FOREWORD

We are vagabonds, all, adventuring on the sea of life, ever seeking the new and unknown, desiring adventure and happiness. Far ahead across the waves we catch a glimpse of our destination. Always it lies just out of our reach, but it is the heart of youth to go forward. As we sail away, we leave to you this little book to help you remember that we have lived and laughed among you, and that you have made us keep our dreams.

DEDICATED

To her who through her unfailing confidence and aid we have
sailed through this senior year and steady and staunch
have dropped our anchor, we loyally dedicate
this annual to our captain and friend,
Miss Esther Christman

LOG OF THE GOOD SHIP "HARRODIAN"

The Class of 1936 sailed out from the harbor of Junior High in full sail. Engulfed at first by the waves of work and stricter grading, we soon found that all we needed to be rescued was to listen to the advice of the teachers who were truly life savers. Many new sailors from other ports joined our crew into one. The whole crew numbered 50 girls and 27 boys. A few perished, never to come to the surface while our ship was in sight of them, but some were brought back to life after almost succumbing.

As sophomores the sea proved a little calmer, now that we were accustomed to H. H. S. and had at least one class below us. Miss VanArsdall and Mr. McGuire were our captains this year and guided us well. The rocks of discipline that had worried us so much the year before had diminished somewhat since we had grown accustomed to them. W. S.'s voyage to Frankfort to the State Latin Tournament brought honor to our class. In May we went on an unforgetable swimming party at Lane's Camp, coming back by the way of Brooklyn Bridge.

Our junior year was such a happy successful one that it seemed as if we were nearing a lighthouse. If not seniors quite yet, at least we were known as upper classmen and that fact added much to our dignity. Miss Christman and Mr. Davis piloted us through one storm after another. To make money for the annual we gave a successful comedy in the fall under the direction of Mrs. Williams. In December we had a riotous kid party followed by a minstrel later in the spring. The proceeds were used for a dinner dance in honor of the seniors. After grudgerly passing the whirlpools of geometry and other such bogies in the junior curriculum we thought we deserved the terrible importance we felt when taking part in Class Night Activities and ushering at Baccalaureate and the Graduation Exercises.

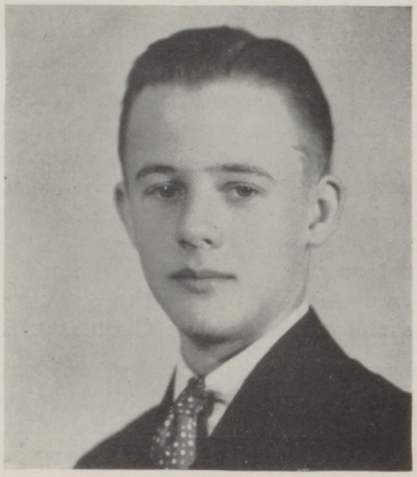

Our destinies seemed practically at hand when, sailing in the sunlight, we started the new year and experienced the thrill of being called seniors. We had the good fortune to keep the same pilots of last year and both boys and girls sailed together in the same home room. Although this arrangement was noisier it was much more convenient in regard to class meetings and other activities. Not many weeks passed before we elected our class officers with Lisle Bohon, president; Harry Gordon, vice president; Lois Sullivan, secretary; and Vincint Martin, treasurer. About sixty per cent of our crew joined the Athletic Association this year. When a call came for those going out for basketball an unusually large number responded. Soon after Christmas holidays we sent out an S. O. S. to business firms of the town, soliciting advertisements for the Harrodian. In the midst of our storm of editing the annual we anchored long enough to present our senior play, "A Modern School for Scandal." Going ashore for a reception where a crew of juniors had docked, we were very merrily entertained. After returning aboard and consulting our charts we realized that port was not far off. All the sailors agreed that the voyage at the end seemed much shorter than it had seemed four years ago. As the harbor grew near, we planned for a long voyage of life in separate ships alone, but we all asserted that no other cruise—wherever it might lead us—would be enjoyed as greatly as the one at Harrodsburg High School from 1932-1936.

SENIOR KNOTS OF THE YEAR 1935-1936

Sept. 9 We are really the Seniors of Harrodsburg High School! This business of getting registered is a slow one.

