statement of facts on which his defense is founded, admits the work charged in the account was done for him by the piff, but he states that he has settled with the piff in full for the two items in the account, one of \$12 the other of \$11 and paid him in full the same, long prior to the bringing of this suit. He says that he still owes the piff \$2 which he has at all times been ready and willing to pay him but no bill thereof has ever been presented to him; that on Sept. 7, 1914 he tendered to the Piff \$2 in legal tender sixteenth to apply on said account, xxxxxx and the costs to that date, but the piff refused to accept the same, and he now comes and pays said \$2 in legal tender in- to Court and again offers it to the Piff, and offers to confess judgment for \$2.00 and costs up to Sept. 7, 1914. Wherefore he prays to be dismissed with his costs from Sept. 7,

G.E. BARKIN, Atty for Deft.
