CLUB WOMEN MAY GET PROGRAMS

Make Request Of Mrs. Lafferty, Sec. Of Woman's Club Service, University Of Kentucky.

As many program chairman of the Kentucky Federated Clubs are preparing to arrange their programs for 1936-37 and seeking new and interesting topics which may be presented, Mrs. W. T. Lafferty, chairman of the Bureau of Information of the Kentucky Federation, also, Secretary of the Women's Club Service of the University of Kentucky, has prepared the outlines for several new topics for club programs which will be ready for distribution at the State Convention in Harrodsburg on May 13, 14 and 15.

These new topics prepared by members of the faculty of the University of Kentucky are: "Tree Studies" by N. R. Elliott, College of Agriculture; "Legal Tidbits for Club Women" by Lewis Roberts, College of Law; "Kentucky in Recent Literature" by Margaret King, University Librarian; "Musicians On The American Concert Stage" by R. D. McIntyre, College of Commerce; and "Graphic Art" by Edward Fisk, Department of Art.

Numerous Clubs are well acquainted with the excellent work of these faculty members as Mr. McIntyre prepared the popular program "Glimpses of American Music and Musicians"; Mr. Fisk was the author of "Schools of Painting" and

Miss King arranged the very popular program "Books of Our Time." The topic "Tree Studies" promises much of interest inasmuch as throughout the entire state of Kentucky there is a very earnest effort to preserve its beautiful trees. "Graphic Art"—this program has not only been prepared by Mr. Fisk, but he and his talented wife, Lucy Fisk, have agreed to give four lectures. In these, Mr. Fisk will demonstrate Line Engravings; Aquatints; Mezzotints and Dry Point and Mrs. Fisk will lecture on the masters of these various arts and illustrate them with slides. In connection with these lectures, Mrs. Lafferty has arranged for exhibit the beautiful paintings of Hildgarde Hamilton, wife of Major Ryland of the Romance of Language faculty of the University of Kentucky.

In addition to these four program outlines there are available to Program Chairmen the following series of Departmental programs consisting of eight studies—one for each club month. Programs relating to the American Citizenship Department are: The Woman Citizen by Dr. Manning; Legal Interest of Married Women by Dean A. E. Evans; Constitution by Charles J. Turck. For The American Home Departments the following are offered: Furnishing the Early American Home by Ann Callahan; Gardening by Dr. Frank McFarland; Wise Spending by Julia Hurd McElowney, Chairman Home-making, K. F. W. C. The programs arranged for the Fine Arts Department are in three divisions—Art, Literature and Music. Two sets are offered in the Art division: Schools of Painting by E. W. Fisk and Eight Paintings by American Artists by E. W. Rannels. The Literature Section offers the following: Contemporary American Literature by Dr. L. D. Dantzer; Some Studies in Modern Drama by E. F. Farquhar; Current Drama by Margaret King; James Lane Allen by Grant C. Knight and Club Journalism by Marguerite McLaughlin. The Music Division series consists of Appreciation of Music by Carl Lampert; The Opera by Carl Lampert and Glimpses of American Music and Musicians by R. D. McIntyre.

Included in the programs arranged for the International Relations Department there are available The United States and The Far East by Dr. Paul Clyde; Problems in Political Geography by Dean Sarah Blanding; and Our Latin American Neighbors by Alberta Wilson Server. Those clubs interested in Kentucky History would do well to consider for their next year's program the following: Civil War and Readjustment in Kentucky by Dr. E. Merton Coulter; Birds by Dr. Funkhouser; Studies in Kentucky Archeology by Dr. Funkhouser and the Know Your State Series by Mrs. T. W. Lafferty.

Further information concerning any of these programs may be had by writing to Mrs. T. W. Lafferty, University of Kentucky, Lexington, Ky. Mrs. Lafferty also offers the usual service of books from the University Library as well as clippings from her office as a help towards carrying out these fine programs.

PAY FOR MOTHERS DURING CHILD BEARING IS URGED
Wages for wage-earning mothers during child bearing periods were urged before a senate labor subcommittee this week by Dr. Emily Pierson, of Cromwell, Conn., during a hearing on the Frazier-Lundeen social security bill.

SAFEGUARD CHILD'S APPETITE
In order to safeguard the child's appetite, he should not be given sweets between meals or early in the meal. A good habit is to serve sweets only as dessert or immediately after a meal, and in limited quantities.

Sweet apples do not necessarily contain more sugar than other varieties, they may, rather, be lacking in the natural fruit acid.

TWINS INTERESTING NEWS TO COUPLE

The Clarksville, (Tenn.) Star scored a beat in announcing the birth of twins—and then the editor got this letter:

"I am told that your paper, the Star, last week announced that twin sons were born at my house. This news was interesting, but surprising to my wife and me. Naturally we try to keep up with the goings on around our house, and are at a loss to understand how an event of such personal importance could have escaped our attention.

"Pepped up by the representation in your paper we have hung out the Welcome sign. But we would like to know the names of the youngsters and any other information about them that might be in your possession."—Cynthia Democrat.

FATHER OF 37 EXPECTS 38TH AT AGE OF 91

PIANO KEYS

To clean ivory keys, rub them with a soft cloth dampened with alcohol. Be careful not to allow the alcohol to touch the finish of the wood or it will dissolve it. Stains on the ivory may be removed by a rubbing with coal oil or turpentine, using the same care not to permit the turpentine to spoil the finish of the wood.

MAY 1 PROCLAIMED CHILD HEALTH DAY BY ROOSEVELT

President Roosevelt has proclaimed May 1 as Child Health Day.

With hundreds of children rolling Easter eggs just outside his window, the President issued a proclamation urging all agencies, public and private, to study the new social security program, as it benefits children.

POSSIBLY

"Can you tell me how to wash spinach so as to get all the sand out of it?"

"Sure. Tie it on the end of a fishing pole and hold it under Niagara Falls."—Florida Times Union.

The boys who ask a girl for every date in the world except that of a call on the minister possibly need a little leap year treatment.

TREES AND THE MASTER

Into the woods my Master went, Clean forspent, forspent. Into the woods my Master came, Forspent with love and shame. But the olives they were not blind to Him, The little gray leaves were kind to Him, The thorn tree had a mind to Him When into the woods He went.

Out of the woods my Master went, And He was well content. Out of the woods my Master came, Content with death and shame. When Death and Shame would woo Him last, From under the trees they drew Him last;

'Twas on a tree they slew Him—last When out of the woods He came. —Sidney Lanier.
