

## TALENT SHOWN AT AMATEUR HOUR

Program Draws Crowd Too Large For Auditorium, Making Repe-tition Necessary.

Response to the Lions Club's call for amateurs to compete in the contest at Rose Hill last Thursday night was so great that the program drew a crowd which demanded—and got—a repetition of the program so that everyone might enjoy it. The first show was started at 7:30 and then those persons who could not find seats for this performance witnessed the second rendition of the same program. Those who took part gladly gave the repeat performance. Prizes were awarded at the first show.

Lazarus Powell, Maurice Powell, and Charles Camden won first prize with their musical act which included three guitars as accompaniment for two vocalists. Second prize was won by Mrs. William Bailey and Vanetta Bottom for their song, "Crawdad Hole." Winners of first and second places will compete in the grand final which will be held in Harrodsburg at a date not yet chosen.

Roy Sutherland acted as master of ceremonies and quizzed and introduced each eager amateur.

Following is the program in full: Quartet, On Treasure Island, Hazel Bradley, Elsie Kirkland, Donald Gash, Julius Hungate, representing the Glee Club.

Duet, Charlie Camden and Levi Camden, F. F. A. presentation.

Reading, Little Orphan Annie, Margie Evelyn Carpenter.

Duet, Curly Headed Baby, Blanche Devine and Jewell Mobley.

Song, Prairie Moon, Juanita Brown, assisted by Dillard Brown, Harold Brown, and Harvey D. Leonard.

Dialog, Green as Grass, Donald Gash and Maurice Carpenter, representing the Junior-Senior Home Room.

Banjo Solo, Old Fort, Serenade, Dillard Brown, assisted by Harold Brown.

Piano Solos, Humoresque; Butterfly Dance, Mrs. Harvey D. Leonard.

Quartet, Rainbow Song, Ann Whittenack, Christine Mobley, Virginia Leonard, representing Bruner's Chapel Church.

Trio, Dillard Brown, Harvey D. Leonard, Harold Brown. Dancing by Donald Brown and Martha E. Leonard.

Pantomime, Love's Triumph, Virginia Leonard, Louise Gash, Virginia Devine, Donald Gash, Julius Hungate, Loyd Vandivier, Maurice Carpenter, representing Girl Reserves Club.

Harp Solo, Floyd Collins, Arthur Mayes.

Duet, List to the Voice of the Saviour, Mrs. William Bailey and Vanetta Bottoms.

Debate, Resolved, That Dandruff is a greater menace to civilization than Halitosis, Stanley Frost and Loyd Vandivier, representing H-Y Club.

Quartet, Red Sails in the Sunset, Evelyn Warner, Agnes Warner, Blanche Devine, Jewell Mobley.

Guitar Duet, Nobody's Darling & T For Texas, Julius Hungate and Shelby Tyler.

Duet, Crawdad Hole, Mrs. William Bailey and Vanetta Bottoms, assisted by Harvey D. Leonard.

Duet, Under the Double Eagle & Bully of the Town, McGlone and Riley, representing Hill Top School.

Piano Solo, Elizabeth Semons.

Trio, Harvey D. Leonard, assisted by Dillard Brown and Harold Brown.

Duet, Nobody's Darling, Valona Violet Mobley and Jewell Mobley.

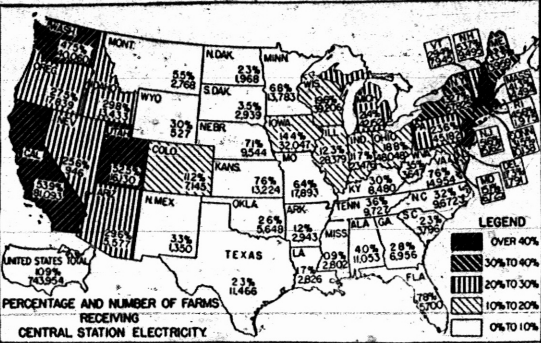

Harp and Guitar Duet, Sally's Got a Meat Skin, McGlone and Mayes.

Piano Duet, Midnight Alarm, Louise Gash and Christine Mobley.

Trio, Alabama Jubilee, Lazarus Powell, Maurice Powell, Charlie Camden.

First place was won by Charlie Camden, Lazarus Powell, and Maurice Powell; second place, Mrs. William Bailey and Vanetta Bottoms; third place, Maurice Carpenter and Donald Gash.

