

Canton January 17. 1835.

Dear Irving,

Suei miteing Lau fa "Layden"

Latching has been here several times for his money
for Latus, which you shipped in the Beta — —
this I should say nothing about, but that he seems
to want the money, & offers me the debt without
interest, if I will pay him at China New Year —
as Cashage is gone, I don't think there is
much chance of your getting it from the House —
Had you not therefore, better let me settle it
on these terms for your account? or if you
prefer having the funds in my hands at liberty
of course I should be willing to pay the Amos.
from my own funds as the debt is subject to
interest at 8% — I trust you that you may
have the opportunity of closing it, if you see fit —

I am Sincerely

Yours friend

A. A. Saw