Sept. 10 We have two post graduates with us, Dorothy Hanna and H. C. Sorrell.

Sept. 11 At last we are all registered! Half of us grumbling about the schedule with the other half fairly satisfied.

Sept. 12 Everybody's having a time finding out where they are supposed to go.

Sept. 13 Judging by the two new teachers, (Miss Derickson and Mr. DeMoisey) studyhalls they are both going to be successful to H. H. S.

Sept. 18 Books are the main topic of the day—to buy second-hand or new, that is the question.

Sept. 20 It is still hot enough to go swimming. Half day schedule also.

Sept. 26 Worthy citizens of our town have purchased H. A. A. memberships amounting to $45.00.

Sept. 27 First game of the season and we won! Too bad for Perryville. Score 19-0. Seniors starred.

Oct. 7 Speed tests seem to be the style in Arithmetic. Pretty tough on some of us.

Oct. 9 Girls Reserve hike out to Margaret Daugherty's for a wiener roast. Good time had by all.

Oct. 10 Played Stanford there today but worse luck—they beat us!

Oct. 17 Six weeks test—some on schedule and some off. Maybe some day we'll have enough sense not to cram.

Oct. 18 Pencil sale starts—blue with white letters on them.

Nov. 1 Versailles got the best of us, 26-6.

Nov. 3 Nobody is talking about anything but the election tomorrow for governor. Friendships nearly broken up and ridiculous bets made.

Nov. 5 Class gave a party at Lane's Camp tonight. Milburn's orchestra played.

Nov. 8 The last home game—with Burgin our victim.

Nov. 11 Rumors are around that we may have a school paper.

Nov. 15 A one-act play "The Valiant" given in chapel today. Too sad for some of the girls sniffled out loud.

Nov. 26 Tests again! About the time we get our reports it's time to get them again.

Nov. 27 Dismissed until Monday for Thanksgiving holidays.

Dec. 2 Everybody grouchy as possible. No wonder with too much turkey and rain.

Dec. 10 Some of our boys fortunate enough to see inauguration. Films on citrus fruits, soap, etc. shown—better than classes.

Dec. 18 Christmas seems practically here! Miss Armstrong read us "The Other Wise Man."

Dec. 19 Two plays: "Dust of the Road" (Seniors) and "The Xmas Chime" (Soph.) were given after school. Big success.

Dec. 20 No classes to speak of. Enjoyable Glee Club program and then presents exchanged in home room.

Jan. 6 Same old school. Teachers reminding us we had better buckle down to work if we expect to graduate.

Jan. 7 Mr. Powell starting off the new year right by changing all the seats.

Jan. 10 Coldest weather this town has seen in many a year. All sorts of reports as to whether it was 10 or 20 below.

Jan. 16 Debated Mount Sterling tonight with Father Myers as critic. No decision.

Jan. 23 School bus didn't quite make it so tests have been postponed.

Jan. 27 We are just drifting along waiting for exams and the bus.

Feb. 3 Tests at last and slightly warmer.

Feb. 4 Some English students went to see "Hamlet" in Danville at the high school

Feb. 10 Had our pictures taken for the annual and Eleanor broke the camera, believe it or not.

Feb. 11 Annual staff chosen Mary Elizabeth May, Editor in Chief.

Feb. 14 County Tournament. Burgin won.

Mar. 2 Both Hi-Y's and Girl Reserves getting a lot out of Bible Study conducted by Rev. Tomlin and of course Mrs. Dedman.

Mar. 20 We presented "Modern School for Scandal."

Mar. 28 W. S., Mary Clarence, Sarah and Eddie Robertson brought home honors from Springfield.

Apr. 1 Kid day! A lot of snapshots taken of the "senior kids."

May 5 Girl Reserves Banquet for mothers and daughters.

May 31 Baccalaureate Service is over. Bishop Abbot delivered the sermon.

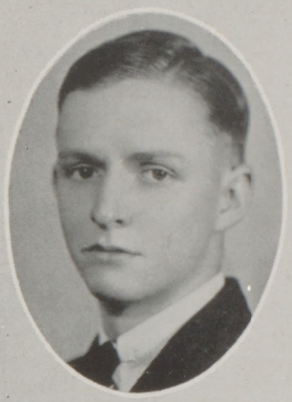

June 2 Junior-Senior Reception.

