My Dear Mrs.

I am happy to learn that
you arrived in health and found
Jelly & the children so, - a little
too much ~~rest~~ in all. and in my
wish for your health and add to
the catalogue of labours which
I already experience, let me therefore
request and advise to be very care-
ful and not to expose yourself to
heat, cold, and the night air.

I continue to experience severe
paroxysms of pain, but otherwise enjoy
as much health as I can reasonably
expect. Your Dear Mother and

dearable sisters are well and I am
true to you & yours

May heaven speedily restore
you to full health, and reward
that filial affection which your
parents experience from you with
tenfold satisfaction, Adieu

My Dear Child
Ever affectionately Yours
J. M. Schuyler
