

Dear Sister Nicholas -

I have but one moment
to pen a line - saying
I hope tho' so long in coming

The needle case will not
be unacceptable, and that
it will do the kind office
of reminding you of your
friend M. S. I enclose
also the engravings of
our dear Miss - friends.

if you have not got them
I am sure you will be
pleased to receive them
now - as the likeness is
perfect, our friends are all
in usual health - as to myself
I am trying to be lady by
couching - and ~~staying~~ waiting
upon. But I do not like
the fun, and hope by the
last of the month

To find myself and little
family, happily located
in our own dear dwelling
I hope you are well and
doing well - growing in
grace and useful in
promoting the cause of our
divine Redeemer upon the
earth - while I feel that
I have neither power or
ability to do much, I wish
every one I love to be lay-
ing up for themselves a large
reward, by their own souls
I am afflicted with a craven
fear - be each much of the
time, but my heart is
full of affectionate remem-
berance, and sisterly love
for you and yours. tell
Mr. W. he must go to the far
west - and labour of his
Lord there - your friend

W. Jackson