June 4 Class Day.

June 5 Commencement.

FAREWELL TO OUR SCHOOL DAYS

Moderato

Words and Music by MARY CLARENCE CHELF

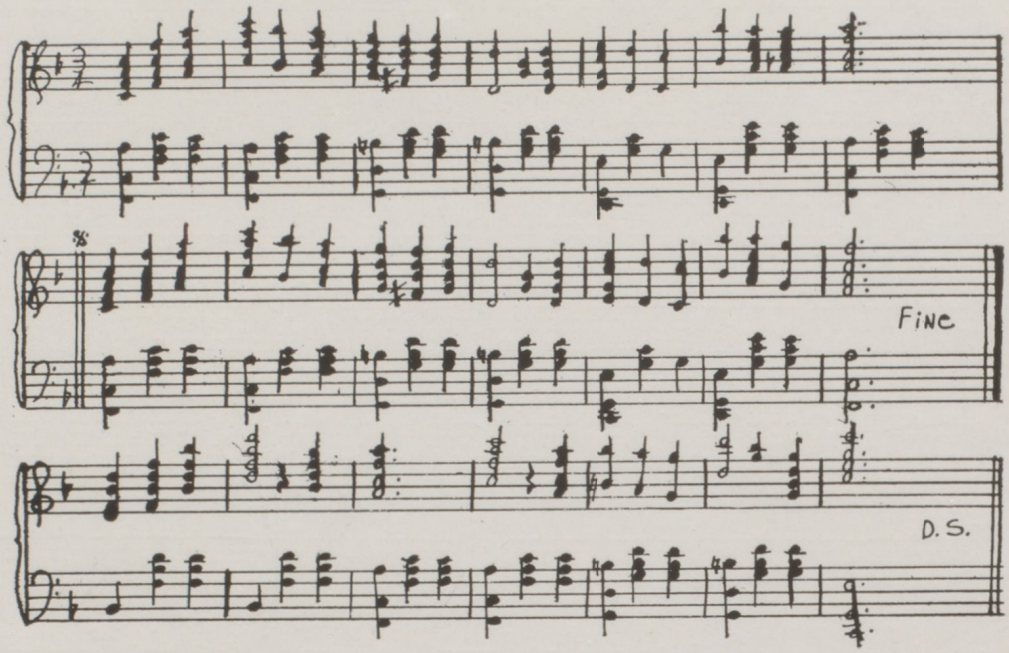

We bid farewell to our school days and are leaving with regret
All the years we've spent together mid the scenes we can't forget
As we journey life's pathway still our thot's will oft return
To the happy days remembered here with you.

Our hearts are saddened and our eyes grow dim with tears
Memories of our class mates will last through out the years.
Tho' land and sea divide us and wherever we may roam
Our guiding star will always be our High School back home.

THE CLASS OF THIRTY-SIX

Words and Music by Jane Coleman

We are the Class of Thirty-Six
Together we'll always stand
We do not know what the future may hold
We'll be ready for what e'er's at hand.
Now that our work is over
We hate to say goodbye
But one thing we'll do what ever is right
To attain our ideals we'll try.

A smile for the future a tear for the past
We are leaving our High School at last
Out into the world with its challenge so grim
Our aim is to work and to win.
Memories left behind here
Will linger thru all the years
In guiding us on to the goal we have set
And attain our ideals with Success.

JUNIOR CLASS

JUNIOR CLASS HISTORY

After traveling for eight years on a narrow, well worn path which represented the elementary school, having reached high school in September, 1933, we felt that we were starting on a great highway. The first sign-post which caught our eye was, "Four Years to Graduation." This seemed a long way off to us then; but, as we knew that this was our destination, we decided to travel on.

We organized our class early in the year and elected as our officers: president, Henry Chilton; vice president, Eddie Robertson; secretary, Edna Hatchell, and treasurer, Vivian Horn. In the fall, our class was represented on the football squad and some of our boys came out for basketball. Everyone worked very hard, and we ended our first year with a picnic at Lane's Swimming Pool.

