-vs- Exceptions to Viewers' Report.

Thomas Nat Divine

Deft.

The Deft Thomas Nat Divine, excepts to the report of the
1st Commissioners, filed herein April 13th, 1912 because, /same is so
indefinite that he is unable to determine where said road runs.

2nd- Because by said report, it would appear that a portion of said
road would ~~xxk~~ lie in deep creek and to passup said creek, which
would make the road impassable a large portion of the time.

3rd- If the road is laid out as~~y~~ recommended by said Commissioners,
it would necessitate changing the road, or a portion thereof, onto
this Deft's land.

4th The road as it appears to be recommended by the Commissioners, is
impracticable and cannot be made passable or practicable.
