

STOCKYARDS SHIP 44 CARS ONE DAY

Lambs Bring High Prices Here, Have
Topped State Market All During Lamb Season.

Men worked far into the night Saturday night at the Mercer County Stockyards as they set an all time record by shipping out forty-four carloads of livestock more than they ever shipped in one day before.

Choice lambs sold from \$12.40 to \$12.70 with 4098 of them bringing an average of \$12.40. On sale were 4,590 lambs which brought the highest prices in Kentucky. The stockyards here have topped the lamb market every week during the lamb market season.

It was learned that Swift & Co., meat packers, buy Kentucky's meat products on just two bonded auction markets in the State, Harrodsburg being one of them. They do this on account of the shrinkage that is not considered on other markets.

It is believed that good lambs with weight will continue to bring good prices here this season.

RETURNS FROM KENTUCKY CO. CLERKS ASSOCIATION

County Clerk Garnett Dean returned Friday night from the convention of the Kentucky County Clerks Association which convened at Mammoth Cave for three days. Mr. Dean is president of the Association. Mrs. Dean accompanied him on a trip. Among the speakers was Attorney General Vincent, of Frankfort.

OUR HISTORIC TOWN
Down near the center of the Blue Grass State
Is a quaint little town of historic date.

And over the hill of the Western side
The Fort brings memories of days gone by.
Over the trails of the Red Man's claim,
Only the bravest of the brave came; Here with this beautiful Park
Stands the memorial to George Rogers Clark.

Visitors have come both small and great,
Even the President of the United States.
As we recall not many years back
Over in a cornfield stood a dilapidated shack.

When our good men gave an urgent call,
Then came a nice donation from Mrs. Ball.
Now in the Park at the foot of the hill
Stands the Lincoln Marriage Temple with the cabin concealed.

Here beneath a tinted sky
Where our forefathers came and lived and died,
Here where the gate swings open to the West.
Lingers memories of those who were laid to rest.

FAMILY OF TEN LOSE ALL BY FIRE

Clothing, Furniture Lost When Home Burns Sunday; Shower For Them This Afternoon.

Mrs. Jack Sparrow will give a miscellaneous shower this afternoon at 2:30 for the family of Mr. and Mrs. W. L. Darland, tenants on their place, who lost practically all their household goods and clothing when their home was burned to the ground on Sunday morning. Mr. and Mrs. Darland and older members of the family were absent and only the three younger ones were at home. The children started a fire about 11 o'clock to do some cooking and sparks ignited the roof.

As the building was so far gone when neighbors reached the place very little could be saved from the blaze. The loss on the house was about \$750 with partial insurance. Mr. Darland had no insurance on his furniture. Anything in the way of clothing, cash, clothes, dishes, kitchen utensils or furniture will be acceptable as shower gifts. If articles are too large to be taken to the shower, the donors may call the Baptist church study and arrangements will be made to move the pieces.

Clothing of all kinds is needed for the family the members of which are Mr. and Mrs. Darland, two grown sons, two grown daughters, boys thirteen, eleven and eight years and a little girl of five years.

R. A. Funds Ready For Co-operative Loans

Farmer co-operative enterprises now may be organized in Mercer county with the aid of funds loaned to such organizations by the Resettlement Administration, L. H. Jones, County Rural Rehabilitation Supervisor, announced yesterday.

Funds have been made available, Mr. Jones said, for loans to communities and co-operative associations and to farm families for participation in such associations as well as in existing co-operatives. This is one means by which the federal government is helping farmers to gain new economic security, he said.

"Loans will be made to co-operatives that submit sound plans on a basis of a real community need for the service," Supervisor Jones said. "There must be assurances such an enterprise will be able to operate on a self-sustaining basis."

Mr. Jones said that he will be glad to receive the suggestions of Mercer County farmers at his office in the postoffice building.
