

Belleville, March 2^d 1812-

Dear Colonel,

On Saturday I received your letter of January and the National Intelligencer for the first time. I am much obliged to you for subscribing for me. The Editor sends mine enclosed in a cover with Mr. Dyer's (directed to Belleville near Elizabeth-town). It is disagreeable to me to have mine under the same cover with another - Will you enhance the favor already conferred by directing the Editor to send mine single New-Ask New-Leney - Another favor pay for me the subscription money \$5 usually paid in advance. I will reimburse you at New-York on your return. Do not consider the trouble I have given you as a trespass on

With sentiments of regard & respect

James Horthland.
