

LIMIT FINE FOR SPEEDING GIVEN

Case Involving 3-Car Wreck Brings Penalty To Youth Charged With Reckless Driving.

Duke Bugg, 21, was fined \$100 and costs on a charge of recklessly driving an automobile at his hearing in the Mercer county court Monday afternoon before Judge Charles T. Corn. This was the limit for the offense. The charge against Bugg grew out of the three-car wreck Saturday night on the Lexington road about a half mile from the city limits. Bugg was unable to furnish bond and was taken to jail.

The warrant against him was sworn out by Stanley Scott who also took out an attachment for Bugg's car. Bugg, accompanied by Misses Ruth and Alice Wilham and Henry Bailey, was driving toward Harrodsburg and sideswiped the car in which Miss Catherine Lay and Tom Roberts were driving away from the city. The impact threw his car into the one driven by Stanley Scott in which were several members of his family. Scott was just back of Miss Lay's car. All three automobiles were badly damaged. Testimony at the trial indicated that Bugg was driving at a high rate of speed.

None of the persons involved in the wreck were seriously hurt although Mr. Scott's two daughters, Misses Thelma Gray and Juanita, received painful bruises and cuts, and his son, Stanley Scott, Jr., suffered a minor injury to his knee. Mr.

Scott was taking his daughter, Miss Thelma Gray Scott, to join her uncle, Elgin Scott and family, who were returning to Washington, D. C. Sunday morning. She has a position in Washington, but was unable to make the trip at that time, but if her injuries continue to improve hopes to leave in a few days.

Bugg was at liberty under a \$1,500 bond which he had furnished in a previous case in which he was involved with three other men charged with offenses against two junior high school girls. He and the others were held to the grand jury at their recent hearing in the Mercer county court.

WRIT DISMISSED BY JUDGE CORN

Mrs. McCampbell Asked Writ Of Forcible Detainer Claiming She Is Entitled To Farm.

Mrs. Ida B. McCampbell, of Cincinnati, brought legal proceedings in the Mercer county court Monday under a writ of forcible detainer, claiming she was entitled to possession of the land which had been sold some years ago by the heirs of the late Amos G. McCampbell, Sr., to John Peters, of Washington county, for his daughter, Mrs. T. Sloan Eastland. Judge Charles T. Corn held that there was no status of landlord and tenant shown in the proceedings and dismissed the writ. The case will be appealed from his decision to the Mercer circuit court, the plaintiff stated.

The farm in question lies on the Lexington road several miles from Harrodsburg and embraces some of the best land in Mercer county. Mr. Peters paid \$275 an acre for it. The farm has been the object of previous legal proceedings, and a case regarding it is now pending in federal court. Among the claims is that in selling the farm all points of the deed were not looked up properly.

The committee for Amos McCampbell, Jr., who had been declared legally incompetent to manage his business affairs, asked the Mercer court to appoint Elizabeth R. Meldahl, of Louisville, his administratrix to administer all things left unadministered in the settling of the estate. This was granted by Judge Corn and she was placed under \$1,000 bond which was furnished by the Fidelity Casualty Company, of Louisville. Mrs. Meldahl is a daughter of R. Ruthenberg, Louisville attorney, who was in Harrodsburg with Mr. McCampbell. Mrs. McCampbell was accompanied here by her son, Mr. Buhton, and his wife, of Cincinnati.

Graf Completes Its 7th Year of Service

Airship Has Made Its 500th Trip, Carried 130,000 Pounds of Freight, Mail.

Germany's sky veteran, the Graf Zeppelin, completed its seventh year of service this month, incidentally chalking up four interesting marks for its bigger-and-better successors to beat if they can.

During the autumn months the big ship has:

1. Made its 500th cruise;
2. Finished its fiftieth South American flight;
3. Crossed an ocean for the 100th time, and
4. Remained aloft 119 hours at a stretch.

The latter mark was set unintentionally, when revolutionary battles in Brazil prevented the Graf from landing at Pernambuco.

During the year the airship traveled 220,000 miles—its biggest annual mileage so far—and took its 12,000th passenger for a ride. The Graf has carried more than 130,000 pounds of airmail and freight in seven years.
