1 April 1952

Mrs. Josephine Preston
221 Magoffin Avenue
Harrodsburg, Kentucky

Dear Mrs. Preston,

Reference is made to the interment of your son, the late Second Lieutenant Everett R. Preston, and his comrades, which was made in Graves 1B, 1C and 1D, Section 82, Jefferson Barracks National Cemetery, St. Louis, Missouri. It is regretted that because of the fact it was impossible to identify individually the remains of your son, you were deprived of the comfort and consolation which you might have been afforded by interring his remains at home.

It is felt that you might like to have the inclosed photographs of the stone which has been placed at the grave.

You are assured that the grave will always be cared for in a manner fully commensurate with the sacrifice your son has made for his country. Any desired information concerning the grave or the cemetery will be furnished upon request.

Sincerely yours,

Group Burial, Communal Urn
United States Armed Forces Cemetery
Yokohama #1, Japan

Mrs. Josephine Preston
221 Magoffin Avenue
Harrodsburg, Kentucky

Dear Mrs. Preston:

The Department of the Army desires that you be given the most recent information concerning your son, the late Second Lieutenant Everett R. Preston, ASN O 404 977.

His cremated remains were initially buried with others of his comrades who met their death while prisoners of war in custody of the Japanese Army. His remains, together with those of his comrades, were cremated and interred under Japanese supervision in a communal urn at the Fukuokoa Prisoner of War Camp, Fukuokoa, Kyushu, Japan. This communal urn is now resting in the United States Armed Forces Cemetery Yokohama #1, Japan.

The remains of the group will be returned to the United States for interment in Jefferson Barracks National Cemetery, located at Saint Louis 23, Missouri.

This plan for the burial of all the known groups of men for whom individual identity cannot be established in one of our country's shrines is based upon the provisions of Public Law 383, 79th Congress, as amended by Section 3, Public Law 368, 80th Congress. Final interment in a National Cemetery in the United States where perpetual care will be given the graves, is fitting and proper. This particular National Cemetery was selected in order that no undue burden of travel might be placed on any one family wishing to attend the service.

You and the next of kin of the other men will be informed of the date and time of the final interment sufficiently in advance to permit you and any interested persons to attend the ceremonies. In order that you may receive information concerning these final rites, it is essential, in case you change your address, that you promptly inform the Commanding Officer, Chicago Quartermaster Depot, Attention AGRD, 1819 West Pershing Road, Chicago 9, Illinois.

Sincerely yours,

E. V. FREEMAN

Dear Mrs. Preston:

Receipt is acknowledged of your communication relative to the identifying data to be used in connection with the marking of the grave site of a group burial of 100, which contains the remains of your son, the late Everett N. Preston, located in Jefferson Barracks National Cemetery, St. Louis, Missouri.

There will be a marker of special design placed at this grave site, which will bear the names, ranks, and service identification of the decedents. If the nationality is foreign, it will be so indicated as part of the individual's inscription.

The delay in replying to your communication, which was caused by circumstances beyond the control of this Office, is sincerely regretted. It is hoped this information answers your inquiry.

Dear Sir: I am asking that the bronze marker to be placed at the "100inl" grave, 1-B, 1-C, and 1-D, Sec. 82, in the Jefferson Barracks National Cemetery in St.Louis,Mo.,have engraved upon it the same identifying information as those markers at other communal graves where a less number of remains are interred, namely--rank, service identification, and nationality (since there are many from other countries in the same grave).

Dear Mrs. Preston:

I truly regret the necessity of this communication in reply to the form which you completed concerning your desires as to the final resting place of the remains of your son, the late Second Lieutenant Everett R. Preston.

Our letter of 31 October 1947 was mailed to you in error, and I must ask you to please disregard it as you may not be granted the privilege of determining the final resting place of the remains of your loved one. I am unable to account for the letter having been mailed, but we most certainly hope you will accept our apology. It was not our intention to add to your anxiety in this manner.

In consequence of our letter and of information previously received from the Far Eastern Zone Commander, American Graves Registration Service, it becomes necessary for me to furnish you details concerning the remains of your son, who died while a prisoner of war in the custody of the Japanese. His remains, together with those of other members of the Allied Forces with whom he died, were cremated and interred under Japanese supervision in a communal urn at the Fukuokoa Prisoner of War Camp, Fukuokoa, Kyushu, Japan. Due to the physical status of these remains, which includes the ashes of other American personnel, as well as those of Allied nationals, it is not possible to effectuate final disposition at this time. This communal urn is now resting in the United States Armed Forces Mausoleum, Yokohama #1, Japan.

It is therefore obligatory for me to inform you that the remains of these honored dead will not be moved pending determination of appropriate disposition.

Declassified in accordance with D.O. 13526

I realize the formal and written word is a poor medium for the expression of sympathy, but irrespective of that knowledge I want you to know that the supreme sacrifice of your loved one compels in us a feeling of humility and respect.

May I again express our apology, and may providence grant you a measure of relief from the distress you have experienced.

Sincerely yours,

Dear Mrs. Preston:

The War Department is most desirous that you be furnished information regarding the disposition of the remains of your son, the late Second Lieutenant Everett R. Preston, A.S.N. 0 404 977.

293

The records of this office disclose that his remains, together with those of other members of the Allied Forces with whom he died, were cremated by the Japanese and interred under Japanese supervision in a communal grave near the Fukuoka City Prison on Kyushu, Japan. These remains have been recovered, reverently placed in a communal urn, and are now enshrined in the United States Armed Forces Masoleum, Yokohoma #1, located within the city limits of Yokohoma, on Honshu, Japan.