As we traveled along, we came to many by-roads and turnpikes—some which lead to marriage, some to jobs, and some to other schools. When we came back ready for our second year, we found that a few had turned off at these by-roads and that our number was slightly decreased; but the remaining ones plodded steadily forward. Our officers this year were: Bobby Ensminger, president; George Handy Ensminger, vice president; and H. J. Harris, secretary and treasurer. Several of our boys had honors bestowed upon them in football and also basketball. Our year was brightened by a hallowe'en party in the fall and a picnic to the Nicholasville Swimming Pool in the spring.

As we came back for our third year of high school, we fully felt our importance. We realized that we were no longer "underclassmen," but that we were now dignified juniors. We elected for our president, Mary Agnes Penney; vice president, David Bisset; secretary, Jane Royalty, and treasurer, Eddie Robertson. Our class was well represented in football and in basketball again this year.

Graduation seems closer and more real to us than it did two years ago; and, as we end this junior year, we know that our goal has not been reached and that we do not intend to give up, but that this year is just another bend in the road.

SOPHOMORE CLASS

SOPHOMORE CLASS HISTORY

When we entered the school building on September 9, 1935, we felt somewhat more sophisticated than we did in September, 1934. What a difference one year made in our attitude! Then—Harrodsburg High School was just a high school to us, but now it is a high school which we love.

Last year we were so "fresh" in experience that we didn't officially elect class officers; however, after much hair-pulling among the girls and scuffling among the boys, officers were chosen in both home rooms. The referees of the fight, Miss Sorrell and Mr. Edwards, called time out before anyone was injured.

Our first social event of the year was a Hallowe'en party in the gymnasium. We had an equally enjoyable time on our class picnic at the close of school. Our freshman year, though by no means perfect, was successful. We were represented in a number of the activities of the school, and when school closed in June, we felt that our tenderfoot days were over, and that we were capable of assuming sophomore responsibilities.

September of our sophomore year found us back at H. H. S. We had lost a few members of our class, but their places were filled by students from other schools. Under the supervision of our new home room teachers, Miss VanArsdall and Mr. Durham, we elected the following officers: H. C. Johnson, president; Deedie Allen, vice president; Billy Horn, secretary, and Stanley Houchins, treasurer. This year we are particularly active in school organizations. In athletic affairs the sophomores are "right there." James Best, Samuel Teater, Russell Curtsinger, and James Claunch earned letters in football. Jack Reed and Stanley Houchins earned equal rewards in basketball. Two other members of our class, Bernard Cloyd and J. P. Hatchett, were the manager and assistant manager of both football and basketball teams.

Although the girls could not actively participate in athletics, they have loyally showed their school spirit. At the football and basketball games they sold coca colas and gave the profit to the Athletic Association.

Though we have been here only two years, we have made our mark, and now, with all due apologies to the other classes, we wish to announce that the Sophomore Class is the best in the school.

At the end of our sophomore year we are still forging ahead with this goal in mind—to become juniors, seniors and finally to graduate with honors.

FRESHMAN

FRESHMEN CLASS

FRESHMEN CLASS HISTORY

In September, 1935, we came to high school, tender little "freshies" almost afraid to move, for we seemed to know nothing. We heard many mysterious "things" whispered about what happened to freshmen. Before many days had passed some of these "things" we endured. We were like most freshmen—green, but we were willing; and even before the first semester ended many of us had come to the front and were taking part in school activities.

At the first meeting, the election of officers was held amid tumultuous uproar. The class chose Charles Wade, president; Bush Peavler, vice president; Sterling Bugg, treasurer, and James Adams, secretary. At Coach Cherry's first call for football candidates, six freshmen reported. Bobby Foster, George Sadler, and George Edwards made letters. In basketball George Sadler and George Edwards made letters. Members of other organizations have come from our class. We are represented in the Girl Reserves Club, Hi-Y Club, H. Club and Tennis Club.

At the end of the first semester a few of our number withdrew. Although we decreased slightly in number, certainly we increased in wisdom. Now at the end of our freshman year, we feel that we are a part of the Harrodsburg High School. We are looking forward to 1938-'39. We wish to make a record that we shall be proud to own. It is our hope that from the inspiration of the upper classmen and the teachers there will grow up a spirit in our lives that will give us a bigger and broader outlook on life.

