Gentlemen:-

We are enclosing bill of lading for the piano, as same had been shipped before your message reached us, requesting us to defer shipment. The vitaphone and China Ware orders are being held awaiting your advice to ship.

We presume that your request was based upon the fact of your contest not starting before November 10th, and that the early arrival of the goods might cause unnecessary trouble; this being the case, we are of the opinion that the early shipment of your piano is providential, for you can put it on display and then sound hints of the big contest you are about to put on and by the time you are ready to start the contest you will have a host of workers. Suppose you send us your list of one hundred names immediately and let us aid you to this end.

Very truly yours,

BOSTON PIANO & MUSIC CO.
