A publication by the Senior Class of Cornishville High School, Cornishville, Kentucky.

Foreword

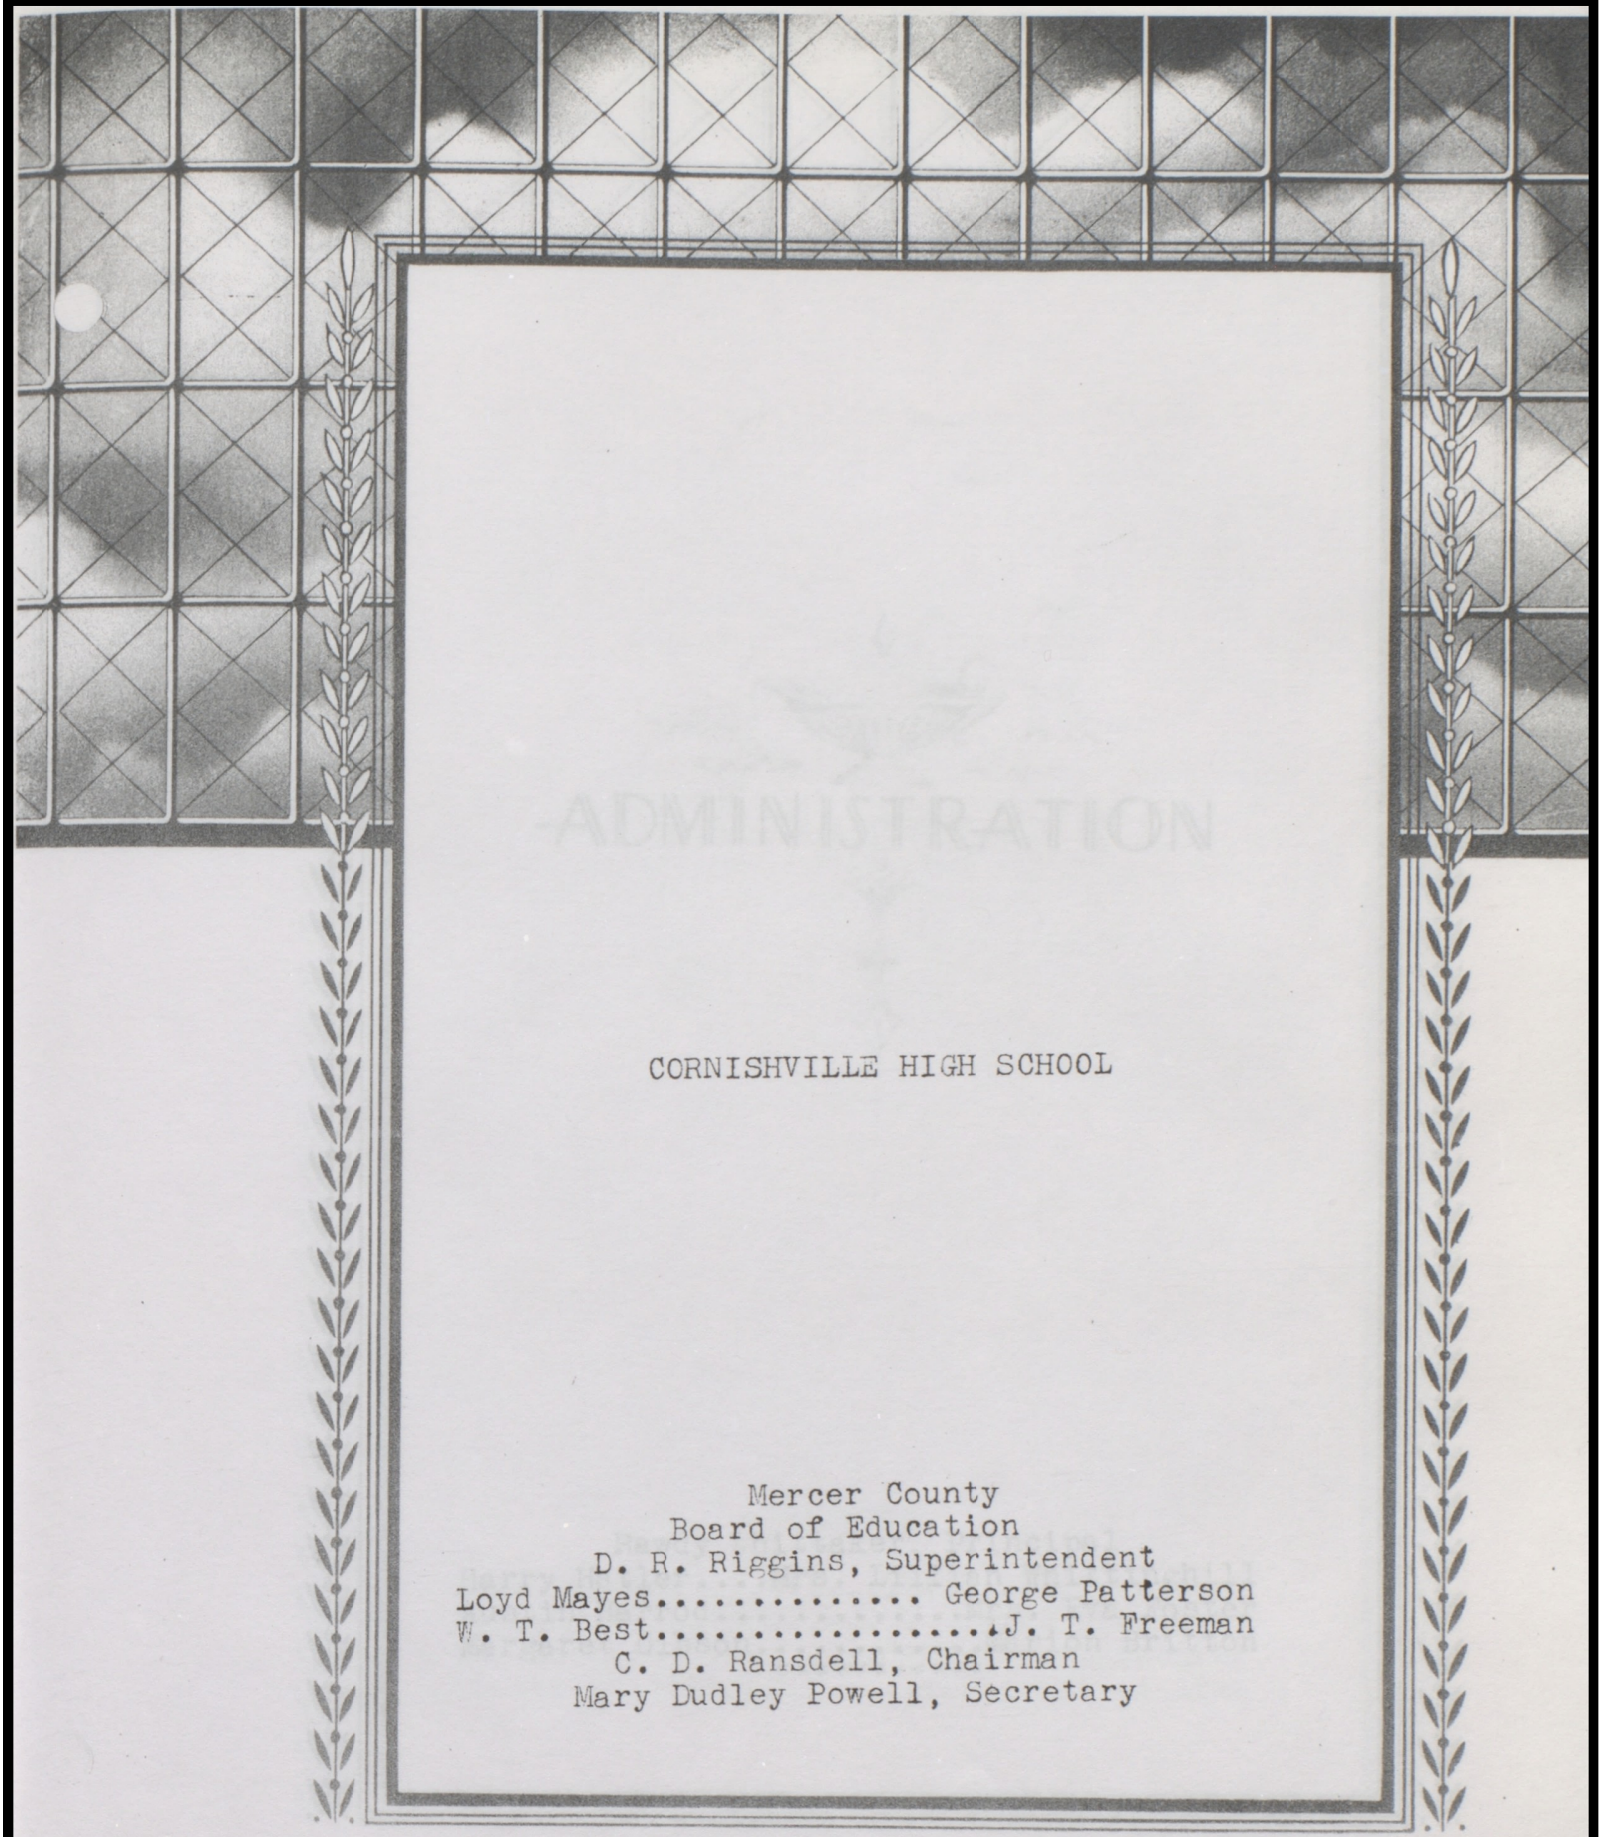

As you follow the trail into your land of tomorrow, may this 1938 Panther help you to remember the loyal friends, the happy companionship of the never-to-be forgotten days spent here.

