Dear Mr. Greene:

N O T I C E

I regret to have to notify you as provided by law that I must have immediate possession of my house now occupied by you on James Street Harrodsburg, Kentucky for the reason that my brother's wife has to have a house as her husband is going into the Service. I realize that the law required me to give you thirty days written notice, however if you can possibly vacate before that time it will be greatly appreciated.

Thanking you for your cooperation, I am

Very truly yours,
