CITY YOUTH TALENTED IN VARIED IMITATIONS

Harrodsburg may not have shared in the radio spotlight through Major Bowes and his amateur hour, but at least, this city has an artist who can do imitations about as good as any heard on the Major's program.

In case you should hear a train along Main street, don't be frightened. It may just be Marvin Murphy, 20 years old, doing his imitation of a fast Southern engine. With perfect control of his throat muscles, Marvin can do a perfect imitation of a locomotive whistle. He was brought to the Herald office recently for a demonstration. The lad, who is a graduate of the Lawrenceburg high school and who recently came here, is a son of Dr. L. M. Murphy, optometrist.

In addition to his locomotive whistle, Marvin says he also plays the ukulele and blows the jug. He may soon be "starring" before local meetings, and he certainly can fill the bill.

DR. BRADEN WINS MANY TO CHURCH

Fine Sermons Making Profound Impression On Crowd Attending Services Christian Church.

Directing his sermon especially to teachers and high school pupils, Dr. Arthur Braden delivered a powerful lesson last night "Can a Person Think and Be a Christian?" This is one of the many splendid sermons being given by Dr. Braden at the Christian church during the revival which he is conducting for the pastor, Rev. T. Hassell Bowen. The meeting will close Sunday night.

Last night's sermon was, in a way, an answer to the contention of many so-called intellectual persons that the Bible will not stand under superior knowledge gained by higher education, and that the truths of Christianity are old-fashioned. It was a logical and strong argument for the "faith of our fathers." A large congregation filled the church to hear him.

Wednesday night he delivered a masterful sermon on "Is America Destined to fail like the Roman Empire?" His parallel between the two mighty nations was a solemn warning to all Americans, and he was heard with tense interest. The service was augmented by a choir of about 35 men with J. J. Graves as director.

Responses are being made at every service, many joining by letter and confession. Mr. Bowen announced at one of the services this week that Dr. Braden will accept only his bare personal expenses in coming to Harrodsburg. All other funds contributed he will turn over to the church to be applied on the debt on the handsome edifice. Mr. Bowen invites all to hear Dr. Braden during the few nights remaining of the revival.

Moore, president of the Daughters College group, was absent in Virginia, and the vice president, Mrs. Cassius Clay, Paris, was not able to attend, Mrs. Glave Goddard presided at the business session held in the morning. No new officers were elected as the terms of those in office have not expired.

Holding its business session in the afternoon, the Beaumont College group enjoyed an informal program, each member telling some story of her life as a student at Beaumont. A pledge to raise \$100 on the student loan fund, which has already been started, as a memorial to Col. Th. Smith and Mrs. Smith, mothers of the school, was made. His brother from New York and other members of his family from Louisville were with him.

Previous to the operation, Harrodsburg friends who called Wednesday were informed that he was slightly improved but still extremely weak and gravely ill. Many friends here hope for encouraging news from him after the operation.

King Football will step up on the throne in Harrodsburg tonight, when the Pioneers will meet Perryville's eleven in the first night encounter ever offered local fans. Lights have been added to the softball field this week and everything is expected to be in readiness for the kickoff at 8 o'clock.

This past week Coach Emmett Goranflo has been drilling his charges at a hard pace in an effort to have them in best of condition for the opener. Light but fast and comparatively green, the 1936 edition of the Pioneers is expected to be somewhat better than last fall's machine. Perryville, however, has the experience of one game on the Pioneers, having opened their season last Friday at Lancaster, losing 27 to 0.

Pre-game workouts have indicated that Coach Goranflo will start Green and Moss at ends; Foster and Teater, tackles; Claunch and Burns, guards; either Mitchell or Chilton, center; Saddler, quarterback; Donovan and Curtisinger, halfbacks; and Best, fullback.

Last Friday afternoon an athletic rally was held at the high school as students and teachers met in the auditorium to hear speeches and work up enthusiasm over the coming season. Short talks were given by Supt. W. W. Ensminger and Principal J. K. Powell; Coaches Goranflo and Frenchy DeMoisey. At the meeting, each class of the junior and senior high school elected a secretary to assist the athletic association in the season ticket sale.

Efforts to bring the Danville High School band here for the Friday night game did not materialize due to the fact that the Danville Admirals are playing Richmond at Danville Friday night.