Then will this book be memory's dearest possession and our work will not have been in vain.

DEDICATION

We respectfully dedicate this volume of
THE PANTHER
to
Rawdy Whittaker
whose kind interest and persistent efforts have brought much good to this school for the past six years: whose loyalty and devotion to the school and its activities and whose charming personality has endeared him to the hearts of all the students.

CLASS HISTORY

Time flies and we are old before we are aware of it. However we do not feel as old as the word Senior implies. We are just at the beginning of our journey through life. Our usefullness has only started.

Four years! Four years of sorrow and joy, of work and play, of hope and disappointment, of yearning and attainment. In reaching this hour to which we have looked forward with such joy and happiness the years seemed long, but now that our goal is obtained they seem all too short.

Only four years ago we began our career at Cornishville. Although disappointed at first in this school of which we had heard so much praise we soon learned to love and respect her. Needless to say, we were much tormented by that wild tribe called "Sophomores". But we soon learned to endure these strange creatures and ignore their sarcastic remarks.

We had boasted of our superior number in '35 but when we reassembled at Cornishville in '36, we found our class greatly diminished. We thought that after we passed through the "Freshmen" stage we would be more respected by the older students. Although this was true to a certain extent, we were very much surprised when we heard ourselves referred to as "silly Sophomores".

Looking back now over a period of two years we decide that perhaps we deserved this title and erase the harsh feelings which we then held for those who called us this. We can erase our conscience by saying that we were no worse than the average sophomore class.

In the rear '37 we found that we had a deeper knowledge of the meaning of an education, a much deeper love for Cornishville, and a desire to work for her. We went about our work quiet and unassuming, seeking to do our best to render service, and training ourselves for the great undertaking of our senior year.

A large number of us have proved faithful and we have almost finished the last portion of our race. We have had four long happy years and now we can see where we have succeeded at times and we, too, see failures. Yet we feel that we have contributed something to Cornishville High and that she will be somewhat better for our having been here.

We have enjoyed our work here and now that the time for parting is drawing near, we hesitate and feel that it is all too soon. Yet this is just commencement, the beginning of our fight in the world, for,

"Heaven is not reached by a single bound,
We build the ladder by which we rise,
From the lowly earth to the lofty sky,
And mount to the summit round by round."

On September 6, 1935 a very popular class of twenty-nine students crossed the portals of this grand old High School at Cornishville. We were immediately organized into a class by our capable leader, Mr. Currey Horn. With everything strange, and new rooms being added to the building some four members became discouraged and dropped by the wayside, so that we had only fifteen left when we graduated into the class of Sophomore.

Our Sophomore year found us under the splendid leadership of Miss Margaret Gibson and we found it such a pleasure to hold meetings under her directions, that we met at every opportunity.