WINGED SHIP OF MINE

By Aimee Hines

Down around the quay they lie, Senior ships that sail to sea
On shore those happy people wait and play their time that's free
But soon their ships will sail away with winds that never tire
And there's one that will be sailing to the Port of Heart's Desire.

To the Port of Heart's Desire, and it's, oh, that port for me,
H. H. S. we love best of all those ships that sail the sea;
Its hold is filled with memories, its prow it points away,
To the Port of Heart's Desire, where we stayed awhile at play.

Ships that sailed for gold there be, and ships that sailed for fame,
And some were filled with jewels bright when into port they came.
But give me still yon white sail in the sunset's mystic fire
That the running tides will carry to the Port of Heart's Desire.

Oh speed yon white winged ship of mine, oh speed you to the sea
Some other day, some other tide, come back again for me.
Come back with all the memories, the joys, and e'en the pain
And take me on the sparkling waves of High School once again.

WISDOM'S DOOR

By Lucile Tumey

Comrades, there has come a year, a day
The great event, thus far, along our way.
Our earnest class, with tasks conned o'er and o'er,
Have "gathered in the shadow of the fame
Whose light has guided youth to Wisdom's door"
And taught them how to build a lasting name.

The goal we set seemed distant as a star;
Often, there came between, a cloud to mar—
A fleeting shadow o'er the sunlit day.
Ambition found a new and hard-fought trail,
While weaker comrades falling by the way
Urged forth the stalwart ones to seek the Grail.

Knowledge has filled our chalice of desire;
We've met, we've worked, in order to conspire
Against ill fortune and the wiles of fate.
Four years within the shadow of the flame,
Forever gaining strength along the path
As frailty gathered toll—in praise and blame.

Four years we've given to the search of truth,
But this is not the ending—to our youth.
These ancient books will bring us help on our way;
Only we find not there the "Holy Grail."
It is the consummation, after youth,
That marks the happy ending of Life's tale.

Cherry, Coach Football—Mr. Cherry has been at H. H. S. for several years during which he has made a successful coach. He is always willing to help personally those who need help and he has turned out an excellent group of athletes. Mr. Cherry was assistant coach of basketball this year.

DeMoisey, Coach Basketball—Mr. DeMoisey came to H. H. S. this year from Grayson, Ky. His reputation there as a coach was a splendid one and he has lived up to his record this year. He was assistant coach of football.

Rue, Quarterback—Insco waited until his senior year to come out for football, but during this short time he played, he showed that he liked the game. He called the signals with great headwork and has been a good back in all phases of football.

Foster, Tackle—Although this is Bobbie's first year in High School he soon made it plain that he could play football. Not only is "Bone" one of the best linemen of the squad but he keeps the fighting spirit of the team going by his encouraging jokes.

Best, Quarterback—For two years James has romped up and down the field carrying the ball to victory. He has two more years to show opponents how football should be played. He has an excellent kicking average as his toe rarely fails.

Sanders, Center, Captain—This mighty center is going to be greatly missed in the years to come. His hard tackling effective blocking, and expert passing can be equaled only by few on a high school field. Elwood for the last two years has secured a position as center on C. K. C.

Teater, Tackle—This sandy haired, freckled faced lad is one to be feared by his opponents. "Sambo" is plenty tough and he figures in every play in a very direct way. On account of Sam's efficient blocking it has been said that the coach will change him to an end position next year.

Bohon, Halfback—Lisle isn't very big but he is one of the fastest backs on the squad. He fought hard and took part in many gains. It is to be regretted by the team that he is graduating this year as he will be greatly missed. in the future years.

Greene, End—This tall youth is a hard hitting wing-man. He is also very adept at snagging passes. Harvey is a hard man to get around in a play. He has played two successful years and is expected to do even better his remaining year.

Claunch, Guard—James has been showing for the past two years that he can play the fighting games. He is one of the most reliable players of the line. "Jakie" can hold his own with the best of them. He has two more years to play.

Donovan, Fullback—All agree that Jimmy is one of the greatest backs on the squad. Many times his terrible plunges have carried the ball over the goal line and he has held the ball on many long runs. He has one more year to wear the blue and white.

Burns, Guard—James was one of the most reliable players of the line as he was capable of breaking through the line almost at will. "Cush" played at guard on offense and backed up the line of defense. He won honor for himself and for his team.

