

## THE HOUSE OF HAZARDS

By MAC ARTHUR

TWENTY - ONE YEARS AGO  
FROM THE HERALD FILES

Sept. 24, 1915

The Danville fair grounds to be sold at public auction next Boyle county court day.

Lafoon Terhune, 14, son of Mr. and Mrs. Robert Terhune, found an old dynamite cap accidentally left by road workers near Mt. Pleasant church. The lad found it on his way from Sunday School at the church, and not knowing what it was began to prize it open. In the explosion that followed the fingers of his left hand were so badly mangled that most of them had to be amputated.

Dr. J. O. Dedman has instituted suit for \$500 damages against the city, claiming that amount of damages to his property on Fort Hill.

James Forsythe sold several thoroughbred horses at the sale in Lexington last week for a total of \$4,950. One brought \$1,200 and another \$850.

Bush W. Allin, whose petition had been circulated and filed for City Commissioner, declined to run as he is a member of the school board and both officers being elective, are incompatible, and he prefers to remain in the school board.

W. D. James, John M. Wilson, C. F. VanArsdall, A. Patterson and A. B. Rue, old Union veterans, will go to Washington next week to attend the meeting of the Grand Army of the Republic.

Lafoon Riker announces in this issue as a candidate for commissioner of the city of Harrodsburg.

Capt. McDonald and his wife of the Salvation Army, are conducting a revival at the old Assembly Presbyterian church building.

Louis Sommer, honor graduate of his class in the high school, has ma-

triculated at the Medical College of the University of Cincinnati.

Bonta Brothers sold and shipped 40 yearling mules to Tennessee at \$140 a head.

Deaths ..... Mrs. Mary E. Polk, 76, died in Louisville Sunday. She formerly lived in Harrodsburg and was the widow of the late Attorney E. J. Polk. Walter F. Hobbs, 48, died in Chicago. He formerly lived in Harrodsburg. Mrs. Kate B. Bradford, 87, formerly Miss Kate Miller, of Harrodsburg, died in Kansas City, Mo. Saturday. Little May Lyons, 9-months-old daughter of Mr. and Mrs. Merritt Lyons, died Saturday. Mrs. Susan B. Merriman, 73, died Saturday.

AIRPLANE IS USED  
TO GET DATA ON CROPS

Board of Trade grain experts saw a possibility this week that the airplane could be used to speed the collection of crop information.

A party of eighteen inspected crops from the sky aboard an airplane flagship winging over farmlands of Northern Illinois.

They peered with field glasses thru the ship's windows while the plane skimmed over a checkerboard of fields. They saw that drouth, which spread into Illinois' fertile corn fields no longer existed, but the damage it did was plainly visible.

FRUIT GROWERS SEE  
5,000-BUSHEL CROP

Fruit growers from eastern and central counties of Kentucky recently inspected the orchards of Dr. H. Van Antwerp in Rowan county, where they saw an apple crop estimated at 5,000 bushels. In addition to the size of the crop in a drought year, the visitors noted that the apples had been kept free from codling moth, scab and blotch.

JUNE APPLE TREE IN  
BLOOM IN FAYETTE

On the W. H. Skidmore farm on the Paris pike near the Lexington city limits, a June apple tree was in full bloom last week. It bore few blossoms and no fruit at its usual time this year, but now the tree is a mass of bloom and its fragrance has attracted thousands of bees within the last few days. — Lexington Herald.

## THIRSTY ORCHARDS

If a mature orchard receives its needed four-inches of rainfall each month, it would be equivalent to 108,000 gallons of water to the acre monthly or 3,600 gallons daily, says the Bureau of Plant Industry. Counting an average of 35 trees to the acre, each tree should have a little more than 100 gallons of water daily.

## COST OF SCHOOL

It costs \$96.18 a year to teach the average child in the United States, according to the United States Office of Education.

## HOW TO "KEEP EDUCATED"

Read Daily the World-wide Constructive News in

The Christian Science Monitor

An International Daily Newspaper

It gives all the constructive world news but does not exploit crime and scandal. Men like the column, "The World's Day," need not at a glance for the busy reader. It has interesting feature pages for all the family. A weekly column, "Science," is distinguished authority on scientific, social and political problems, gives a survey of world affairs.