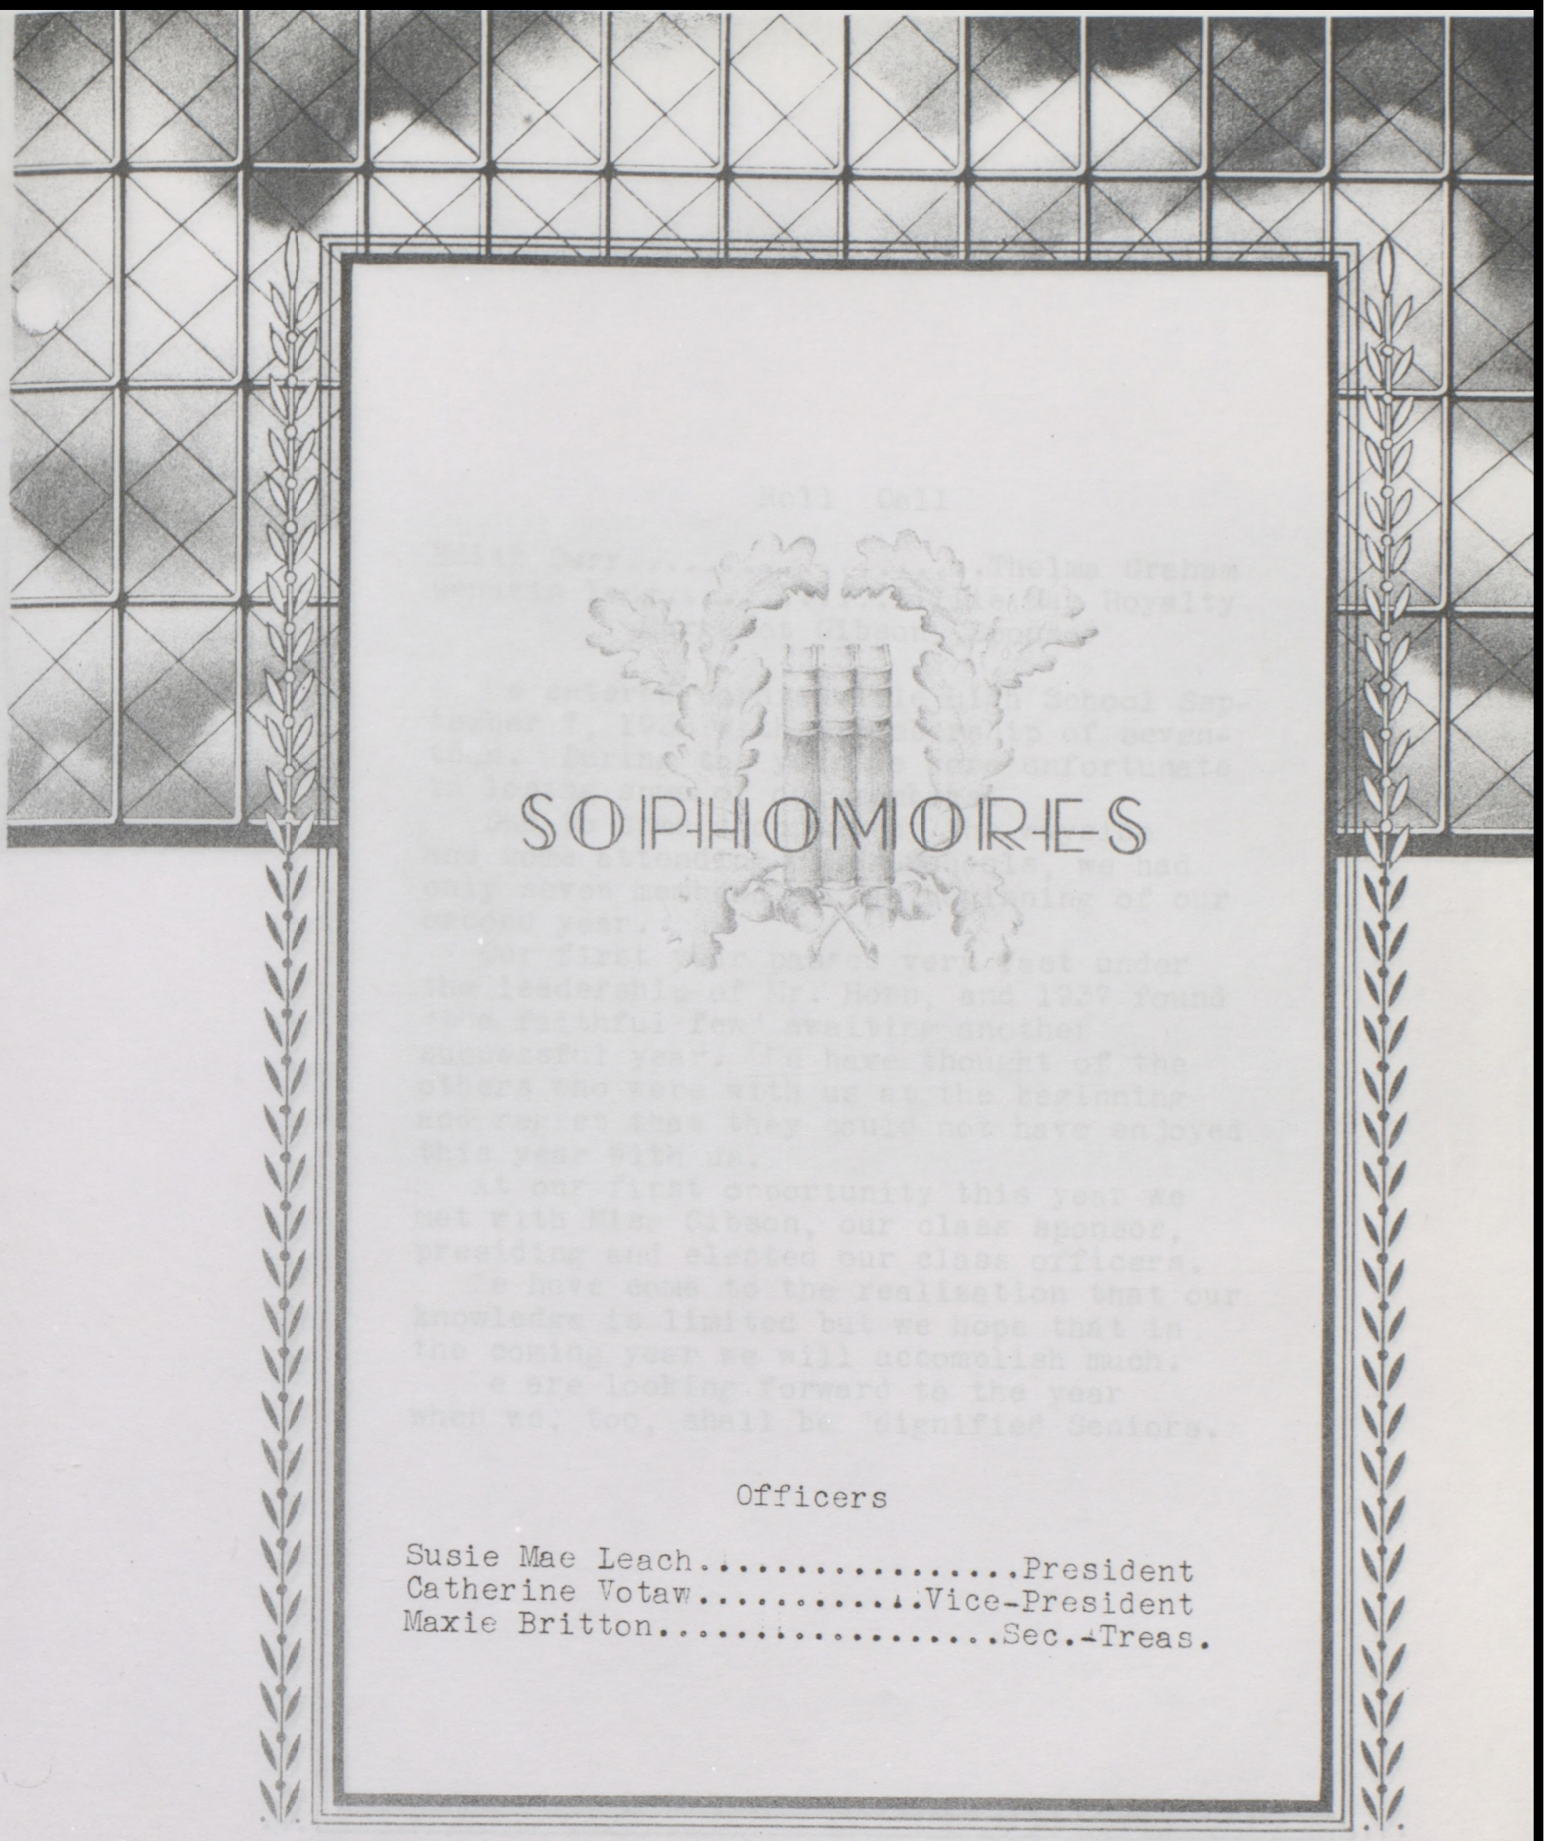

Alas! Here, we who are left, have earned the title "Jolly Juniors" and find that we have only nine left out of the original twenty-nine to make this years Junior Class and next years Senior Class.

We are now looking forward, so eagerly, perhaps, to next year when we too shall come to that golden milestone in our high school career, popularly known as Senior, that we may be forgetting, some things that we should be learning, which go to make us better citizens.

This year our class is under a new, but very popular and competent leader, Mr. Harry Hatler.

We hope that when we shall have passed that golden milestone in our lives known as Seniors, that the future students of this school will be willing to follow in our foot steps.

Margaret Gibson, Sponsor

We entered Cornishville High School September 7, 1936 with a membership of seventeen. During the year we were unfortunate in losing some of our members.

Due to some dropping by the wayside and some attending other schools, we had only seven members at the beginning of our second year.

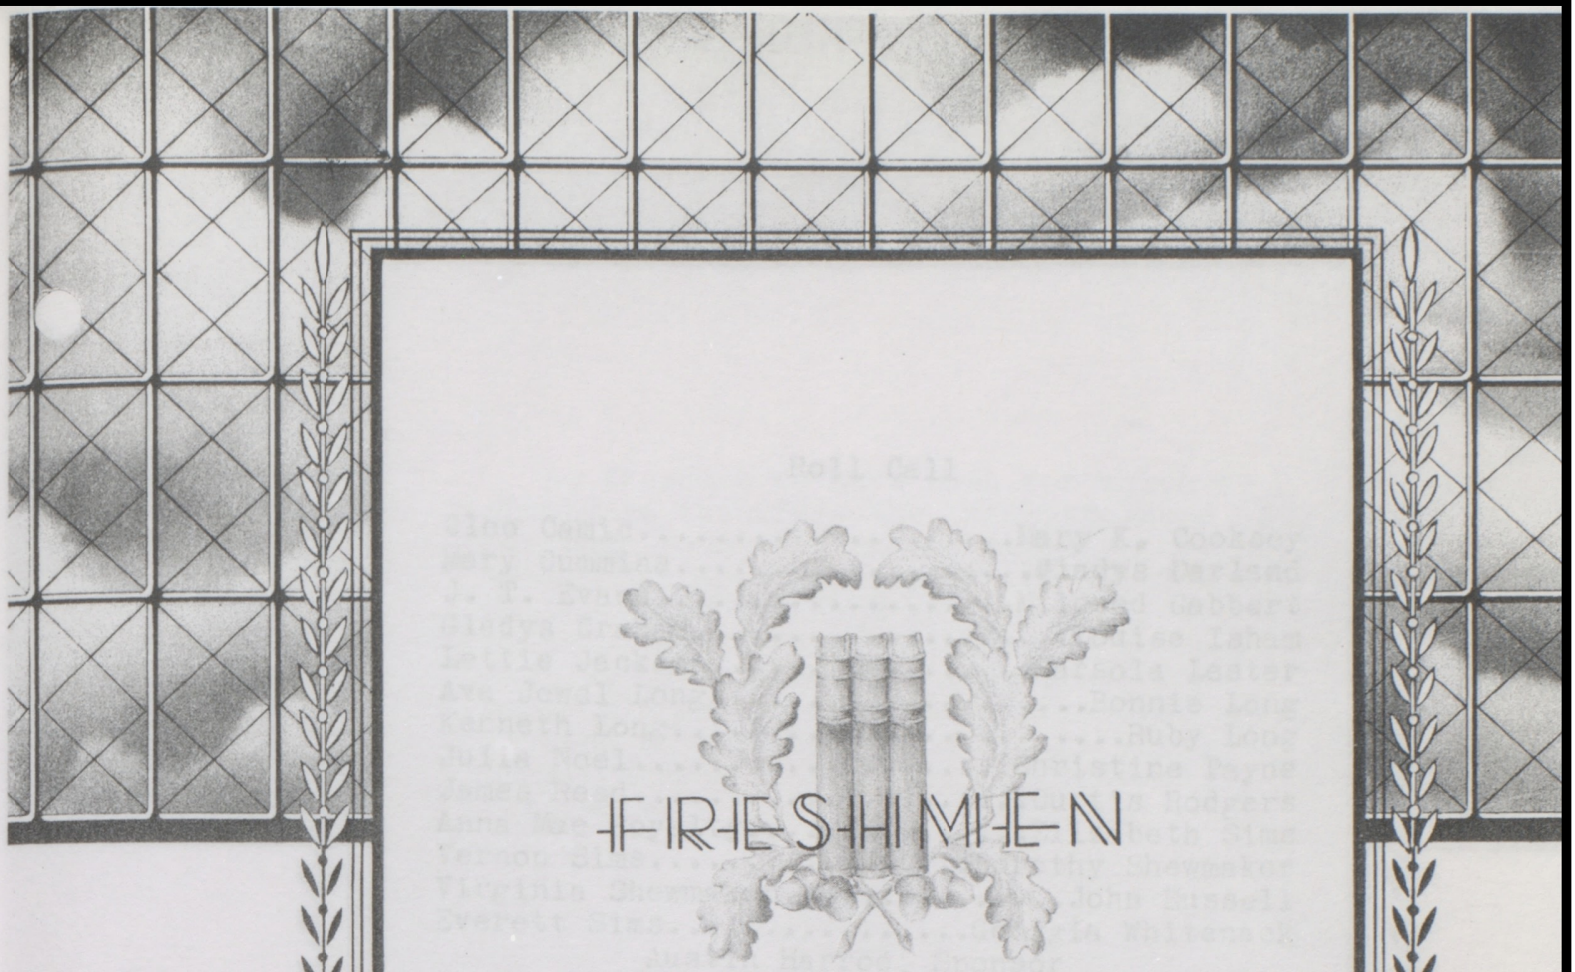

Our first year passed very fast under the leadership of Mr. Horn, and 1937 found "the faithful few" awaiting another successful year. We have thought of the others who were with us at the beginning and regret that they could not have enjoyed this year with us.

