

The affiant, S. K. Daugherty, states that he believes and has reasonable grounds for believing that there is now in the premises in Harrodsburg, Ky, on the East side of Chiles St known as the old Mary Dean property and being a frame house between Broadway and Lexington Streets, intoxicating liquor held and possessed illegally; that the reason for his belief is that he was told on March 15, 1932 at 9.40 a.m. in Harrodsburg, Ky, by one Buel Singleton that within thirty minutes before the time of making said statement that he said Buel saw intoxicating liquor, that is whiskey taken into said premises.

That said premises are occupied by a colored man named and known as Boy Dog, but whose more correct name he does not know, and also by others

*S. K. Daugherty,*
