# OCTOBER COAT SALE

4.50 to 26.00 Savings From Regular Marked Prices Free Storage — Budget Plan of Payment if Desired

As early as last July we began figuring for October coat business. (We realized that old Mr. Weatherman is an "unknown quantity" in this locality. It might be zero next week and then again it might stay warm until November). So we set out to find some way to entice you to buy your winter coat in October. We decided the way to do that was to give you extraordinary value and large assortments to select from. We went to all of our regular manufacturers and with their help we assembled the "largest coat stock in Lexington." We are giving you a saving of \$4.50 to \$26.00 on a garment to sell coats in October. You should buy your winter coat NOW. In addition to the large saving you make, you will have a larger variety to select from now than you will have at any other time this year. BUY NOW.