At our first opportunity this year we met with Miss Gibson, our class sponsor, presiding and elected our class officers.

We have come to the realization that our knowledge is limited but we hope that in the coming year we will accomplish much.

We are looking forward to the year when we, too, shall be "dignified Seniors."

Austin Harrod, Sponsor

At the beginning of the school year 1937, twenty-eight students enrolled as "Green Freshmen." We were fortunate in number, losing only three students. We are all hoping to remain together in our three years to come.

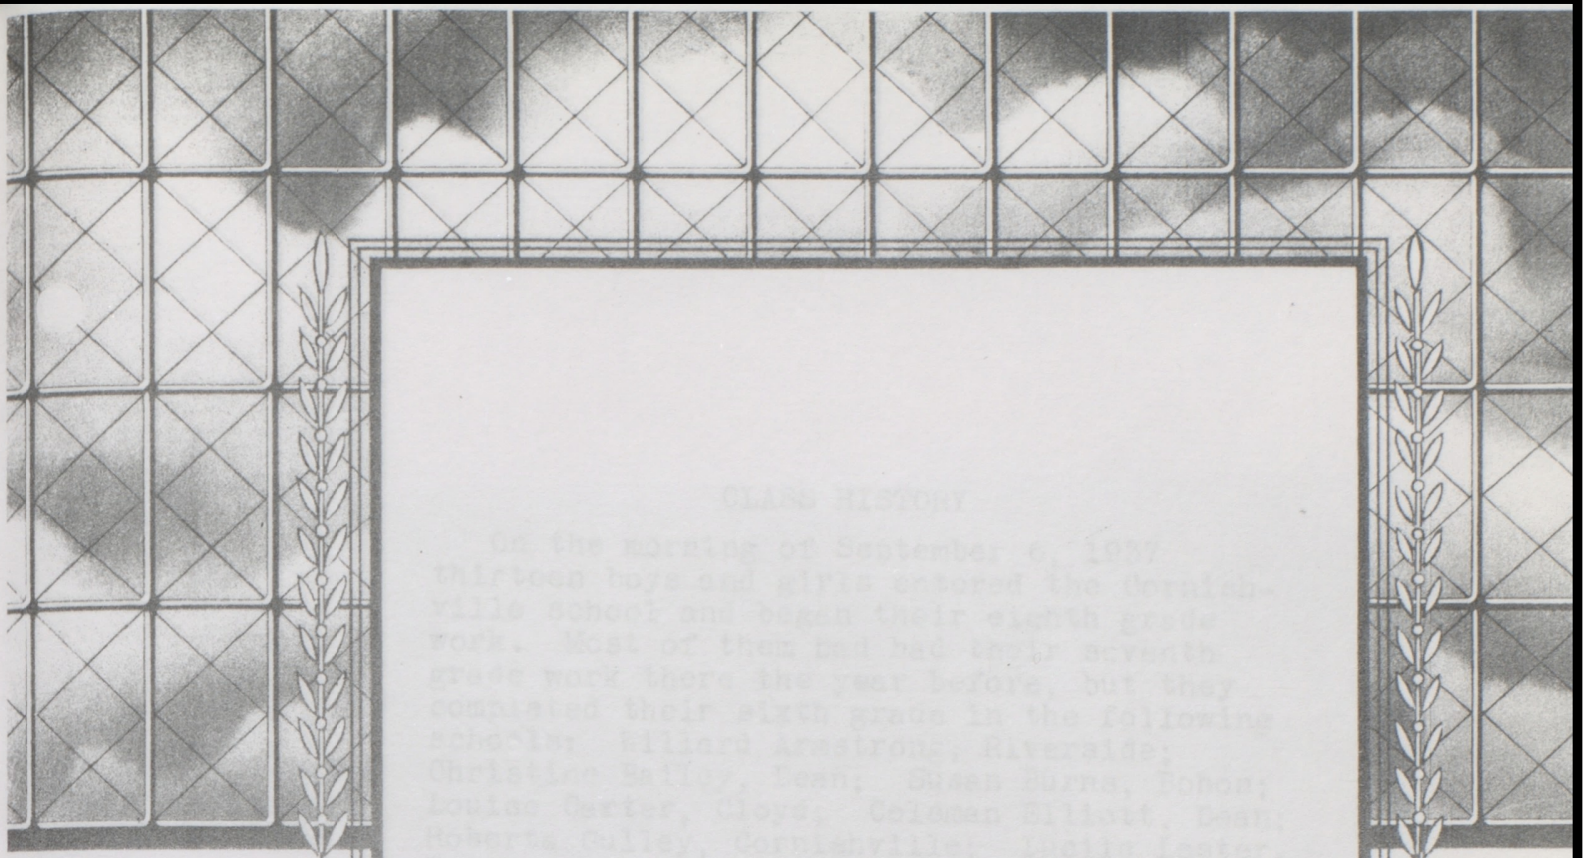

A few weeks after Christmas vacation we were happy to welcome into our midst John Russell.

Our class as a whole is very ambitious. Five of the Glee Club altos are freshmen. Ten freshmen are Science Club members. Fifteen of us belong to the Girl Reserves and six freshmen boys are basketball players.

At the beginning we found we were not welcomed into the socities and clubs as we had expected (not that we had expected laurels and hurrahs for our membership). But the upper classmen, after finding how well qualified our class was soon became considerate of our feelings and let us in on the joys and secrets of high school life.

As freshmen we have much for which we should be thankful--the thoughtfulness of our home room teacher and sponsor, Mr. Austin Harrod, the respect and helpfulness of the other teachers and the consideration shown us by the upper classmen. We realize that we have caused our teachers a considerable amount of unnecessary work, but we hope to make up for it in the years to come. Here's to the "Senior Class of Forty-one."

CLASS HISTORY

On the morning of September 6, 1937 thirteen boys and girls entered the Cornishville school and began their eighth grade work. Most of them had had their seventh grade work there the year before, but they completed their sixth grade in the following schools: Willard Armstrong, Riverside; Christine Bailey, Dean; Susan Burns, Bohon; Louise Carter, Cloyd; Coleman Elliott, Dean; Roberta Gulley, Cornishville; Lucile Lester, Dean; Frances Matherly, Cornishville; Martha Royalty, Bohon; Edna Sims, Cornishville; Elizabeth Terhune, Riverside; Dorothy Upton, Danville; Wilbur Wright, Fairview.

At the beginning of the new year the class lost two of its members, willard, who moved to Nelson County, and Christine, who moved to Woodford County, but Dorothy and Wilbur entered during the year still keeping the unlucky number.

The pupils from Dean had had Mrs. Whittinghill for their teacher before, so they tipped the others off as to what she was like thereby helping to allay their worst fears.

Before long practically all of them were busy at work, and at the end of the year Edna and Roberta had a record of perfect attendance, Frances had won second in the essay contest on "Mercer County Schools," Edna had won the championship at the County Spelling Bee, and eleven were given diplomas.

STOP
SCHOOL BUS
DUNTY SCHOOLS

OUR BUS DRIVERS

No small part of the success of the school goes to the three bus drivers, Mr. Willie B. Adkinson, Mr. Elwood Young, and Mr. Za Lester. These young men have been driving the school buses for a period of three years, during which time Mr. Young and Mr. Lester have alternated week by week. These three capable, trustworthy, and faithful men have delivered the children to and from school without any casualty through rain, snow, and fair weather.

BASKETBALL

The basketball team of 1937-'38 was in several respects an unusual group of boys. At the beginning of the season the prospects of a well-organized team were slim indeed. Of the fourteen persons trying to make the squad only four claimed any previous experience. However, they refused to be discouraged and entered the season with the highest of spirits. The players worked hard, many returning from their homes three and four miles distant for night practices, while others stayed until late in the afternoon.

During the entire season the team was engaged in 20 contests, including the two tournament games. The teams were on the whole stronger squads than the black and gold players yet the latter managed in every instant to give an excellent account of themselves. Of the games played Cornishville won only a small percentage but many of the losses were by the slimest of margins and several times the opponents won in the last two or three minutes of play.