## REMEMBER THIS!

Previously, the wisdom of spending money here, has been shown. Bear in mind that the benefits, are yours as well as ours. Remember, that the money you spend, stays right here, and actually comes back to you. Remember, that keeping your money here, is the only way to help our community become the sort of place you wish it to be. You may—live where you please—but as long as you live here—

Remember Your Duty—Buy Here

BRUCE  
BARTON  
Says:

PAS

• Experience Teaches Dollar Worth  
One day the vice-president of a trust company was showing me around and explaining how carefully the company handles the funds entrusted to it. Being asked by him for a comment, I modestly put forth the following:

"There would seem to be one defect in your set-up. You take young men from the rich dormitories of Princeton and Harvard and Yale, and you transport them straight into the paneled offices of Wall Street without ever a chance to find out what life is all about. A dollar or a hundred thousand dollars are just so many marks on a piece of white paper to them."

"No boy ought to be allowed to come into your trust company until he has first worked a year on a farm or as a section-hand on a railroad, or behind the counter of a country store. A dollar never again would be simply a mark on a piece of paper to him. It would mean struggle and sacrifice and sweat."

The vice-president didn't pay any attention to the suggestion, of course, but I still think it was good. A great danger to this country comes from the lack of understanding between different sections and classes. You will note that no one found a job for any of these people, they wish it were possible for every big city banker, lawyer and executive to change places at least one year—in seven with a small-town storekeeper, or a day laborer. It would be fine if every big board of directors had one place which would be filled

by a farmer—a different one every year.

How much more humanity there would be in business if the men at the top could keep fresh their contact with the problems and hardships and heartaches of the ordinary man and woman.

## • Keep Right On Keeping On

Young people write asking: "How does one get into the advertising business?" Several successful advertising people recently jotted down their business autobiographies. Here are some samples:

1. Young man. Delivered newspapers. Errand boy. Chauffeur, swimming instructor, freight checker. Real estate salesman, life guard, salesman, advertising agency.

2. Young woman. Reception clerk. Asst. Credit Manager. Advertising department. Selling space, house-to-house selling. Clerk, newspaper subscriptions. Writing. Advertising. Advertising agency.

3. Young man. Making and selling photographs. Picking strawberries. Selling soap products. Church janitor and organist. Delivering newspapers. Clerk, Railway Mail Service, collection agency. Editor, printing, free-lance writer. A.E.F. private. Advertising Agency.

4. Young man. Making and selling photographs. Picking strawberries. Selling soap products. Church janitor and organist. Delivering newspapers. Clerk, Railway Mail Service, collection agency. Editor, printing, free-lance writer. A.E.F. private. Advertising Agency.

You will note that no one found a job for any of these people, they just went around kicking at the doors until one opened. In the periods between jobs it never seems to have occurred to them to sit down with folded hands and complain that they were born too late. They just kept right on keeping on.

The Family  
DOCTOR  
By  
JOHN JOSEPH GAINES MD.WORK EARLY AND FAST WITH  
PNEUMONIA

With all the progress in the science of medicine, we are forced to admit that the mortality rate in the terrible disease, pneumonia, still continues high; a specific has not yet been discovered. So few common sense observations are never out of place.

The beginning of acute lobar pneumonia is almost invariably with a pronounced chill. It is at this time that an heroic attempt should be waged early—for it does not take long to be late. Call your physician early. Better be safe than sorry; a few visits by a capable doctor are many times cheaper than a funeral.

Meet the fever following the chill with medicines which produce profuse sweating; literally "soak" the victim in perspiration. This reduces congestion of the lung by bringing the blood to the surface. Administer a good laxative as well; I tell my patient to drink all the water he can

hold; the juice of four lemons in the first eighteen hours, is a good accompaniment. A big mustard plaster over the chest, at this stage, has earned its distinction for usefulness; later it is too late. I am sure I have aborted many cases of pneumonia by the vigorous steps mentioned. Once the disease is established, your management and outlook are conjectural. I care not what moralists may say, I have found the alcoholic stimulants a great value in the profound weakness of pneumonia, combined with nourishment, especially in aged cases. But the victory is more certain if we attack before the disease is established.

USE COSMETICS  
ON SHOW CHICKENS

A new use for lipstick has been reported at Lancaster, Ont., after a storekeeper, puzzled by the sudden increase in sales of the cosmetic, asked a farmer why he wanted it. "We use lipstick to color up the combs and wattles of fowls we show at country fairs," the farmer replied.