Ensminger—As an accurate passer Bobbie has no equal on the Pioneer squad. He is also a good ground gainer and defensive man. A good, steady reliable player is about the best way to size him up. He has one more year at H. H. S.

Gordon—Harry's ability both as an offensive and as a defensive player will make his absence felt next year. He is a good pass receiver and plays seldom get around him. He is graduating after two years playing.

Smalley, End—"Pete" came to H. H. S. this fall after a year at K. M. I. His ability as an end both on offense and defense added greatly to the strength of the team. His fighting spirit is sure to help the team to many more victories next year.

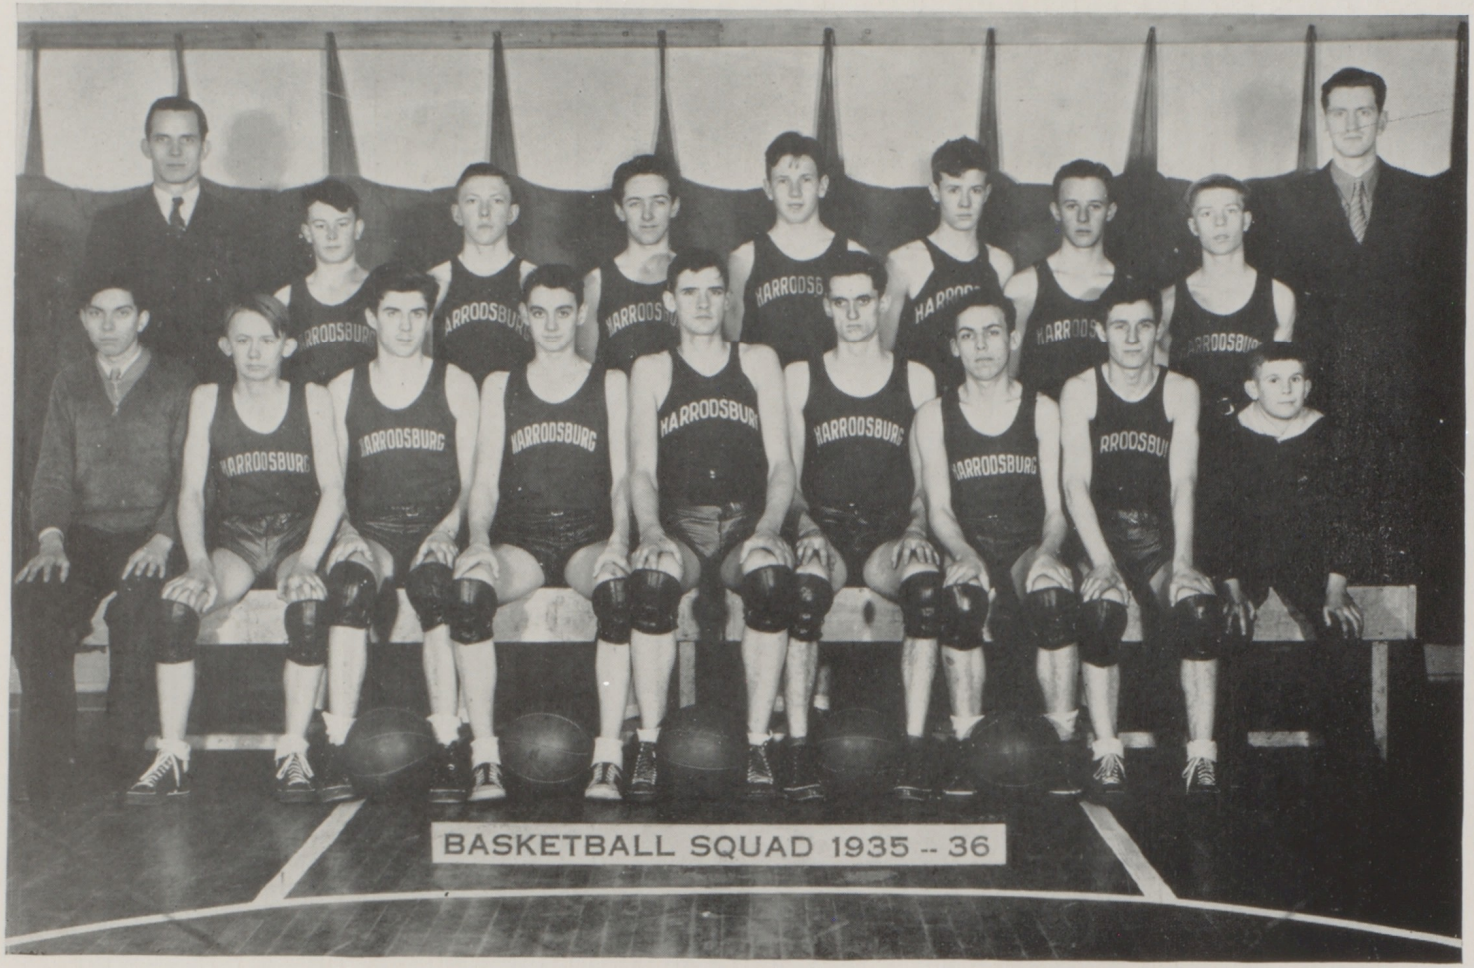

Saddler, Halback—This fast side-stepping back is earning a reputation as a player to be feared. He has carried the ball on many good gains. George's football career has not yet reached its greatest height. His remaining three years will prove to be star ones for him.

Edwards, Tackle—This tall boy's record for the past year has been a good one. It is sure that during his future years opponents will know that he is on the field. George's three remaining years will greatly add to the strength of the team.

Curtsinger, Halfback—Russell has been a player of extraordinary value to the team. He is always willing to do his part. He has two more years at H. H. S. and it is certain that he will add greatly to the winning points of the team.