The team was very ably led by Clyde Sims, the captain and by Arthur Huffman, the alternate captain. The latter was high point man in most of the games though Davis Britton shared this honor with him several times. Huffman scored 182 points during the entire season--a figure which is certainly indicative of accurate, dependable shooting. Pinkston, in spite of a lack of experience played in every game and was a dependable guard. Reed, Long, and Teater gave their best as did also the other second team men. The boys played together nicely, and particularly during the latter part of the season. The last two games played on the home floor, while victories, were extremely close and kept the fans constantly on their feet.

BASKETBALL, Continued

The cooperation with the coach, Mr. Hatler, was very good throughout the season. Win or lose he was for the team and they in turn backed him with hard work, clean playing, a fine spirit of friendliness and consideration of his requests.

The squad of '38-'39 will lose four of this years first team men--namely: Clyde Sims, Bill Pinkston, Davis Britton and Charles Reed. Others showing plenty of promise are coming up, however, to take their places.

The basketball squad and coach would like to express their appreciation of the fine spirit displayed at the games by the student body and for the splendid cheering very ably led by Miss Ida Rose Sanford and Miss Lois Cummins.

OOOOOOOOOO
oooooooo
.....

SOFTBALL

The Cornishville softball team started the year of 1937-'38 with a bang. After a short period of practice the boys defeated the Mackville players and in quick succession thereafter won seven straight games. During the early part of the season several persons very ably played the pitchers position while Clyde Sims caught them all in excellent fashion. These players were supported by a strong infield and by outfielders who were equally as good. Toward the latter part of the season Sims was shifted to the pitcher's box while Teater and Mr. Hatler alternately caught for him. Other changes were made in the various playing positions and the season was finished with a very good record--the Cornishville team having won 10 of the 15 games played.

The team showed unusually good sportsmanship in all the games played and their cooperation with Mr. Hatler and Mr. Harrod was excellent. Several of the players were outstanding in their positions and finished the season with nice records. Pinkston,for example, had a batting average of 650, the highest of any player on the team, and was an A no. 1 third baseman. The quality of Sims' pitching won him many compliments and he was feared by opponents as the Cornishville "home run" hitter. There were others equally as good--Huffman and Long, as outfielders were outstanding and had batting averages of .500 and .400 respectively. Bob Dean was an excellent first baseman and was considered a safe hitter. Teater, Britton, and C. Reed were all nice ball players, the first two having batting averages well over .300.

