Gentlemen:-

We are in receipt of a communication from the freight agent of your city stating that he had on hand a piano consigned to you and that you have refused to accept it..We wish to state this is the piano you ordered through our house sometime ago, and we will ask you to call at freight station and have it moved at once. This is to your own advantage to do so as no doubt the storage charges are accruing, and the sooner you remove it the less charges you will have to pay.

Trusting you will give this matter your immediate attention, we are,

Very truly yours,

BOSTON PIANO & MUSIC CO.
