

<b>AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT</b>				1. CONTRACT ID CODE		PAGE OF PAGES 1   7	
2. AMENDMENT/MODIFICATION NO. 0003		3. EFFECTIVE DATE See Blk 16C		4. REQUISITION/PURCHASE REQ. NO.		5. PROJECT NO. (If applicable)	
6. ISSUED BY Commander, Pacific Division (Code 021) Naval Facilities Engineering Command Bldg. 258, Makalapa Drive Pearl Harbor, HI 96860-7300		CODE C2742		7. ADMINISTERED BY (If other than Item 6)		CODE	
8. NAME AND ADDRESS OF CONTRACTOR (No., street, county, State and ZIP code)				(X)		9A. AMENDMENT OF SOLICITATION NO. N62742-95-R-1369	
				X		9B. DATED (SEE ITEM 11) 13 December 1996	
						10A. MODIFICATION OF CONTRACT/ORDER NO.	
						10B. DATED (SEE ITEM 13)	
CODE		FACILITY CODE					
11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS							
<input checked="" type="checkbox"/> The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers <input type="checkbox"/> is extended, <input checked="" type="checkbox"/> is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning (1) copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.							
12. ACCOUNTING AND APPROPRIATION DATA (If required)							
13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.							
(X) A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.							
B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO AUTHORITY OF FAR 43.103(b).							
C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:							
D. OTHER (Specify type of modification and authority)							
<b>E. IMPORTANT:</b> Contractor <input type="checkbox"/> is not, <input type="checkbox"/> is required to sign this document and return _____ copies to the issuing office.							
14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)							
UNEXPLODED ORDNANCE (UXO) CLEARANCE PROJECT, KAHOLAWE ISLAND RESERVE, HAWAII							
The purpose of this amendment is to (1) establish a due date for submission of questions, (2) incorporate the Pre-Proposal Conference Sign-in Sheet, (3) make an administrative change to Standard Form 30, and (4) incorporate Site Visit Questions and Answers.							
(continued)							
Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.							
15A. NAME AND TITLE OF SIGNER (Type or print)				15A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print)

Encl: (1) Pre-Proposal Conference Sign-In Sheet

- A. The due date for submission of questions regarding this solicitation is established at 3:00 p.m. on 14 February 1997. The RFP is amended as follows:

Section L, Paragraph L14, Page L-7, replace the facsimile no. "(808) 474-4551" with facsimile no. "(808) 474-1104".

- B. Enclosure (1) includes the names of individuals, names of companies, and the telephone numbers of who attended the Pre-Proposal Conference held on 31 January 1997, and is incorporated into this solicitation.
- C. On the Standard Form 30 entitled "Amendment of Solicitation/Modification of Contract" dated 24 January 1997, under Block 2 entitled "Amendment/Modification No.", replace the amendment number "0001" with "0002".
- D. The verbal questions and answers which transpired as a result of the Site Visit to the Kaho'olawe Island Reserve on 28, 29 and 30 January 1997, are incorporated into this solicitation as follows:

**GENERAL QUESTIONS:**

1. **Question:** Where should an employment notification for archaeological services be sent or posted?

**Answer:** Suggest you contact the Society for Hawaiian Archaeology and the State Historic Preservation Division of the Department of Land and Natural Resources.

2. **Question:** Where can I find more materials about Kaho'olawe in general?

**Answer:** The State of Hawaii archives, State of Hawaii libraries and the University of Hawaii Library.

3. **Question:** How many acres were addressed in the Model Cleanup? How many personnel were on the project and how long did it take?

**Answer:** 240 acres were cleared in the Model Cleanup. Priorities of the Model Cleanup differ from the priorities of this project and comparing one with the other would be misleading as to personnel, cost and time. The delivery order for the Model Cleanup was issued in June of 1995 and ended in January of 1996.

4. **Question:** When was the last goat removed from the island?

**Answer:** 1993.

5. **Question:** Where is the Open Burn/Open Detonation (OB/OD) located?

**Answer:** The location is identified on Map TR-1 of the Sample Project (Attachment JL.2 of the RFP).

**BASE CAMP QUESTIONS:**

1. **Question:** Are there any archaeological sites in the Landing Zone (LZ) area?

