

HEROES OF AMERICAN HISTORY

HE LINKED TWO OCEANS

GEN. GEO. W. GOETHALS

Goethals, the son of an ancient Holland family, was born in Brooklyn, N. Y. While going to college, he worked after hours as an errand boy to earn his expenses. He finally entered West Point and became an army engineer.

As head of the Canal Zone, Goethals proved that he was a great leader as well as a great engineer. Handling a force of 29,000 men, he cut through mountains and jungles to build the Panama Canal and join together the Atlantic and Pacific Oceans!

While the Panama Canal is the popular monument to his genius, Goethals' name is connected with many other engineering exploits of our time. He built the Muscle Shoals canal and was consulted on the Fort Lee Bridge and Holland Tunnel projects. During the war, Goethals held the position of Acting Quartermaster General for the United States armies.

HISTORIC BELL

In the lobby of the Wythe county court house at Wytheville, Va., is a mammoth bell that was presented to the county by General Alexander Smythe.

This historic bell was taken from a British ship that was captured near Fort Erie by General Smythe and his troop of American soldiers in the War of 1812. When he returned to his home in Wytheville he gave it to the county to be used as the court house bell.

The bell is one of the many interesting historic objects being preserved in the court house. It bears the following inscription:

"De Welfahrt van Het Schip. De 1. Iffrauw. Elizabeth. Voor de Heeren. Casper, Voice & Compagnie. Captain Daniel Joachim Rahlap. Anno 1781. Me-loh: iven-in Hamburg."

Interpretation: The welfare of the ship the Lady Elizabeth for the Sirs Casper, Voice & Co. Captain Daniel Joachim Rahlap. Anno 1781. 'Me' loh' iven' in Hamburg.

THE BRIDEGROOM KNEW HER VALUE

A wedding in Owen county we remember:

The ceremony was over, and the groom asked the minister what the charge would be.

"Just whatever she's worth to you," the minister replied, realizing as he glanced at the giggly girl there wasn't going to be much coming if the groom took him literally.

The groom pulled out a 50-cent piece, extended it, and then put it back in his pocket. He came up with a quarter, and then didn't wait for his change.—Richmond Register.

POOR DISPOSITION OF CHILD DUE TO DIET

A poor disposition in a child may indicate improper diet. As a rule, a healthy child receiving an abundance of good fresh food grows normally and is well-developed, happy and contented. Spring, sunshine and outdoor play often helps to correct wrong living practices.

HAIRPINS PERFUMED

Perfumed hairpins are the beauty industry's latest contribution to feminine perfection. Made like regular hairpins, these little novelties are covered with a felt-like fabric which retains the perfume odor for several days. When it finally disappears, simply moisten the felt with your own favorite scent.

Not what happens to us, but what we do with what happened to us, determines our character, our progress, and our destiny.—The Estorierist.

Civic Loyalty Campaign

Will Open Here April 10

Starting on Friday, April 10th Civics Messages will be displayed in most (if not all) Harrodsburg store windows to convey in fundamentally sound and logical terms, the advisability of the home public and the entire Harrodsburg population spending their dollars here.

The Mercer County Chamber of Commerce which has endorsed and is sponsoring this program, feels that this movement is a worthy one, since it is dignified and educational and does not in any way dictate to the public what it should or should not do, but rather conveys the logic in doing such things as supporting our local merchants, which automatically reacts to the benefit of our town's welfare.

This newspaper, which has also advocated civic loyalty—at all times, is in sympathy with the campaign and will therefore co-operate to the fullest, in the form of display ads during the three months of these weekly messages and will from time to time comment editorially.

It is hoped by all those who believe in the welfare of Harrodsburg that for the next twelve weeks, everyone will read and absorb the thoughts which are an integral part of this campaign, to the extent that they will see the wisdom of doing more of their trading in our local stores, which in turn will make Harrodsburg a better place in which to live. See next week's Herald for further information on this subject.

WOMAN'S TEMPERAMENT REVEALED BY HER FEET

To gauge a lady's temperament, Andre Perugia, of Paris, advised, look at her feet.

The shoe designer, who lists royalty among his clients, gave these pointers:

"A woman who is envious and down-at-the-mouth—she generally has a bunion.

"A woman who walks pigeon-toed is dull, even stupid.

"A woman who is fearful, unsuccessful, walks a la Charlie Chaplin, toes turned out.

"A woman who is timid and self-conscious places her feet close together when seated.

"A woman who has a nervous temperament lacks rhythm in her walk."

JURORS WOULDN'T INDICT THEMSELVES

The Shelby Sentinel relates that after Circuit Judge Marshall had instructed the Shelby county grand jury in no uncertain words to indict the owners of unlicensed dogs one of the jurors excused himself from the grand jury room for a few minutes. Report had it that he had gone to the sheriff's office and taken out a license for "Old Ring," whispering to a friend, as he did so, "he'd be durned if he was going to indict himself." The same thing is reported to have occurred with a Woodford county grand jury a few years ago, only it was said to be two jurors here, instead of one, were opposed to indicting themselves about their own dogs.—Woodford Sun.

NIGHTS AND SUNDAYS

Are BARGAIN TIMES on "LONG DISTANCE" CALLS

Now the low rates in operation for long distance telephoning after 7 P. M. apply all day Sunday. This extension of night rates to all day Sunday includes both Station-to-Station and Person-to-Person calls to most points.

And now, too, new low rates apply on Person-to-Person calls every night of the week after seven o'clock to those points where the day Person-to-Person rate is more than 50 cents.

When you telephone out of town and will talk to anyone at the number called—that is a Station-to-Station call. But if you must talk to only one particular person, whose name you give to the operator—that is a Person-to-Person call. Full information on these classes of service, and rates to many cities, will be found in the front pages of your directory.

Remember, Nights and Sundays are bargain times for your long distance calls.
