COOL MILK

Do not mix warm, fresh milk with cold milk of the previous milking without first cooling the last milking, because the addition of warm milk to cold quickens bacterial growth by warming up the whole mass. Keep cans of milk covered to prevent the entrance of dust, dirt, insects, and other sources of contamination.

Michel-Beavan Wedding

The following item regarding the wedding of Miss Carolyn Michel Oak Park, Ill., is of interest here. Her mother was formerly Miss Carrie Riker, of Harrodsburg, and last summer she was an attractive guest here for some weeks in the homes of her uncles, Mr. Leslie C. Riker and Mr. Charles N. Riker.

Gowned in her mother's wedding dress, Miss Carolyn Michel, daughter of Mr. and Mrs. Frederick J. Michel of 627 North Kenilworth, became the bride of Robert Harrow Beaven, son of Dr. and Mrs. Albert W. Beaven, of Rochester, N. Y., on Monday night, Feb. 10, in the First Presbyterian church house.

The ceremony was read by Dr. Beaven, father of the bridegroom, assisted by Dr. J. W. G. Ward, minister of the church, and Rev. William H. Kirk, curate of St. Peter's church, St. Louis, Mo.

"Ich Liebe Dich" was sung by Frank F. Taylor, accompanied by Mrs. Paul Strayer. The wedding march was played by Miss Mary E. Michel, of Louisville, Ky., aunt of the bride.

The bridal gown was fashioned of ivory princess silk with a rose point lace bertha. Her long veil fell from a Brussels lace cap and her flowers were white sweet peas, lilies of the valley and gardenias.

Mrs. William H. Kirk, sister of the bride, was matron of honor and chose an evening gown of white pleated chiffon. She carried talisman roses and acacia.

The bridesmaids were Mrs. Anthony L. Michel of Hubbard Woods and Mrs. Bradford S. Abernathy, sister of the bridegroom. Their gowns and bouquets were the same as the matron of honor's.

Rev. Bradford S. Abernathy of Columbia, Mo., was best man and brothers of the bride, Anthony L. and Frederick L. Michel were ushers.

A reception for those attending the ceremony took place following the exchange of vows, and music at the reception was played by Miss Harriet Hill. The church house was decorated with ferns, palms, candles, calla lilies and acacia.

Out-of-town guests at the ceremony were Dr. and Mrs. A. W. Beaven of Rochester, N. Y., Miss Margaret Beaven of Rochester, Rev. and Mrs. B. S. Abernathy of Columbia, Mo., Mr. and Mrs. C. N. Riker, of Harrodsburg, Ky., Miss Harriet S. Scott of Brookline, Mass., Rev. and Mrs. William H. Kirk, of St. Louis, Mo., Frederick L. Michel of Pittsburgh, Miss Mary Michel of Louisville, Rev. Hubert Woolfall of St. Louis.

The bride attended Mount Holyoke college, and did graduate work at the University of Chicago and the University of Rochester.

Mr. and Mrs. Beaven will be at home after Tuesday at 1122 South Goodman street, Rochester, N. Y.

LIBRARY NOTES

Nothing is more stimulating than to read the thoughts of others and compare them with our own. It sharpens our viewpoints and enlarges our general knowledge. On the shelves of the Harrodsburg Public Library can be found books of every type, from the latest fiction to books dealing with wisdom gained through study, experience, and observation in many fields.

We, as citizens, should be proud that there is such an excellent background of reading in the community and we should be eager to have a part in its maintenance. A very simple, but very definite way to do this, is by the purchase of a Membership card.

Membership, not only entitles one to read scores of delightful books but also gives one an opportunity to express real public spirit.

On February 29, over the same station, the ensemble of the Crest Hill Junior club, Louisville, will give the program, from 4:30 to 4:45 p.m. Miss Dora Mantle is counselor of this group.

ORIGIN OF LEAP YEAR

Leap year is a year which has 366 days or one day more than an ordinary year. The extra day is added to the month of February. The origin of the day is unknown, but it probably arose from the fact that any date in a leap year after the added day of February "twenty-nine leaps" over the day of the week on which it would fall in ordinary years. For example: if March the first falls on Monday in one year it will fall on Tuesday in the next, if that is an ordinary year of 365 days but on Wednesday if it is a leap year. Leap years are those which may be exactly divided by four, except years ending with two ciphers are leap years.

Under the Julian calendar, a single day was gained in about four hundred years because the calendar year was a few minutes longer than the solar year. To correct this discrepancy, the Gregorian calendar omits the additional day in February in century years not divisible by four hundred. Thus 1600 was a leap year, but 1700, 1800 and 1900 were common years. The year 2000 will be a leap year. The difference between the civil calendar astronomical year now averages 25.95 seconds which amounts to a single day in 3330 years. Thus in 4912 the calendar will be one day ahead of the sun. —Shelby Sentinel

ANYWAY, IT BROKE HER NOSE

A parked automobile was struck by another car, out of control of its driver. The impact snapped a piece off the bumper of one of the cars.

The piece flew across the street, struck a wall, rebounded, struck a passing woman in the back, and felled her. In falling, her face struck the sidewalk, breaking her nose. Such are the details of the meanderings of a piece of auto bumper as given in a suit for \$5,000 damages filed at Cincinnati by Mrs. Addie Edmondson against Leonard Leevee, said to have been the driver of the car.

THE WAY TO PEACE

By W. J. Moore
Love thy neighbor as thyself,
Our blessed Lord hath said,
For 'tis the way to foster peace,
No future wars to dread.

Who is thy neighbor? often asked
By many who should know;
Why everyone whom God hath made
To fraternize below.

He may be far, he may be near,
But neighbor just the same;
The Prince of Peace admonished this,
O bless His holy name.

If Christ's injunction we'll but heed,
And to His will now bend,
All wars will cease and we'll have
peace,
Good will on earth toward men.

Thou shalt not kill, was thundered forth
From Sinai's lofty peak,
This high command must be obeyed,
If we His love would seek.

War is hell, it hath been said—
How true is this acclaim—
Then from this day, in every way,
True peace should be our aim.

Our chiefest thoughts should be of
peace,
Not bloody conflicts, war,
And in this way we'll purge our
minds
Of that we most abhor.

If we these firm resolves will make—
Poor pilgrims on our way—
We'll love our neighbors as ourselves,
And PEACE will crown the day.

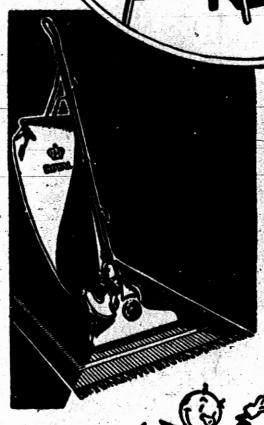

What this country needs is a Townsend plan under which more towns will plan to send reckless drivers to jail.
