20th
& end of this month.

Do let us hear.

You see an Enclosure which
may puzzle you.

It shows how

I have been troubled by
what I have learned as to
the position of Americans, living
in Europe for some time as I have.

Surely Artists can be excepted!
What I have done in Art has
sometimes been done in Europe
at my neck - I prefer America
to be there - but my wife is
American & America is very expensive

If new travelers exist at
home my will will be affected -
& I should be advised without a
Country - It is what impossible?
I cannot even obtain a passport!

Just straighten out the U.S.
Government for one & let me end my
days - as your affl. cousin
a good American

Tell me what you think A.V.V.
of all this? & if you come back in May?
