### 156 FROM PICADOME

#### SCHOOL AT PARK

Four loads of pupils and teachers, numbering 156 persons, visited the Pioneer Memorial State Park yesterday. They greatly enjoyed the historic shrine and were much interested in the history of early Kentucky that clusters around this cradle spot of Kentucky. The curator of the Park and his assistants enjoyed the visit of these bright young people.

If you feel tired run-down nervous and out of sorts

There is usually a definite reason for such complaints... so, now let's reason sensibly. Don't try to get well in a day... this is asking too much of Nature. Remember, she has certain natural processes that just cannot be hurried.

But there is a certain scientific way you can assist by starting those digestive juices in the stomach to flowing more freely and at the same time supply a balanced mineral deficiency the body needs.

Therefore, if you are pale, tired, lack a keen appetite, have lost weight and feel run-down... a frequent sign that your blood-cells are weak, with a tendency towards anemia—then do try in the simple, easy way so many millions approve—by starting a course of S.S.S. Blood Tonic.

Much more could be said—a trial will thoroughly convince you that this, in the absence of any organic trouble, will start you on the road to feeling like yourself again.
