

Ans- The left front wheel and fender.

17- What part of his car hit that?

Ans The hind part.

18- You mean by that that the hind part of his car and the

front part of yours came together.

Ans Yes.

19- The other part of his car was not hurt at all?

Ans No sir.

20- Where was the Springate car when they collided?

Ans Just a little ways toward the right side of his --

21- He was in front of Robinson at that time.

Ans Yes.

22- Did you notice the speed with which they were coming.

Ans No sir.

23- Nothing to call your attention to that - anything unusual in

that speed?

Ans No sir.

24- All going about the same rate of speed?

Ans Not when we hit.

25- Had either of you reduced your speed?

Ans Yes, I had. I was going about 15 miles an hour when he

hit me.

26- Did he slow down?

Ans Didn't seem to.

27- What repairs did you have to make to your car- what articles
did you have to have put on it?

Ans Had to have the front spring, fender front and back, running
board, splash board, new wish bone, new wheel.

28- Where did you have the work done?

Ans At Beasley Bros., at Salvisa.
