WEST SIDE HIGH SCHOOL

Harrodsburg - Kentucky

1938

D E D I C A T I O N

The second publication of the Westiola is dedicated to our Principal, Miss M. M. Elliott. Miss Elliot has served as principal of the West Side School since 1919. Her service has been untiring. Many pupils have been inspired to higher ideals and to a more useful life by her leadership.

The school has grown from an elementary school to a four year high school. Under her direction, a commodious building, modern in every way has been built.

May security and happiness ever be her future life as she leaves us this year to enter the bonds of matrimony.

T H A N K S

We the Senior Class of West Side High School are keenly conscious of the support given us by the business friends of the city. We deeply appreciate the interest that they have shown.

To the student body and citizenry in general we are indebted for the loyal support given. Much credit is given to the mothers of Harrodsburg and Mercer County, especially to Mrs. Bessie Fisher, who was crowned the most popular mother of Mercer County, for their earnest work in helping to make this project a success.

The services of Miss Nellie C. Gillespie and Miss Clara B. Clelland as advisors and compilers of this volume of the Westiola have been greatly appreciated.

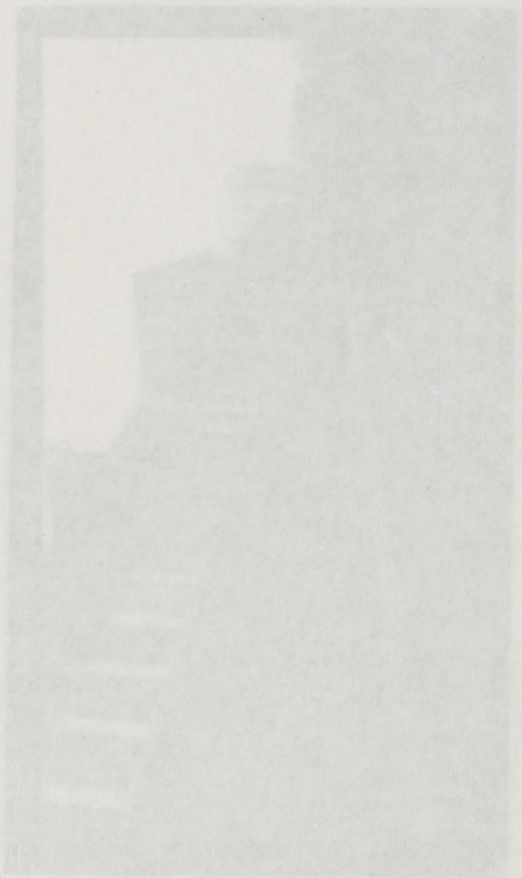
WEST SIDE PUBLIC SCHOOL

Our school is composed of two departments, the elementary or grade school which includes grades one through the eighth, and the high school or secondary department which includes grades nine through twelve.

THE ELEMENTARY DEPARTMENT

The instruction in this department is carried on by three full time and two part time teachers who bold Bachelor of Art Degrees from Kentucky State College and the University of Cincinnati. Two have begun work on Master Degrees at the University of Cincinnati.

The spirit of cooperation and the earnest integrity of these experienced teachers have earned for West Side an enviable position. The enrollment for this department is one hundred fifty seven (157) The attendance record, the fine spirit of loyalty, the ready response to school or community projects of these pupils deserve special mention here.



HIGH SCHOOL

The high school is composed of sixty two pupils. The instruction here is carried on by two full time, and two part time teachers assisted by the Principal. All of these hold Bachelors of Art or Science Degrees, with additional hours to their credit in the special fields in which each is teaching, or toward a Master of Arts Degree.

There has been rapid scholastic progress and accomplishments in the ten years the high school has been established. We feel our scholarship is gaining in quality, the student morale is fine, the athletic spirit is in a healthy and a vigorous condition, and that West Side is enjoying the well earned results of working and planning and waiting. There have been sixty three graduates.

The occupancy of a modern and commodious building in 1932 with a steady improvement in equipment and physical surroundings; the efficient administration and policies of the Harrodsburg Board of Edication with Mr. William Ensminger as superintendent; the substantial support of our patrons through the Parent Teacher Organization of which the present president is Mrs. Charles Wade; and of the school spirit of the citizenry in general have made possible the degree of success attained. Only through such continued administration and cooperation will West Side continue to improve and expand.

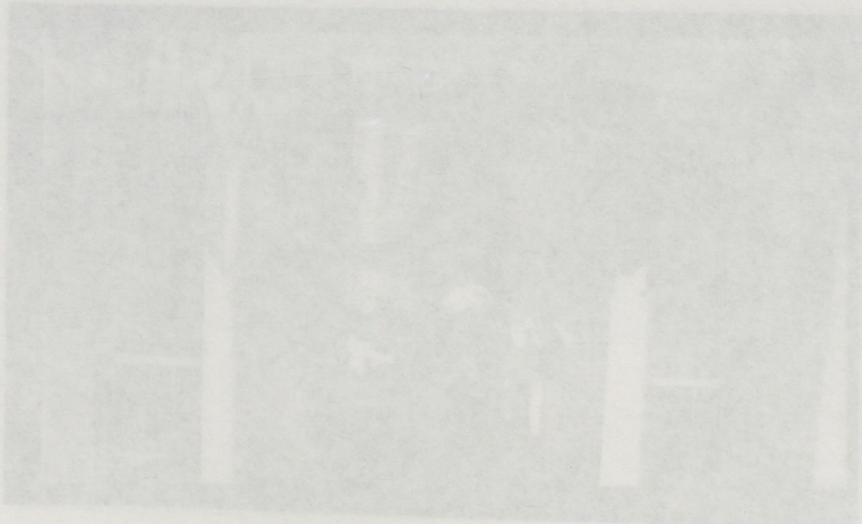
The Senior Class of 1938 is composed of eleven members, three young men, and eight young ladies. Being weighed in the balance we might be found wanting in equilibrium, when it comes to achievement we feel that we are not wanting. For in our



