FOREWORD

This is the first attempt to publish an annual of this nature in Pike county and probably the first in Ohio.

The purpose of the publication is to place before the people of the county the activities of the schools and more especially the high schools. If this first attempt proves as successful as we hope it will, next year we will publish a second annual, making it larger. We hope at that time to include something from each school in the county.

We desire to express our gratitude to all who in any way contributed toward the success of this publication. The advertisers have made this annual possible. Patronize them.

Piketon Domestic Science--High School and Normal Classes

Items of Interest the Past School Year.

Stockdale, Beaver, Cynthiaana, Piketon and Waverly all had basket ball teams this year.

New high schools were organized at Omega and Idaho.

Cynthiaana erected a large addition to their school building. They hope to have a second grade high school next year.

Boy Scout troops in connection with the schools have been organized at Waverly and Piketon.

The first county oratorical contest was held at Waverly March 2nd. Idaho High School was the winner. Miss Irene Smith was the representative of that school.

Miss Daisy McClay represented Piketon and Mr. George Dougherty, Waverly, in the oratorical contest at South Salem. They both were highly praised by the judges, and the schools were honored by having them as contestants.

The teachers of the county have been meeting each week in an extension course conducted by Dr. Ellis, of Ohio University.

All of the Quarterly Institutes were well attended. They were held at Beaver, Pike-ton and Latham.

Pike county schools won \$206 in prizes at the State Fair last year. They hope to do better this year.

Scioto township was the first district in Pike county to vote for a centralized school. They will erect a building at once. The people of the district are to be congratulated.

There are 7000 volumes in the libraries of the schools of the county.

The lecture course given by the Waverly schools was a success. All of the numbers were well attended and the entertainments were splendid.

The schools of the county have received thorough medical inspection. The inspector was Dr. Wright, assisted by Miss Green.

Misses Margaret Black, Alice Reese, Julia Beauchamp and Mr. Myron Patterson all won free trips to Washington D. C. in the Corn Growing and Domestic Science contest.

Miss Claribell Caldwell and Miss Levisa Patterson were the winners of the Essay Contest. Miss Caldwell won the High School and Miss Patterson the Elementary contest.

Wakefield, Morgantown, Victory, Bethel, Latham and Salt Creek are some of the largest rural schools in the county. Each of the above schools have an enrollment of more than fifty.

Miss Margaret Buell, teacher in the Waverly schools, has been absent all year, due to sickness. She has been missed and we hope to see her at her post next year.

School Notes of Interest

We are proud to note that this is the first county school annual ever issued in the State of Ohio. The success of the undertaking this year means a larger and better annual each year to come.

Pike County has 131 teachers, 109 of whom are normal trained.

The high schools of Pike County will have a total of forty graduates this year.

The first graduate of a high school in Pike County was Miss Romain Safford, in 1880, Waverly High School.

The first superintendent of Waverly schools was Mr. Samuel Bartley, whose original home was at Jasper.

The first school organized in Seal township was in the year 1802 and the first teacher was Shadrick Newingham, it was a subscription school.

John Dokas was the first superintendent of the Piketon schools.

The first school house in the county was erected in Mifflin township, erected of logs in the fall of 1804.