**Answer:** There are archaeological sites in the vicinity of the base camp, including the LZ. These sites are indicated on the map provided in the Request for Proposal (RFP) and in the reference documents cited in the RFP. **For the Sample Project, the historic properties to be addressed are redefined in Amendment No. 0001.**

2. **Question:** Has the beach landing craft area been subsurface swept?

**Answer:** Yes. During the Model Cleanup, the beach landing craft area was subsurface swept.

3. **Question (follow-on):** Is it safe to drop anchor?

**Answer:** No.

4. **Question:** What is the size of the salt water intake pump that runs beneath the lanai of the Construction Battalion (CB) hut?

**Answer:** 2 inches centrifugal.

5. **Question:** How long have the bladders been in use?

**Answer:** Since December 1995.

6. **Question:** Where was the communication equipment obtained?

**Answer:** Harmer Communications, Inc. in Maui.

7. **Question:** How many people can be housed in Bldg. 5, the Explosive Ordnance Disposal (EOD) Hut?

**Answer:** Approximately 10 people.

8. **Question:** Which equipment is owned by Worldwide Services, Inc. (WSI)?

**Answer:** WSI owns the humvees and leases the orange skytrack forklift.

9. **Question:** Which equipment is Government-Furnished Equipment (GFE)?

**Answer:** Refer to Section J, Attachment JC-10, of the RFP.

10. **Question:** When do the mice start to appear in the base camp?

**Answer:** Late summer.

11. **Question:** Are there any communication cables that run from the LZ to the base camp?

**Answer:** No.

12. **Question:** Do cellular phones work at the base camp?

**Answer:** They work in various areas of the island. Those areas not in the direct line of sight of Maui may be unreliable.

13. **Question:** Are Contractors allowed to tear the buildings down?

**Answer:** If proposed, it will be considered by the Government and will be discussed with the Kaho'olawe Island Reserve Commission (KIRC).

14. **Question:** Was a flow test performed on the leach field for the Reverse Osmosis (RO) unit?

**Answer:** No. A flow test was not performed, however a percolation test was performed during the Model Cleanup.

15. **Question:** What is the completion date of the WSI Contract?

**Answer:** The current contract ends on 30 September 1997.

16. **Question:** How does the communication cable run from the old demolition range tower off of Rocky Road?

**Answer:** It starts from the old demolition tower which is west of the base camp, at grade, is buried as it crosses Rocky Road, then runs up the telephone pole at the CM Shop (Bldg. 30), and runs overhead to the buildings.

17. **Question:** Is three-phased power used?

**Answer:** Yes.

18. **Question:** Have the water tanks near the shower trailer ever been used?

**Answer:** The white and gray water tanks are currently in use. The black water tank, installed during the Model Cleanup, has never been used.

19. **Question:** Was the area under the water at Honokanai'a beach cleared?

**Answer:** No. The area under the water at the Honokanai'a beach landing from the ocean to the high water line has not been cleared of UXO.

20. **Question:** Was soil brought to elevate the LZ at the base camp?

**Answer:** We do not believe soil was brought in, however, there is no documentation to support this.

21. **Question:** Are the generators the only source of power at the base camp?

**Answer:** No. Solar power is used in the composting toilets to provide power for the night lights (which is activated by a motion detector and a photocell) and the exhaust fans.

**LUA MAKIKA QUESTIONS:**

1. **Question:** When was the last time the K1 Road was graded near the Seeder Shed?

**Answer:** We are uncertain, however, we believe that the road was last extensively graded in 1985-1986. We also believe that part of the K1 Road near the base camp was last worked on in 1992-1993.

2. **Question:** How far is Lua Makika from the base camp? How long does it take to drive that distance?

**Answer:** It is approximately 9.5 miles from the base camp to Lua Makika and takes approximately 1 hour and 15 minutes to drive by jeeps.

3. **Question:** Is Site 633 included in the Sample Project?

**Answer:** No, see Amendment No. 0001.

4. **Question:** How long did the irrigation at the NIFTOL plantings work and when did the Navy stop irrigating?

**Answer:** The irrigation system failed shortly after installation. Water transportation to the site ceased in early 1994.

5. **Question:** Could the wili wili trees be used for replanting?

**Answer:** If proposed, it will be considered by the Government and will be discussed with the KIRC.

6. **Question:** Can archaeological materials located on the hardpan be removed then replaced to protect them from certain types of clearance activities?

**Answer:** The Contractor shall consider and address this action in the Historic Preservation Research Design, Section C, Paragraph 5.4.1 of the RFP.
