

Mercer Quarterly Court

Martin & Johnson

Plaintiff

-v- Amended Petition

John Dunn &c

Defendants.

Come the plaintiffs and say that to avoid misunderstanding they more specifically describe the car sought to be subjected herein thus, an Overland Car seven passenger six cylinder with Willys ~~Knight~~ Engine, some times called Willys Six or Big Six; that the work, labor and materials and supplies were all done on and furnished for the car as here described and the car described in the origina petition is the same as that here described and being the same car in possession and use of John Dunn; that this amendment is made as precaution so as not to mislead any one; that they have filed an amended affidavit in the Mercer County Court Clerk's Office correcting the description of said car, a copy of which is attached hereto.

Wherefore &c

G.E. Rankin for Plaintiffs.
