

42- Did he stay right by the back wheels of that car until he struck you ?

Ans No sir, the other car kinder gained

43- Did Springate gain on him?

Ans Yes.

44- When what did Robinson do - did he drop behind Springate?

Ans No, he stayed on the left hand side of the road/

45- What part of the two cars struck each other?

Ans The back part of his car struck the side of the front end - just struck it clear along.

46- You didn't strike the front part of the Robinson car at all?

Ans No sir, we didn't.

47- How do you account for that?

Ans I don't know -- I imagine when he was in four or five feet

he turned the front end of his car and that swung it in.

48- Any one in your car drinking ?

Ans No sir.

49- Not a bit, none of them ?

Ans No sir

Re examination

1- What part of Brown's car was on the pike at the time that Robinson struck him ?

Ans The left hand side of his car, the two left wheels.

2- Where were his right wheels?

Ans Out next to the ditch - the front wheel out in the driveway

where it went into that garage.