69 PIGS IN 7 LITTERS  
Mrs. A. W. Buchanan, of Union county, claims ownership of a sow that is making a record. The sow now has 11 fine pigs, and also raised 1 out of a litter of 12 in January. The last litter made a total of 69 pigs in seven litters for the sow, with only five pigs lost.

TEN BILLIONS A YEAR  
Sickness and accidents cost the people of America ten billion dollars a year, according to an estimate of the Public Health Service which included the indirect cost such as loss of time, in its computation.

WANTS NEW SHIP  
The Department of Commerce is for the fourth time seeking bids on a new liner to replace the obsolete Leviathan. The ship is expected to cost something more than \$10,000,000.

WOMAN BURIED AT  
SEA; STEAMSHIP SUED

Elizabeth Ann Ahearn, 68, of Danvers, Mass., who left \$75,000 to charities in her will, was buried at sea reportedly because ship's officers judged from her simple black dress that she was without funds. This week relatives sued the steamship line for \$100,000.

## FARM WOMAN'S SCRAPBOOK

Mrs. Wyatt, of McCracken county, prepared a scrap book on the home-makers' Washington, D. C. meeting. In it she has copies of speeches, notes, book lists, pictures, programs, etc., and 81 homemakers attended a silver tea to hear her story of the trip.

WORK ON TAFT HIGH-  
WAY PROGRESSING

Construction work on the Taft Highway, the section leading from the Dixie over Broadway, in Williamstown, to the paved part, a mile or less west of Dry Ridge, is going ahead rapidly.

## FIRE PREVENTION

The week beginning October 4th has been proclaimed Fire Prevention Week by President Roosevelt, who urges the public to co-operate in eliminating fire hazards and in preventing loss of life and property.

## MENDING GARDEN HOSE

If the garden hose has sprung tiny holes, paint it with roofing paint and it will last the season through.

## Retains Old Life

Lalani Hawaiian Village, Honolulu, aims to preserve the traditions and customs of old Hawaii. Within the American metropolis it presents island pageants, dance dramas, lusus (native feasts), hulas and old chants, using native artists.

## Barbed Wire Entanglements

Barbed wire entanglements were first used by the Spaniards in Cuba during the Spanish-American war. But it was during the World war that they were used extensively and in some instances were electrified.

## Airplane's Shadow Constant

The shadow of an airplane is always the same size regardless of the altitude because the sun's rays are virtually parallel.

Rid Yourself of  
Kidney Poisons

DO you suffer burning, scanty or too frequent urination; backache; headache, dizziness, loss of energy, leg pains, swellings and puffiness under the eyes? Are you tired, nervous—feel all unsprung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly for functional kidney disorder permits excess waste to stay in the blood, said to poison and upset the whole system:

Use Dean's Pills. Dean's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Dean's at any drug store.

## DOANS PILLS

## IN MEMORIAM

In memory of my dear mother, Mrs. J. C. Jenkins, who died Sept. 23, 1933. Mother dear, three years ago you left us, Walk slowly down the ways of death well worn and wide, Bessie and Guilford followed closely, May they overtake you and see the journey's ending by your side.

They would forlorn not to find you, Down some golden street when they came, Walk slowly, mother dear, and often look behind you, And pause to hear if someone calls your name.

And, mother dear, when we all have crossed death's river, And at the great white Throne shall stand, May there be a grand reunion, with not one missing When we enter that glorious Promise Land. —Leota.

## "WET" GARDEN FOUND

Federal alcohol tax agents probably hummed "Mary, Mary, quite contrary, how does your garden grow?" They arrested Mrs. Margaret Polermo, Kansas City, Mo., dug up her garden and found pints, half pints and fifths of illegal whiskey all in a row.

Call and pay your subscription to The Herald.

"I kept on losing weight  
... what did I do?"  
"I found an easy, grand  
way to get back those precious  
pounds"

TO regain lost weight is a simple matter when certain bodily functions are restored to normal. Of foremost importance is the stimulation of digestive juices in the stomach to make better use of the food you eat... and restoration of lowered red-blood-cells to turn the digested food into firm flesh. S.S. Tonic does just this.

Forget about underweight worries if you are deficient in stomach digestive juices and red-blood-cells... just take S.S. Tonic immediately before each meal. Shortly you will be delighted with the way you will feel... your friends will compliment you on the way you will look.

S.S. Tonic is especially designed to build sturdy health... its remarkable value is time tried and scientifically proven... that's why it makes you feel like yourself again. Available at any drug store. © S.S. Co.