Managers, Football and Basketball—Too much credit cannot be given to Manager Bernard Cloyd, and to Assistant Manager J. P. Hatchett for their work this year. They were always right on the job. They were always there to meet the wants of the players and to respond to the wishes of the coaches.

"Ty-cob" Foster, Garnett Dean, Arnett Dean, Elmo Gillespie, Ernest Chumley, Elmore Mills Forest Demaree are future players for the blue and white. They are expected to carry on in the years to come.

Houchins, Guard—Stanley has a basketball mind. He has meant much to the team. He could always be depended upon and next year should find him at his best.

Burns, Guard—James had a fighting spirit. He never gave up, but played consistently to the end. He's a real basketball player.

Rue, Forward—Insco, playing his last year for H. H. S. added greatly to the strength of the team. A steady, level headed player, one who can be depended upon to do his part. He will be greatly missed next year.

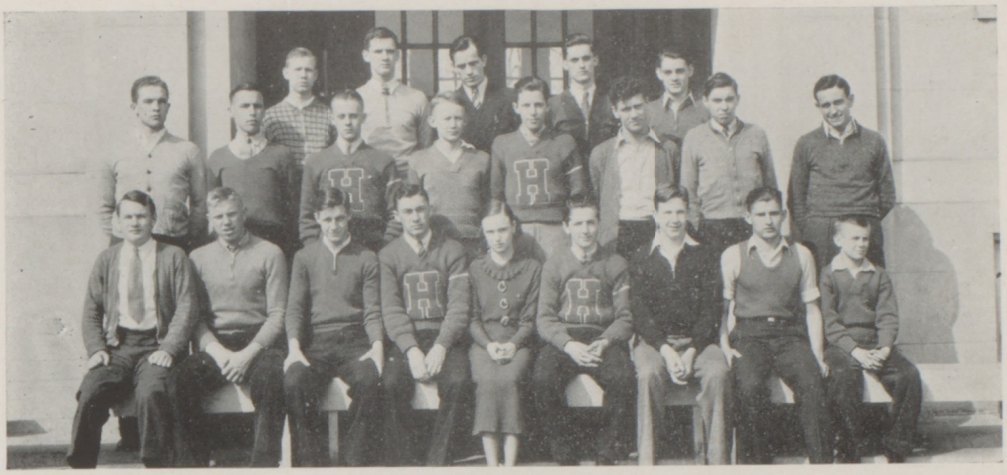

Bohon, Forward—This was Lisle's first year of playing basketball but his lack of experience did not keep him from playing a great game. He brought many cheers from the crowd with his fast drives down the floor and his accurate shots. His place will be hard to fill next year. Lisle received honorable mention on the all C.K.C.