This masoleum is under the constant care and supervision of United States military personnel.

Due to the physical status of these remains, which include the ashes of other American personnel as well as those of nationals of other countries which were our allies, it is not possible at this time to foretell final disposition. However, you will be advised, without solicitation on your part, as to the enactment of any future policies which may effect the disposition of your loved one's remains.

Please accept my sincere sympathy in your great loss.

REMAINS CONSIDERED IDENTIFIABLE

UNKNOWNS X-265 thru X-364, (100 cremated remains in a communal urn), USAF Mausoleum #1, as the group shown on attached roster, individual identity impossible to obtain:

1. Basis For Declaring Remains Identifiable:

a. One hundred men whose names are listed on the attached roster are the same men whose names were compiled from Japanese "Roster of Former PW's whose ashes of bodies are still buried here" and all records indicate that the 100 men were casualties in the vicinity of FUKUOKA, KYUSHU, JAPAN, during the time the communal urn was being established.

b. Investigations indicate that the cremated remains recovered at FUKUOKA, KYUSHU, JAPAN, are all the recoverable remains of the 100 men lost. The Japanese people practice mass cremation in disposing of the remains of a large number of casualties and where casualties were in large numbers among individuals of an inferior status the ashes were allowed to accumulate in one large container. In the absence of information to the contrary it must be assumed that the records kept by the Japanese in this instance are correct and that disposition of remains of Allied prisoners of war was made by them as the investigations indicate.

2. It is recommended that Unknowns X-265 thru X-364 (100 cremated remains in a communal urn) Row 8, Niche 120, be identified as a group and all the recoverable remains of 100 prisoners of war including 71 Americans, 16 British, 10 Dutch and 3 Australians.

1. It is advised that a communal grave was found situated in the N.W. corner of the cival cemetery which is on the eastern side of the Japanese Cival Gaol on the western outskirts of Fukuoka city (approx 2 miles from centre of city)

2. Judging by Japanese records held at this HQ, it is believed that this communal grave, consisting of one large urn, contains the "Ashes" of 109 deceased Allied forces.

3. Of these 109 deceased, records show that the "Ashes" of 16 U.K. personnel and 3 Australians are supposed to be in the communal grave.

4. Enquiries made by OC at HQ, 32 Div, in control of Fukuoka, did not result in any information whatsoever as regards the policy to be adapted in dealing with this communal grave.

5. It is presumed that such an important decision must be given by GHQ, SCAP.

6. A Nominal roll showing names of U.K. and Australian deceased is attached herewith.

HEADQUARTERS KYUSHU BASE, APO 929, 14 March 1946.

TO: Commanding General, Eighth Army, APO 343
ATTN: Graves Registration Officer.

1. Report of findings resulting from investigation conducted by Graves Registration Officer at this Headquarters, is submitted herewith.

2. Communal grave located on northwest corner of civilian cemetery on eastern side of Fukuoka City Prison was located per directions contained in basic correspondence. Site was enclosed by small picket fence approximately six feet square and marked by a 4 x 4 stake about four feet high. Inscribed on stake in Japanese characters is "Prisoners of War Communal Grave". Date on stake, also in Japanese, is "May 1945".

3. Interrogation with Japanese civilians disclosed that seven or eight allied prisoners performed the burial under guard of three Japanese soldiers. After fruitless search for any person with knowledge of identity of deceased, Graves Registration Officer exhumed remains with the possibility in mind of finding identification enclosed with remains. Contents of grave were two wooden boxes (not one large urn), each with content of approximately five cubic feet. Only bones and ashes were found upon opening both boxes; said boxes were reinterred in original location.

4. Further search led to Japanese Army Demobilization Headquarters in Fukuoka, Kyushu, where Japanese prepared rosters of allied dead were obtained. Information compiled from two rosters, (1) "Roster of former P.W.'s whose ashes or bodies are still buried here", and (2) "Name list of the dead, Camp No. 1", resulted in the attached list of allied deceased, enclosure No.3. From all evidence obtained and interrogation of Japanese in this vicinity, it is believed that enclosure 3 includes the names of all deceased in the Fukuoka communal grave. However, attention is invited to the fact that the attached list totals one hundred as against the one hundred and nine mentioned in letter, 27th Australian War Graves Unit, dated 3 Jan 46, attached to basic letter. The breakdown for the Fukuoka grave is as follows: American, 71; United Kingdom, 16; Australian, 3; Dutch, 10; Total, 100.

5. Visit to communal grave at Daiyuju Temple Cemetery, Higashitani-machi, Shoji, Moji City, disclosed the grave to be well kept. No attempt was made to open this grave, but from interrogation of Chief of Police at Moji, it is assumed that the ashes of deceased are buried in one container.

6. The attached list of deceased buried at Moji, enclosure No. 4, is divided into two sections. It will be noted that the first section is more or less complete as to identity of deceased, who were prisoners at Camp No. 4. This information was compiled from the former roster mentioned in paragraph 4, above, plus a roster of allied dead at Camp No. 4. The second section contains names of allied personnel who were not inmates of Camp No.4, but who had dies enroute to Japan or very shortly after debarkation. Careful search for additional data as to their identity proved fruitless.

7. The breakdown of deceased, enclosure 4, agrees with the breakdown shown in letter, 27 Australian War Graves Unit, dated 4 January 1946.