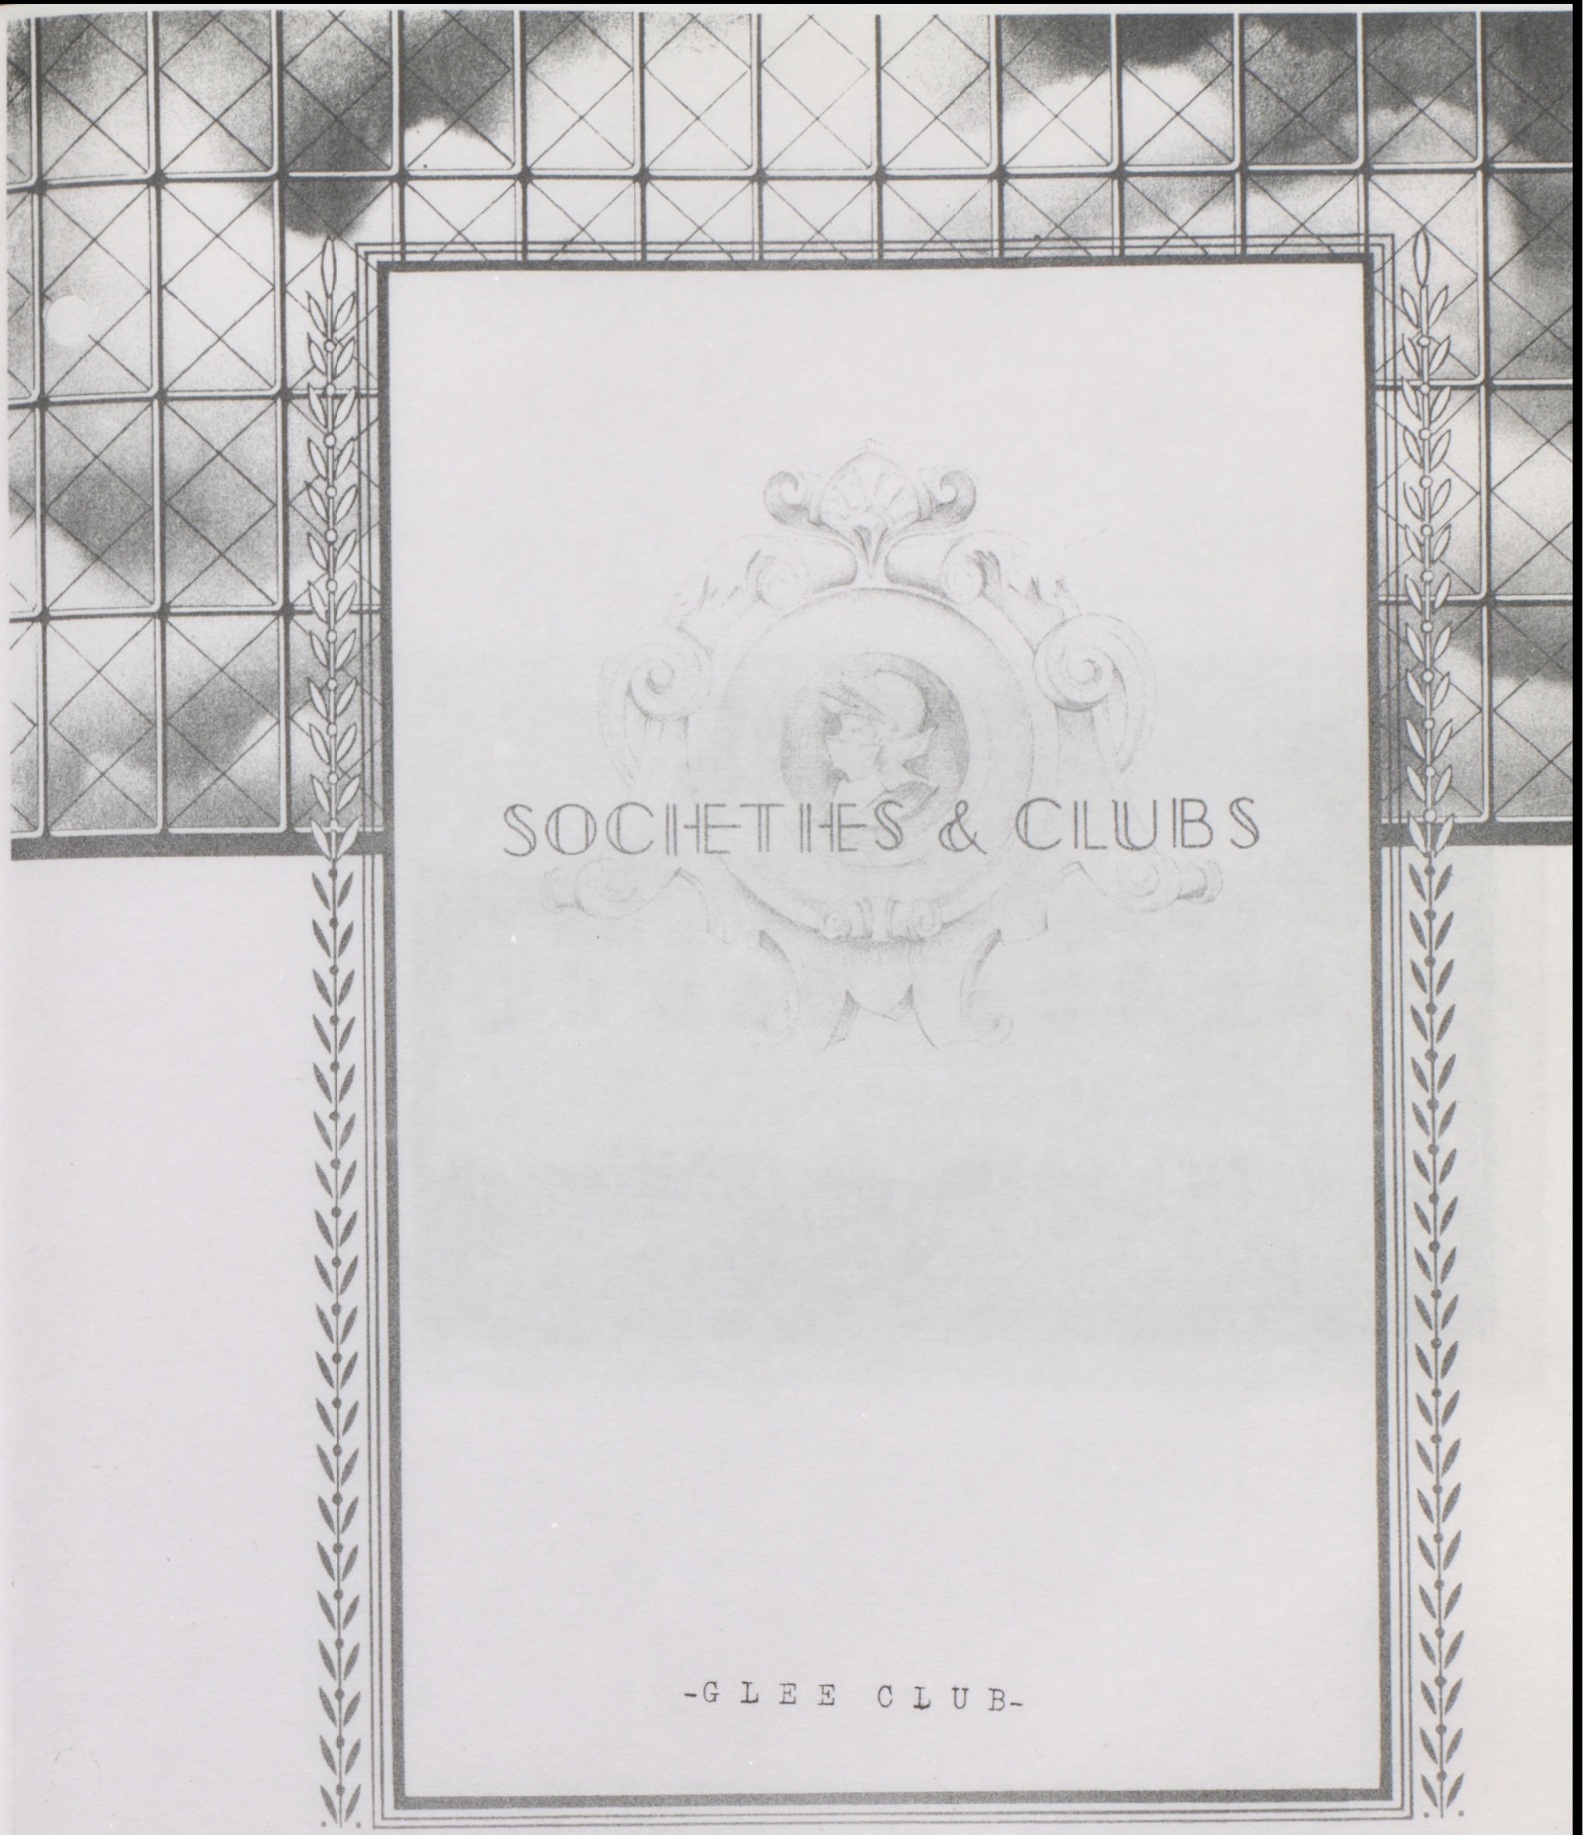

OUR PHYSICAL EDUCATION PROGRAM

The rightful heritage of every school boy and girl is a strong healthy body and a clean alert mind. It is, therefore, the business of every school to develop as much as possible these two personal characteristics, for without them no student can properly take his or her place in an active profitable school life. Usually those who are fortunate in this way do the best school work, have the greatest ambition and achieve the laurels in scholastic and athletic fields. It is in an endeavor to make such possibilities real to every student that a physical education program is being perfected at Cornishville.

For this reason the school year 1937-'38 marks a new era at our school. Previous to the current year only a select few from the entire student body enjoyed any use whatsoever of the gymnasium in the athletic sense of the word. In the future the story will be entirely different. In addition to the usual basketball practive season, physical education classes will be held every day for all high school and grade students. During the year immediately passed these class periods were utilized for various forms of gymnastics and games such as volley ball and tennis. Teams were organized in volley ball for both boys and girls. The games played by girls were confined to various class teams but the boys in addition to these intra-murial conflicts defeated Fairview High School in two scheduled games. Beside these indoor sports, outdoor sports were afforded for all. In the fall and spring, softball was in the limelight for

