Mr. Leonard Million
Harrodsburg, Kentucky

Dear Mr. Million:

Reference is made to the interment of your loved one and his comrades, which was made in Grave 63, Section 85, Jefferson Barracks National Cemetery, St. Louis, Missouri. It is regretted that because of the fact it was impossible to identify individually the remains of your loved one, you were deprived of the comfort and consolation which you might have been afforded by interring his remains at home.

It is felt that you might like to have the enclosed photographs of the stone which has been placed at the grave.

You are assured that the grave will always be cared for in a manner fully commensurate with the sacrifice he made for his country. Any desired information concerning the grave or the cemetery will be furnished upon request.

Sincerely yours,

JAS. F. WATT

Mr. and Mrs. Charles Million
Route #5
Harrodsburg, Kentucky

Dear Mr. and Mrs. Charles Million:

This Office desires to advise you of the conclusion of the investigation which has been conducted by the American Graves Registration Service for the recovery and identification of the remains of your son, the late Staff Sergeant Joe B. Million. In order that you may be informed of the pertinent facts in connection with the investigation, the following is a brief resume of the information on record in your son's file maintained by this Office.

The records of the Department of the Army indicate that he was killed by the Japanese military on 14 December 1944, while imprisoned in the Prisoner of War Camp at Puerto Princesa, Palawan, Philippine Islands.

Following the liberation of the area, the remains of deceased Americans who had been killed in the massacre were removed from mass graves in the prison camp by personnel of the American Graves Registration Service. The circumstances of death and burial, coupled with the absence of immediate identifying data, necessitated that the remains be tentatively designated "Unknown" and removed to a United States Military Cemetery, pending a complete investigation.

In the course of the exhaustive research which has been conducted in this case, the remains were examined by an accredited anthropologist in an endeavor to establish individual identifications. Although it was possible, as a result of his findings, to effect the individual identification of a few of the deceased, based on a favorable comparison of dental and physical characteristics, the incomplete condition of the other remains was such as to preclude any sound basis for further individual identifications. Therefore, these remains have been established as a group burial of the only recoverable remains of your son and the other 122 individually unidentifiable deceased with whom he lost his life.

I wish to express my appreciation for your patience during the years, however, I am sure you are cognizant of the difficulties which were to be surmounted before any information of a definite nature could be furnished.

The remains of this group will be brought back simultaneously for interment in the Jefferson Barracks National Cemetery, 101 Memorial Drive, Saint Louis 23, Missouri.

This plan for the burial of all known groups of men, for whom individual

identity cannot be established, in one of our country's shrines is based upon the provisions of Public Law 383, 79th Congress, as amended by Section 3, Public Law 368, 80th Congress. The Jefferson Barracks National Cemetery was selected as the final resting place of the group because of its geographical location which distributes, as equitably as possible, the travel burden upon all next of kin involved.

You and the next of kin of the other decedents included in this group will be informed of the date and time of final interment sufficiently in advance to permit you and any interested persons to attend the ceremonies. In order that you may receive information concerning these final rites, it is essential, in case you change your address, that you promptly inform the Commanding General, San Francisco Port of Embarkation, Attention AGRD, Fort Mason, California.

Sincerely yours,

JAMES B. CLEARWATER
