

Dear Papa

We Received a letter from you at Albany, last Thursday since when we have not heard from you, Mamma wrote to you on Friday. We had quite a large party yesterday to eat Streuberg's, Miss Wells, Eliza, Ann, and Gardiner, came up Friday and Miss C. Prime, Mr C Prime, Mr Brewster and Mr McIntyre came up Saturday to dinner and Mr and Mrs Prime, Miss Prime, Mrs Wells, Miss Coles and Miss Bradley with some of the scholars from the Academy came up in the afternoon they appeared to enjoy themselves very much, and we spent a very pleasant day, I wished very much you could have been with us. the weather was very

firm and we took a fair to the Mill in the afternoon. They all returned home in the evening except Miss Colby and the children and we have rain to day so they will not go down untill Monday.

You did not say whether Aunt Penelope would return ^{with you} but I hope she will, so Pa try and persuade her to come, the country looks very pleasant now and we all want to see her very much. - We are all very well here except Mama has got the Rheumatism I have nothing particular to inform you about the Farm every thing I believe is going on very well. all here send there love to you with

Yours affectionate Daughter
Joanna

Boston Sunday June 2nd 1833

Dear Papa I went down to Sing Sing Monday with the children I neglected sending this letter to the office before I went and when I returned it was to late so as I had to keep it for the next mail I thought I would open it and write something more. Mama Received a letter

from you last evening and was much surprised to hear that you had not received any from her as she had wrote twice. The weather is very pleasant now, we drank tea yesterday at Mrs. Clingars. The New Orleansy at Sing Sing fell down on Sunday night about 10 O'clock they had finished the stone work on Saturday night and there had been a great many people to see it on Sunday, I think it was very fortunate it did not fall in the day as it might of killed some one. The back wall is entirely down and part of the bridge. It is said it will lose a great deal by it, and will not be able to rebuild it.

Wednesday Morning