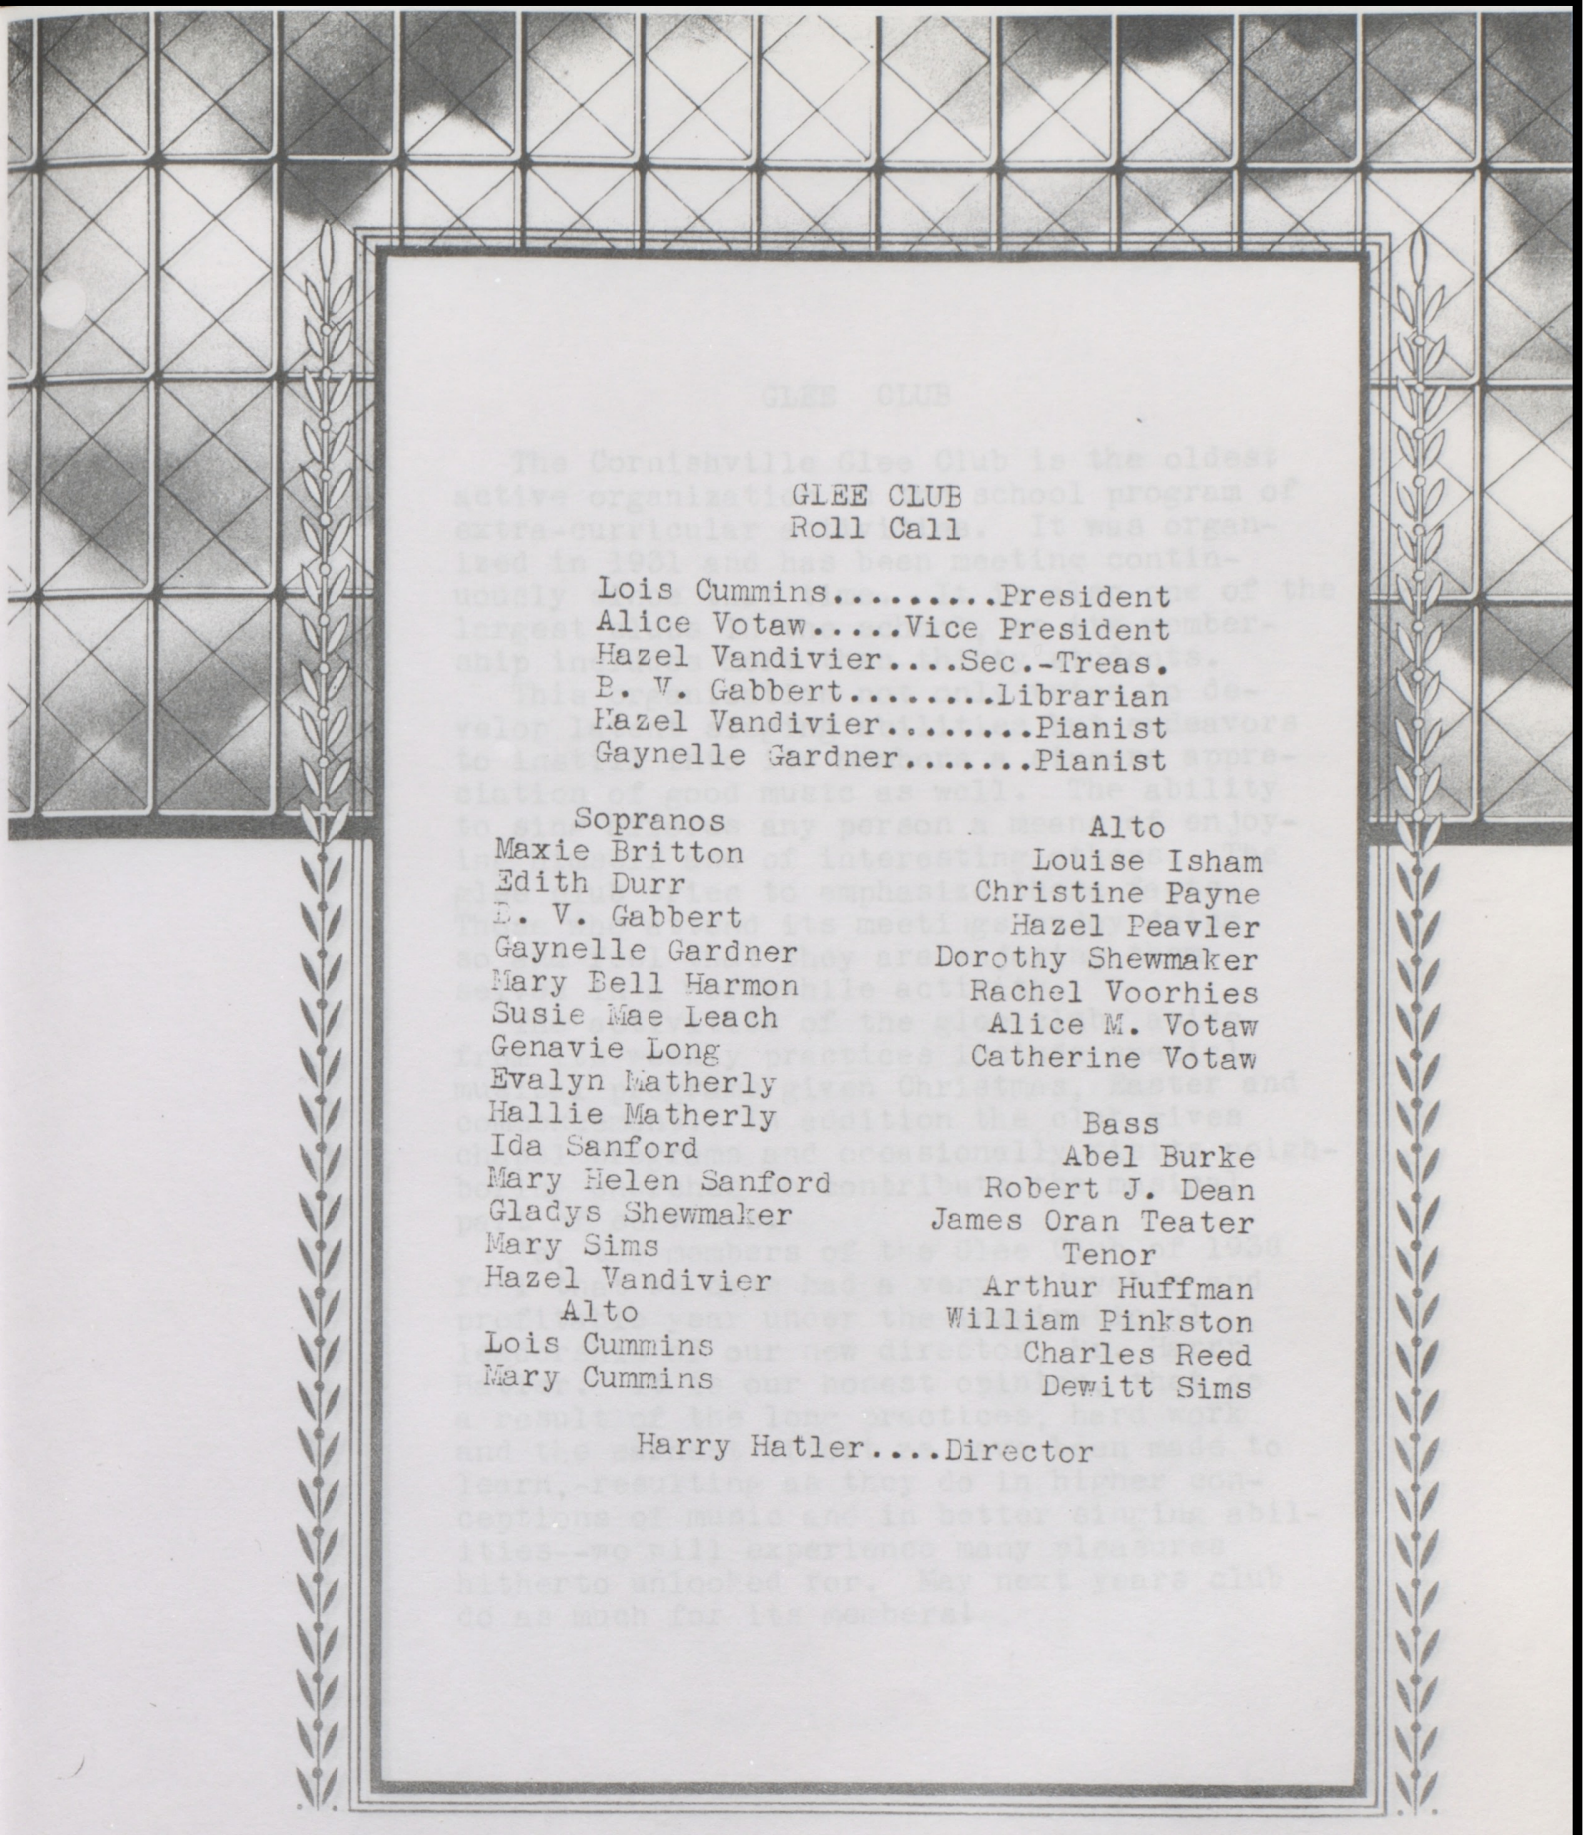

both boys and girls while the younger children enjoyed a new slide, several see-saws, a new set of swings, acting bars and rings. Then, too, the age old pasttime of pitching horse shoes occupied the attention of many students.

In the future a bigger and better program is planned. New equipment will be purchased and a more varied gymnastic curriculum will be worked out. It is hoped that next year every student will participate for not until every person who is physically able really enjoys the benefits of a comprehensive physical education program will our plans be considered a success.

GLEE CLUB

The Cornishville Glee Club is the oldest active organization in the school program of extra-curricular activities. It was organized in 1931 and has been meeting continuously since that time. It is also one of the largest clubs in the school, as its membership includes more than thirty students.

This organization not only tries to develop latent singing abilities but endeavors to instill into its members a sincere appreciation of good music as well. The ability to sing affords any person a means of enjoying himself and of interesting others. The glee club tries to emphasize these facts. Those who attend its meetings enjoy doing so and feel that they are enjoying themselves in a worthwhile activity.

The activities of the glee club, aside from its weekly practices include special musical programs given Christmas, Easter and commencement. In addition the club gives chapel programs and occasionally visits neighboring churches to contribute the musical part of services.

We, the members of the Glee Club of 1938 feel that we have had a very enjoyable and profitable year under the inspirational leadership of our new director, Mr. Harry Hatler. It is our honest opinion, that as a result of the long practices, hard work and the earnest effort we have been made to learn,-resulting as they do in higher conceptions of music and in better singing abilities--we will experience many pleasures hitherto unlooked for. May next years club do as much for its members!

GIRL RESERVE

The Girl Reserve of Cornishville High School was reorganized September, 1937, and its work has been successfully carried on under the leadership of Miss Margaret Gibson. The organization consists of twenty-seven members, and the meetings were held twice each month at which each time interesting programs were given.

The Girls Reserve is a club to which all high school girls should belong and the majority of them do. Much knowledge of health, home and hapiness, is gained in the club. Every member takes the club work seriously. We are proud to say that every member has faithfully cooperated with the sponsor.

The Girl Reserve Code is as follows:
As a Girl Reserve I will contemplate to be--

Gracious in manner, impartial in judgment;
Ready for service, loyal to friends;
Reaching towards the best, earnest in purpose;
Seeing the beautiful, eager for knowledge;
Reverent to God, victorious over self;
Ever dependable, sincere at all times.

SCIENCE CLUB

We organized this club in '37.
Oh what a glorius group!
Blooming in health and beaury and science
We started this grand ole troop.

We experimented on birds and butterflies
As well as picking the flowers.
We roamed the roads and hills and vales
And all the uptown bowers.

In '38 we reorganized
Under the leadership of Mr. Harrod.
We enjoyed many interesting programs,
As well as ideas shared.

Of twenty-seven members we're proud to boast.
We try to do our best.
We'll strive so high that we'll reach the sky,
And leave behind the rest.

And now we have this consolation
That we have done our best:
So all the fun from we jolly members
We wish to all the rest.

4 H CLUB HISTORY

The 4 H Club was organized in November 1937 by County Agent C. F. Park. Mr. Harrod and Miss Gibson were appointed leaders and Miss Genavie Long was selected as assistant leader.

The club has an enrollment of fifty-one members consisting of thirty-four girls and seventeen boys.

The girls in the sewing project meet twice each week. The girls in Unit I meet on Tuesday and the Unit II group meets on Thursday. The boys are engaged in tobacco growing and live-stock projects.

