Mr. H. H. Mersereau.

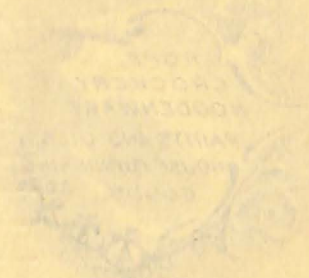

Dear Sir,

Your postal of March 1st received and in reply would say that we received the shower fixture Monday, but did not put it in as we have been looking for the ^{but} every day as it was to be shipped about the 25th Feb. Tomorrow if it does not come to-morrow will start and put in shower Friday A.M.

We have received your letter about the store building but as Mr Curtiss is out of town (until next Tuesday) we could not answer it.

Yours truly
C. H. Curtiss & Co
