

thence **S**  $54^{\circ}$  E **16.** 56 chains to the beginning, containing 26 acres, being 1/3 in value according to quality and quantity.

We report further that before making the said allotment we viewed the aforesaid lands as a whole, and took into consideration the location and value of the whole, and each of the aforesaid tracts, and the improvements thereon, and that we made said division as a fair and equitable division between the parties in interest. *This June 7th, 1913.*

Respectfully submitted,

A. F. Leonard

J. N. Dean
