STOCK AND PEOPLE

I am the only man in this town that sells dréches for cows and horses and a liniment for gargett or swollen udder. It is bad to see a man turn a calf out and let it nurse a good cow's swollen udder without holding his hand over its nose, and you look around at her eyes, and they are full of water, she is crying it hurts her so. This trouble is the same as a woman with weed in her breast. The cure for same, go and get you a handful of sheep's wool, bring it home and hold it to the fire and look over and see if the sheep's oil has come to the surface of the wool, and when its not too hot, put it over the breast and in 9 minutes your pain is gone.
