

JULIUS L. FOUVY,
PAINTER,
37 Thompson Street,
P. O. Box 29.

Stapleton, S. I., Sept. 29th 1898

Mr. Wm. H. Mersereau Architect.

Dear Sir.

In reply of yours of Sept. 23rd I wish to state that my Contract on New Addition was with Mr. A. M. Hunter and not with Mr. A. D. Irving. Why is it that you have passed the work and allowed Mr. Hunter to pay me to the last cent without finding any fault then, I think it rather late for you to make any complaint.

There is three coats of paint more on all Dining Room wood work and new doors alway through the Building, than Specifications calls for. This Bill is for Contract on Old House only, which is the Bill that you have made the reduction on and not on Mr. Hunter's Contract. Bill for work done on New Addition has been paid for long ago.

All I do want now is \$25.00 balance on Contract for Old House which was direct

from Mr A.D. Irving, therefore I will not send Certificate and Bill receipted before I am paid in full.

I would like to know what your idea was in sending Certificate to Mr Irving instead of to me.

As for your bill for Waxe I have never received it. I suppose the bill went like a good many of your letters which you claimed to have sent me which I have never received as yet.

I will pay your bill as soon as you sent me Certificate for balance on Old House, and the Original bill from Butcher Polish Co. Expecting a favorable answer soon, which will avoid good deal of trouble, I remain

Respectfully Yours
Julius L. Fowry.

N.B. Find enclosed bill on Old House Contract.
