TO THE GRADUATING CLASS OF 1960:

I wish to express for myself and the entire faculty, our sincere congratulations and best wishes to you, the graduating class of 1960. I am sure you will continue to make us as proud of you as we are at this time.

I sincerely hope each of you will attain the dreams and hopes you have held while a student at Beaver High School. Wherever life's pathway does lead you, may your days be happy and may you remember your school and faculty as they will fondly remember you.

CLASS PROPHECY

I, Shirley Halterman, the beautician expert, in the year 1975 met Kurt E. Williams, the dental supervisor, and his wife at the Technical Institute of Inventions of Cleveland, Ohio to examine the brilliantly new "Zoo Moo" car invented by Daniel Asbury, our former classmate of Beaver High.

After persuading Danny to loan us his valuable automobile a few days, we decided this would be an opportune time to see some of our old classmates.

Early the next morning when Kurt went to the Terminal Tower to secure some important papers he discovered that Ronnie Adrian was Personnel Director and Joyce Hall was his secretary. We knew they would finally get together somehow.

Before leaving we decided to eat breakfast at "Smiley's". Can you guess who the head waitress was? None other than Juanita Detillion. While talking to Juanita she informed us that the head cook was Reva Stone. (Ol Rev always could cook.) While talking to Reva in the stainless steel kitchen the owner ventured into the kitchen. What a surprise! It was Walter "Smiley" Gilliland, our laughing classmate.

Upon leaving the restaurant Kurt picked up a morning newspaper. The headlines read: "Ollie Hopson Caps the National Grand Pix at a Record Breaking Pace with his X 77 Roadster."

Across the street, while entering the car, we noticed the billboard on a huge theater. It read: Roger and Rodney Compton along with their Rock'n Rollers. Also featuring Wayne "Scoogims" Rigsby and his fleas.

We left Cleveland traveling down U.S. Highway No. 20. After passing the Indiana state line a streamlined Jet O car ran into us from a side road. We were rushed to the Angola Hospital where Sandra Davis, the technician in charge, X-rayed us for broken bones, though she found none. We learned from Sandra that Mike (Pus) Spriggs had a prosperous poultry farm on the outskirts of Angola.

After retrieving our repaired auto and learning that Ronnie Ramey, the hot rod expert, had been driver of the car that hit us, we went to the local high school. We found many of our former classmates working there. Richard Cochenour was the agricultural instructor, Ronnie Borden was the head coach, Phil Boyd elementary school principal, and the former Vesta Mae

Stutler is the nursery school teacher. We did not get to see Vesta, but Phil informed us that she had adorable twins. And that Dale Trainer was also doing very well as the only good veterinary in town.

After learning that a number of our friends lived near St. Louis, we made that our next destination. Upon arriving there, we went to the Delux Steak House. While eating we spotted a familiar figure behind the liquor bar; it was James Patrick Overly, the old pool shark of yesteryears. He told us that Clyde Maynard and Tracy Spires were co-owners of a large farm ranch 27 miles from the city. After Pat left our table, we saw Alderson Caudill and Frankie Stapleton having lunch together. We understand they are president and vice president respectively of Electronics Incorporated.

Upon leaving the Steak House, we went to a drugstore to get some toothpaste and we noticed that Joe Hanna was the head pharmacist. Joe told us that Linda Givens was on her way to stardom since becoming a Powers Model. Paul Cochenour is her portrait artist.

The next phase of our trip took us all the way to Little Rock, Arkansas. While stopping at the airport, we found Vernon Remy, an expert on jet engines, working as chief mechanic. We stopped at the airport diner for a snack; there we met Ruth Ann and Buddy Little, the owners of their huge ranch that Dick Brown operates near Joplin, Missouri.

From Little Rock we started our most exciting segment of the venture, back to Beaver, Ohio. Soon as we arrived we learned that Sue Bobst was an IBM Specialist at the Goodyear Atomic Corporation at Piketon, Ohio. Strolling down these old familiar streets we came upon a sign in front of one of the new buildings in town. It read: Karen Fields, Attorney at Law. We learned thereafter that Kay was defending Little's Restaurant against the state, her most important case. We also learned that Judy Schilling was in the Pike County Hospital about to (you guessed it) have her ninth child.

Since we have completed our most rewarding adventure we must now start our return trip to Cleveland to begin our own daily life again. Maybe someday we shall be able to enjoy this once more, that is, if Danny could invent another one of his remarkable gimicks.

COACH

MR. GENE BRUSHART

I will always remember this team as the hardest working team that I have ever coached. The desire and wonderful attitude that you boys have displayed this year, I'm sure, will be a tremendous asset to you many years after you are out of school.

I would like to say that it has been both an honor and privilege to have worked with you. Good luck to you in your future endeavors.

THE BEAVER P.T.A.

BETTY HOWARD - Treasurer
DARLENE FOUT - Secretary
RICHARD RAPP - President
IVORY ROSE - Vice President

To the Graduating Seniors:

As president of the P. T. A., it is certainly an honor to be asked to extend our congratulations for your accomplishments thus far in life.

Until the present time you have had the wonderful counseling of your parents and teachers. To the best of their ability, they have given you the advice that you will need to be a success in life. Your parents and your teachers are good sources of information but, remember, you will not always be in their presence. Use what you have been taught.

No matter how severe these lessons may have seemed, they were good for you as you will see in the future. Let your goal come from that which you believe.

We hope you will put your education to work. Be honest with yourselves at all times. YOUR decisions will determine YOUR destiny.

Sincerely yours,
Richard D. Rapp
P. T. A. President

The 1960 BEAVER ANNUAL STAFF

AND SO GOODBYE

At last the end of our school days fades away . . . Our four years of study . . . cherished friendships . . . schoolwork and school activities have slowly faded away . . . A new life lies ahead . . . fame and fortune for some, disappointment and heartache for others . . . each one out to seek success . . . As we approach the future we shall always remember our class motto, "It matters not what we are thought to be, but what we are."

AND SO GOODBYE

CLASS OF 1960