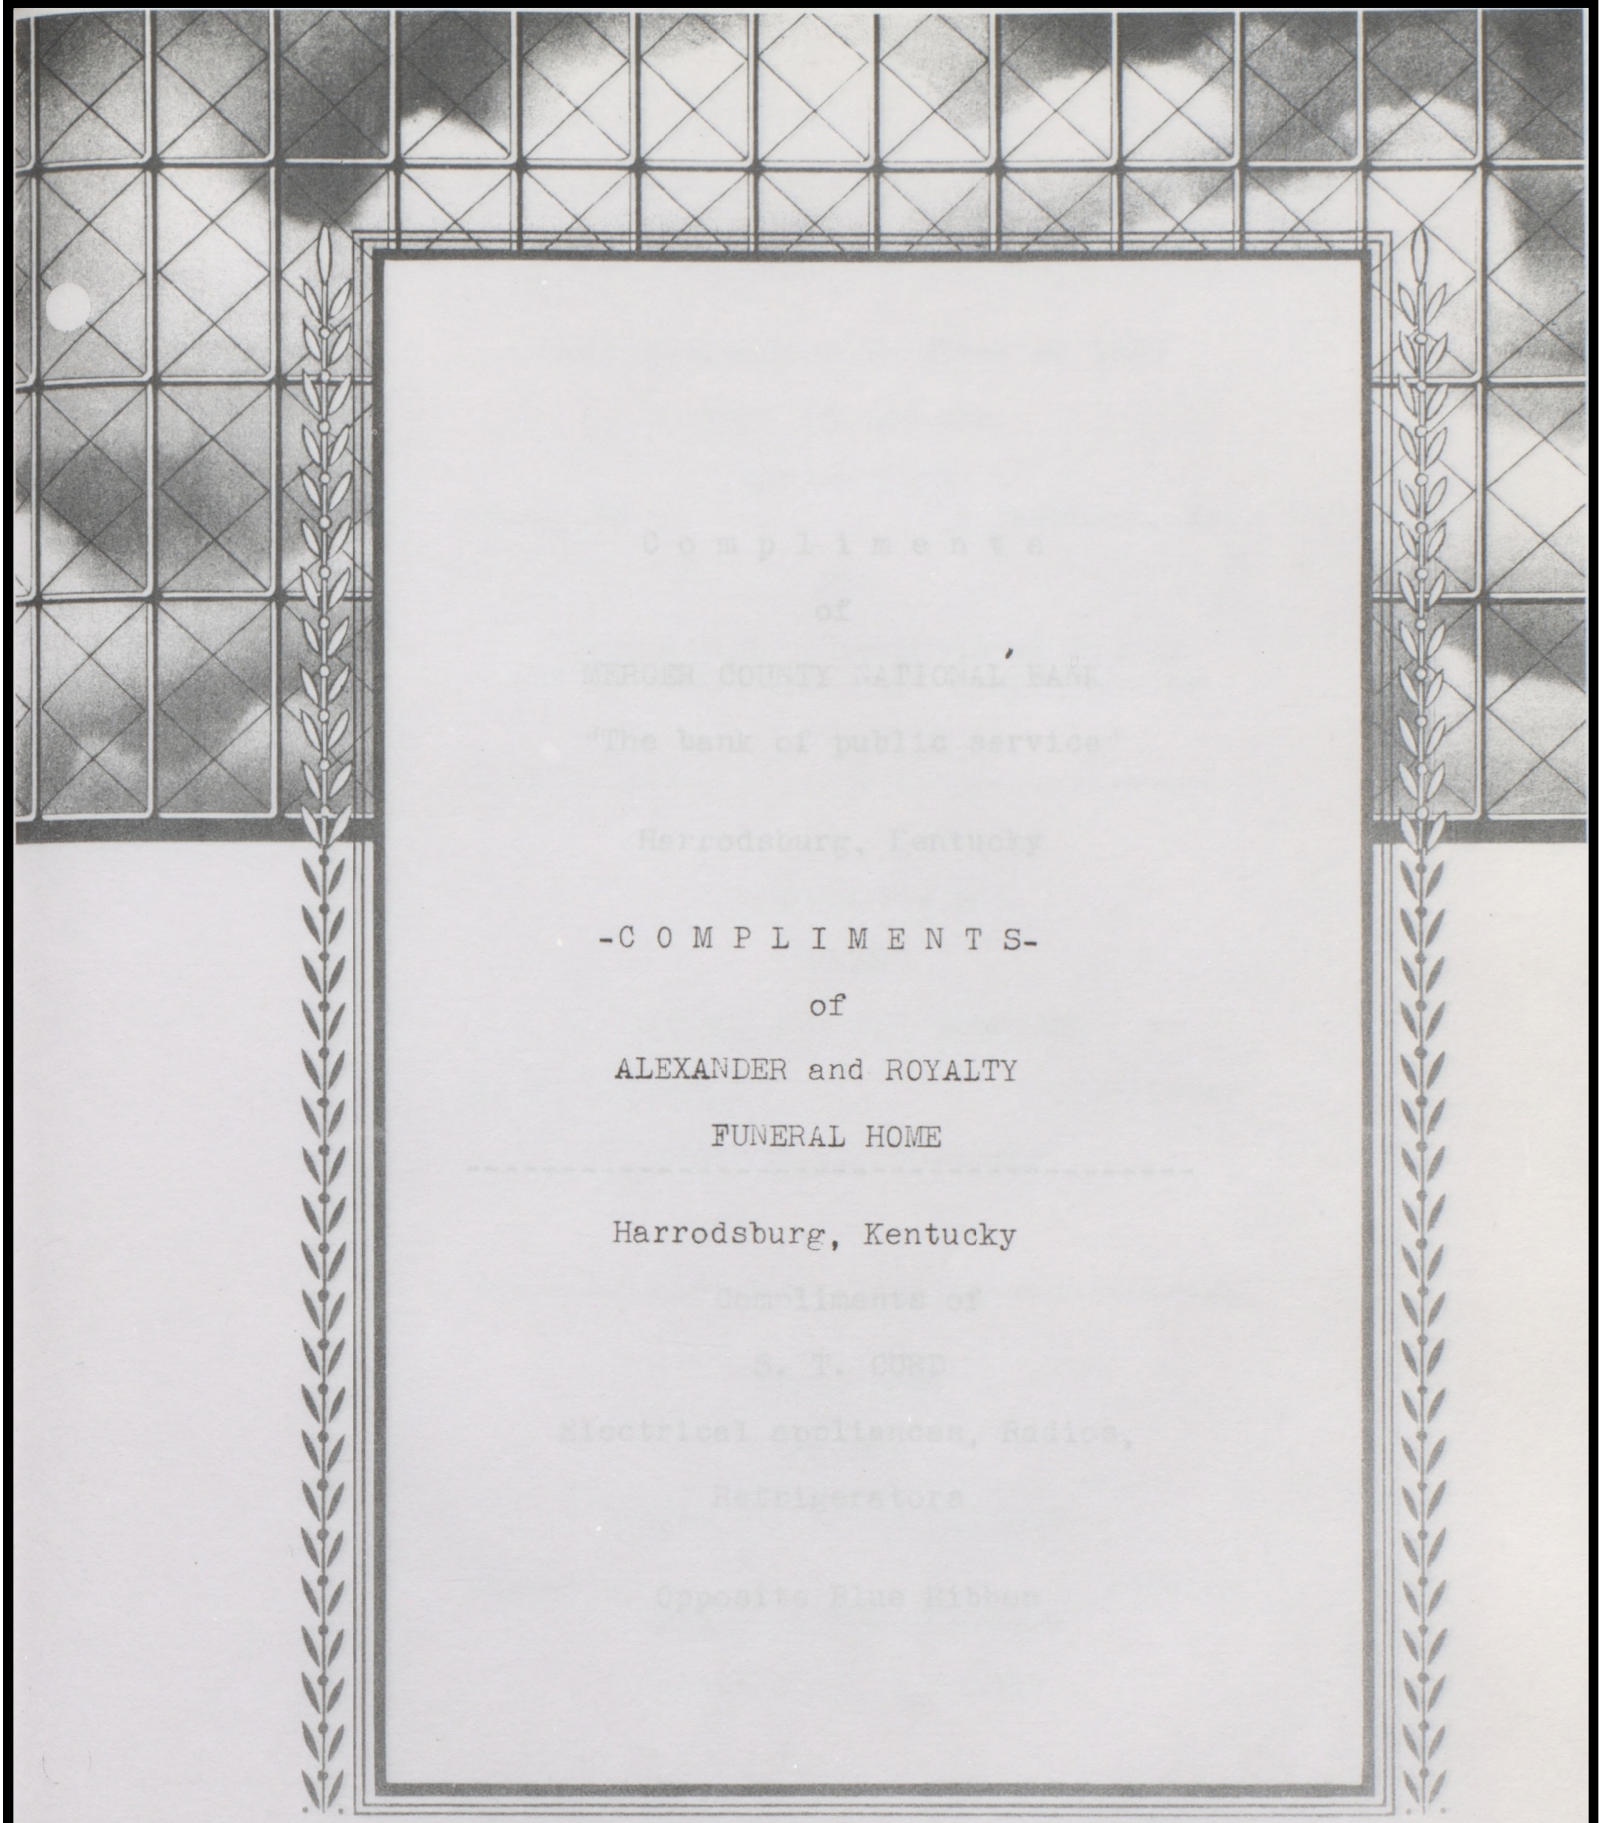

The girls and boys hold joint meetings each month at which interesting programs are given by the members of each club. We played a very important part in the Rally Day Program, held at the Fairview School, last year and we are hoping to do even better in the Rally Day Program which is to be held in our school this year.

The 4 H Club has four distinct phases--educational, economic, social, and recreational. Our motto is: "Make the Better Best."
