State of KENTUCKY
S.S.
County of MERCER

The affiant, R. T. Cooke, says he is a resident of ~~the~~ MARION County and State OF INDIANA and that he is employed by the Hawkeye Oil Co., a Corporation engaged in the sale of oils and Gasoline and operating a Station and sales place in Mercer County, Kentucky, and that Lotta Renfro, the oil inspector for and in said County of Mercer, by herself, her agents and assistants in the inspection of Oils and Gasoline in Mercer County, and especially at the Station of the Hawkeye Oil Co., have permitted samples of oil and gasoline for inspection, to be taken from Tank Cars, casks, barrels & etc, out of their presence and without their personal knowledge and have received such samples for inspection, as if they had taken them in person, and they have continuously accepted samples of oil and gasoline so furnished by our local Agent, without making any test at the time as provided by statute, and have continuously failed to ~~furnish us with any report of the test and did not brand and do~~ not brand the barrels and receptacles with a brand containing the words " Approved Test" and have permitted our Agents to use this brand as they saw fit.

That the husband of said Lotta Renfro, is one Charles W. Renfro, who is Agent and Manager for the Standard Oil Co., and in their employ and is a competitor of said Hawkeye Oil Co., and we have information that advice concerning the tests of our oils and Gasoline have been disclosed by him in a manner detrimental to our business in Mercer County Kentucky.
