ACKNOWLEDGMENT

We wish to acknowledge the fine spirit of co-operation by the organization members and the community at large including the merchants and business firms, without which this book could not have been possible.

LITHO IN U.S.A.

-A- STRONGSVILLE, OHIO

ABOUT STRONGSVILLE

Strongsville, Ohio, is located about 20 miles south of Cleveland and is considered one of it's largest suburbs. We are known as "The Crossroads of the Nation" because we have the Ohio Turnpike going east and west, and the new Interstate 71 going north and south through our town.

Besides these two major highways we also have our own Strongsville Air Park and a railroad going through our city. With all these forms of transportation we have much to offer industry. Even now we are starting to grow with an area of land set aside for industry. The majority of our city has water lines and sanitary sewers installed.

Growing along with industry is our population. We have an estimated 13,500 for the year 1967. Strongsville has a new apartment building and many new homes being built for prospective residents in our community.

Strongsville's history goes back to 1816 when John Stoughton Strong settled in this area and started a community. The year 1916 brought Strongsville it's centennial which was celebrated by members of the town. For three days festivities gathered friends and relations into our active community.

In 1927, this community became a village complete with mayor and council. In 1961, because of our population increase Strongsville automatically became a city.

The year 1966 began our city's 150th birthday and a sesquicentennial year was planned and organized. Each club and organization in Strongsville planned some event that the residents of our community could partake in. It was a most exciting year for all, young and old alike.

Any new resident in Strongsville is sure to find the church of his denomination.

The first church established was The First Congregational Church of Strongsville, in 1817. In 1957, the Congregational Church united with the Evangelical-Reformed Church of Christ, and became known as the United Church of Christ.

The second church built in Strongsville was the Methodist Church, in 1819. When Strongsville became a city it was apparent that a larger sanctuary was necessary and in 1962 a new church was started.

St. Joseph's Catholic Church of Strongsville was established in 1946 under the supervision of Rev. Father Joseph McGraw. In 1950, a small school was built and the children were taught by the Sisters of St. Joseph's. While a new church was under construction in 1965 a tornado hit Strongsville and damaged St. Joseph's original church and school. Temporary services were held in the Strongsville Senior High School.

In 1965, Bishop Clarence Issenmann dedicated the new thoroughly modern church and since then classrooms and a social hall have been added.

Missionary Church services were first held in the Town Hall in 1950. Property was purchased on Shurmer Road in 1952 and in 1960 the new sanctuary was completed.

Strongsville also has a Lutheran Church. The first services were conducted in the Senior High School in 1956. In 1962, the First Evangelical Lutheran Church held their first services in their new sanctuary on Royalton Road.

The First Baptist Church of Strongsville was organized in 1957, and held meetings in the Town Hall. The members now hold their services at Edna Surrarrer School.

St. John Evangelical Lutheran Church was originally started in Berea, Ohio, in 1890. In 1960, their new sanctuary was dedicated on the corner of Prospect and Fair Roads.

Rev. A. L. Bingham started the first services of the Strongsville Baptist Chapel at Helen Muraski School in 1965. Sunday services are still held at the school but there are meetings held during the week at members homes also.

SCHOOLS

When we think about schools we have really come a long way. From the first log cabin to the nine schools there are today. If you look at the map in this directory you can see just where the schools are located. Strongsville has their own bus system operated by the Board of Education.

Our newest school is S. R. Zellers Elementary, which is located on Cook Avenue, and has a tentative opening date of January, 1968.

STRONGSVILLE'S TORNADO

One event our town will not forget is the tornado that hit April 11, 1965, on a Palm Sunday evening. It did extensive damage

to many houses and St. Joseph's Church and school. Two persons were killed and many more were hurt. Along with the Red Cross, many people volunteered to help with whatever they could.

Since our city is growing by leaps and bounds, our churches, schools, clubs, and organizations also growing in membership, a need for a civic directory was seen. Therefore, the Strongsville Jaycees Wives decided to bring the most up-to-date information to the public with the civic directory contained herein.

In conclusion, we hope that all who look through this directory find in it what they were looking for.

THE STRONGSVILLE JAYCEE WIVES

(Picture of log cabin on front cover contributed by Mr. & Mrs. Howard Chapman.)

LEARN TO FLY WITH US
AT
STRONGSVILLE AIRPORT

Serving CLEVELAND and all Northern Ohio.
FAA APPROVED FLIGHT SCHOOL
PILOT GROUND SCHOOL

STRONGSVILLE AIRPORT has been serving the needs of student, private and business flying activities since 1951.
With complete training facilities including 2 hard surface, lighted runways, we offer flight training in Cessna aircraft at an economical cost.

You can learn to fly an airplane as easily as you can drive your car. Flying not only gives personal satisfaction, but it offers a fast and economical means of transportation.
