

Philad^a 16 July 1849

Dear Sir Your favour of 16th inst. is received.
 Shall I deduct the coloured paper,
 & binding of the 200 copies in sheets,
 from my note? the latter cost me
 four cents per copy & there were four
 quires of Waste Paper (as it's called)
 necessary in binding them. These are
 small matters but it is proper they should
 be deducted. The Colored Paper I
 pay cash for, and put it to you at
cost. I cannot get any of a royal
 size, such as you describe. It might
 be got made by taking 12 or 15 reams.
 I could not say as to procuring you

the 50 or 60 reams White Paper at \$7.
until I see the Paper-Maker. he lives
twenty miles from town, but generally calls
at my store whenever in. I have paid
him the 750 Cents for the same but for
Salmagundi. Pippo was sent to my
brother before your letter was received. I
haven't been able to find the same tho' it
is somewhere among my pamphlets.

I am sorry for the disappointment of the
bound with colored paper, but was myself
under the impression it had gone.
with respects to you

Yrs
W. Thomas

P.S. Will you have the goodness to leave
word with my brother when I shall find
you if I go to Wm. N. within ten days.

The following to be deducted from the
500 copies -

1 ream Colored paper — 8.50

4 quires Waste paper ~~250~~ 1.00

binding 200 copies @ 4 cts * 8.00
\$17.50

If you assent to those deductions you
may draw on me, or I will send the
note as may be most agreeable to
yourself.

WJ

* This is the price the binder told my boy.
I think it much too high - but if the same
they charge in Wm. N. it will please.

Phil. 10th 25 1875