class there are two artists, a seamstress, two executives, two business women who are sponsoring their high school education, two dramatic readers, a prospective nurse, two athletes, one with all state honor, and one knight-errant.

Our motto is "Know thyself". Our ambition is to:

"So live that when our summons comes to join
The inumerable caravan which moves
To that mysterious realm where each shall take
His chamber in the silent halls of death
That we go not, like the quarry slave at night
Scourged to his dungeon, but sustained and soothed
By an unfaltering trust, approach our graves
Like one who wraps the drapery of his couch
About him and lies down to pleasant dreams."

The Seniors bequeath to the Junior Class their "social structure".

James Jackson and Laconia Williams bequeath to the Basket-ball team the spirit of everlasting victory, the sportsmanship and cooperative play, which they have enjoyed.

To our teachers, we bequeath much peace of mind.

To our principal we bequeath all of our smiles that she may carry a light and a fond memory of the class of 1938 with her to Detroit.

ATHLETICS

Although handicapped by a lack of capable reserves, the 1937-38 basket ball season marked one of the most successful in the history of West Side. The team won thirteen out of sixteen regularly scheduled games scoring a total of 517 points to 255 points for their opponents. The team also played to the semi-final round of the Kentucky High School League Tournament.

Williams, for the second straight year, was placed at forward on the first all state team. Two members will be lost from this year's squad by graduation; Williams, a forward, and Jackson, center. The regular schedule record follows:

West Side	62	Ky. Industrial School	8
"	28	Mayo Underwood (Frankfort)	25
"	54	Dunbar (Nicholasville)	9
"	40	Ky. Industrial School	12
"	30	Eckstein (Glendale, Ohio)	23
"	52	Woodlawn (Lockland, Ohio)	17
"	34	Dunbar (Lexington)	7
"	17	Bate (Danville)	18
"	45	Barbourville High	11
"	20	Central (Louisville)	6
"	42	Eckstein (Glendale, Ohio)	27
"	20	Dunbar (Nicholosville)	6
"	15	Bate (Danville)	7
"	18	Lincoln Institute	20
"	16	Mayo-Underwood (Frankfort)	28

At West Side, athletics mean more than the development of certain physical skills, more than an attempt to accumulate a few dollars and cents; it is rather a means by and through which a great number of worthwhile ideals of manhood have been taught - such as sportsmanship, clean and fair play.

It is the fondest hope of those entrusted with the operation of the school that in the future a more extensive play program can be developed, whereby a greater number of the students may benefit from the fine lessons to be taught and learned from clean, wholesome, supervised play.

The High School Choruses, Male, Female, and mixed are organized for a three fold purpose, namely, to provide training in part-singing, to create a deeper appreciation for music and to conserve voices.

The Girls' Chorus is composed of girls from Grades Eight to Twelve; the Male Chorus is composed of boys from grades Nine to Twelve; the Mixed Chorus is a combination of both.

Realizing music to be a potent aid in any school system, it has been made a component part, of the curriculum throughout the school. Each grade has a designated music period.

The study of music enlarges the imagination, and stimulates the creative ability of any child. Music study also provides mental discipline more than any form of expression. A school without music must be a dull work shop.

The man objectives of the Music Department is to obtain complete singing, embodying breathing--- tone production, enunciation, rhythm, form, melody, and the sincere expression of aesthetic sentiment. For music should awaken a desire for the good, the beautiful, and the true.

The Hi-Y Club of West Side represented a 100% enrollment of the High School boys, working together for a realization of such lofty ideals as contagious Christian character for themselves and for the community to which they belong; clean living, clean speech, clean sports, and clean scholarship.

Several interesting meetings were held during the year at which time guest speakers were present to give talks to the club.

Grades seven and eight have a combined membership of forty-six pupils, with an attendance record varying from ninety-five to one hundred percent.

The extra curricular activity of this division is a club organized among the girls. This club bears the name of "The Ever Ready Girls" with a club motto "Others".

Dramatizations in the Literature and English Classes instructed by Miss Clelland, and projects in Math and History classes under Miss Jackson, have accomplished much in motivating interest, cooperation, and developing respect for leadership.

As revealed by librarian's record our department has read more books than any other department in the school. James Foster Reese has served as assistant librarian during the school year and has won the admiration of all by his efficient, manly service.

We are proud of the talent we possess. Our division can boast of several artists, many Jeny Linds, and several promising pianists.
