Dear Catherine

Voila la situation ! Ena is expected this morning, she has been villa hunting on the Riviera. She only left on Sunday last, and all I know is that she has found a villa and is returning.

I wish you could see the place today ! It is like summer, all golden, like the "fall" at home.

I have before me the cards giving Lake George and Fort Wm Henry hotel, and the "Yama Inn" Napanoch N. Y. which you sent me. How I admire them !

But I must not forget Mont Ena with its terrace and Henri sweeping it up among the flowers. Are you too busy to write now and then ? I fear you are to an old fellow like me. I think I shall go and meet Ena in my little car this side of Grenoble . This may give you some idea of how we are and how much we think of our cousins in America. Before closing this I will see Ena and find out about the villa.

I went in small auto and met Ena near Chambéry. She has taken the Villa St Jean , Cap Ferrat. It is beautifully situated and well suited to our needs.

I hope your book goes on well !

Much love to you both

Dear Catherine

Voila la situation ! Rna is expected this

morning, she has been villa hunting on the Riviera.
She only left on Sunday last, and all I know is that she has
found a villa and is returning.

I wish you could see the place today ! It is

like summer, all golden, like the "fall" at home.

I have before me the guide giving Lake George

and Fort Wm Henry hotel, and the "Yamain" Hagnoch N. Y.

which you sent me. How I admire them !

But I must not forget Mont Rna with its terrace

and Henriette's it up among the flowers.

Are you too busy to write now and then ? I fear you are so

an old fellow like me. I think I shall go and meet

Rna in my little car this side of Grenoble.

This may give you some idea of how we are and how much we

think of our cousins in America.

Before closing this I will see Rna and find out about the villa.

I went in small auto and met Rna near Chancy.

She has taken the Villa St Jean, Gap Ferry.

It is beautifully situated and well suited to our needs.

I hope your book goes on well !

Much love to you both