Reed, Center—Jack has played one year on the varsity and has three more to go. Another season should find him in the role of a real star. Let's go. Jack !

Sadler, Forward—George, only a freshman, is an excellent performer. At shooting goals, he is hard to beat.

Edwards, Guard—This tall boy won honors both for himself and his team. George can be depended upon to do his part. He has three more years to play.

Horn, Forward—Robert's never ending enthusiasm placed him as one of the best players on the team. His value to the team was great as he could fill the place as center as well as forward. His next year will put him again on the star list.

Greetings From Graham Springs

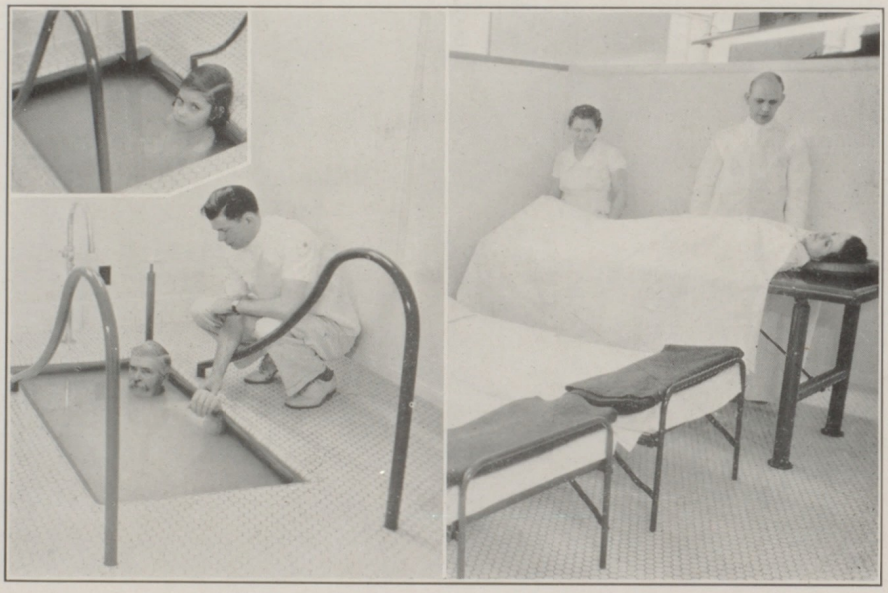

AMERICA'S HAVEN OF HEALTH

As a result of the discovery of water soluble liquid sulphur a modern Bath House and Laboratory were established at Graham Springs, operated and supported by the Medical Profession.

The liquid sulphur added to the natural water gives the patient a hot sulphur mineral bath MANY TIMES STRONGER THAN CAN BE OBTAINED AT ANY OTHER MINERAL SPRING, which greatly speeds recovery.

Graham Springs Has the Most Modern Bath House in America.

Sulphur-Hydrotherapy combined with Electrotherapy and Dietetics is especially beneficial in the treatment of Rheumatism, Arthritis, Neuritis, Skin Diseases, High Blood Pressure, and other diseases where elimination through the kidneys is desirable.

You are cordially invited to visit Graham Springs.

Education

Kentucky, was the first state in the Union to establish a general system of Common Schools under which all property of all citizens is taxed for Educational purposes.

Today in all advanced countries, compulsory education is attracting attention. In America it is an established rule. Ignorance is recognized by thinking people as a dangerous menace. The commonwealth that fails to educate the children of the poor, belongs to the Dark Ages.

When America spends its millions of dollars for the education and enlightment of the children of the common people, this country is steering the old Ship of State in the right channel.

Indifference to mental training of children can best be brought home by stepping across the Rio Grande. No man has ever stood on the soil or rocks of a country that has more natural resources than that of the Republic of Mexico. And still they stand in the dim light of ignorance, superstition, and squalor, and all for the lack of the advantage of common education.

That which makes men happiest and best able to be of service to their country is always obtainable by education.

In hygiene class Mr. Davis was explaining the effects of alcohol. He put a worm in a glass of water and the worm was not affected. He then put it in a glass of alcohol and the worm died. He said:
"Eunice, did that teach you anything ?
Eunice: "Yes, I see if I drink whiskey I wont have worms."