## Rural Electrification in the United States-1935

TOO many American farms are behind the time. In the West, where electricity is used extensively for irrigation, and in thickly settled North Atlantic States, about one farm in three has electric service. In the South and throughout the Middle West rural electrification is very much rarer and in some States almost non-existent. The Rural Electrification Administration believes that concerted action by farmers, private industry and the Government, using modern methods and modern practices, can change this condition radically. Line

costs are now much lower than they were even a year ago, contributions toward the cost of extensions have been reduced or eliminated entirely, rate schedules are simpler and in many cases lower, and Federal loans are available in every stage of electrifying a farm. REA will lend money to build rural lines and to wire groups of farms; the Electric Home and Farm Authority helps to finance the purchase of appliances and equipment; and Federal Housing Administration's facilities are available for plumbing and remodeling.

### ANDERSON CO. DOG OWNERS BUY TAGS AS JUDGE WARNS

During the first 69 days of 1936 only 278 dog owners of Anderson county applied at the office in Lawrenceburg of Sheriff E. R. Jeffries for licenses for their dogs. In his instructions to the grand jury of the March term of court Judge Charles C. Marshall told the jurors to make a thorough investigation and indict all owners of dogs who had not secured licenses and have them haled into court.

Following this order there was a rush for licenses and in eight days Sheriff Jeffries and his deputies sold 673 tags, and they're still coming. There is a story going the rounds that one of the jurors, after hearing the instructions of the court and going to the jury room, hurried to the sheriff's office at his first opportunity and bought a tag for his unlicensed dog.

### OLD WILLIAM AND MARY TO HONOR HARVARD'S HEAD

President Conant, of Harvard, will receive an honorary degree of Doctor of Laws at the commencement of the College of William and Mary in Virginia, June 8.

"Two hundred and forty-three years ago, the College of William and Mary was the only institution of higher learning in America which could have conferred a degree upon Dr. Conant." Harvard was founded in 1636 and William and Mary in 1693.

"Age is not the only tie between Harvard and William and Mary," Mr. Bryan went on, "both were beneficiaries under the will of Sir Robert Boyle, English scientist, and Mary sent in 1781 the first charter for the establishment of a chapter of Phi Beta Kappa, founded at William and Mary."

### SEA SHELLS FALL FROM THE SKY IN DANVILLE (Va.) STORM

Sea shells fell during a hailstorm at Danville, Va., Wednesday, J. C. Womack, a local resident, displayed a pocketful of shell fragments which he found on his porch. The shells were not noticed until one of the Womack children called the attention of his father to them. They were small pieces lying amid the hail stones. Examination revealed their nature clearly.

The theory is that the shells were swept aloft in a cloud off the coast and fell of their own weight when the storm spent its force.

### She "Showed 'Em"

COLUMBIA, Mo. . . . She is an exquisite blonde. She is an Arts and Science student at the University of Missouri. Her name is Miss Louise Carroll. . . . and they've crowned her the Tiger's most beautiful co-ed.

### RAGS, MASCOT OF TROOPS IN WORLD WAR, IS DEAD

Rags, famous mascot of the fight-in' First Division, is dead.

Word was received at Fort Jay and Fort Hamilton Saturday that the little wire-haired dog, that was gassed and lost an eye in France had died in Washington in his twentieth year.

Rags had made his home there with Lieutenant-Colonel Raymond W. Hardenbergh.

### PRESCRIBES SIMPLE TREATMENT FOR LAWN

In response to numerous inquiries regarding lawn treatment this spring, N. R. Elliott of the College of Agriculture, University of Kentucky, is recommending four things:

Sow 2 pounds of bluegrass seed per 1,000 square feet.

Apply nitrogen bearing fertilizer, preferably nitrate of soda, at the rate of 5 pounds per 1,000 square feet. Broadcast after the bluegrass seed is sown.

Roll or tamp the lawn, as the freezing and thawing of the severe winter lifted much of the grass out of the ground.

Do not use steel garden rake in cleaning lawn, as this will tend to tear out the grass. Sweep the lawn or rake gently with a wooden rake.

### "WHAT A JOB!" IS PLAIN OF LAWMAN

In 1934, when I first came to the Kentucky general assembly, the governor of the commonwealth informed me, and the rest of the legislators, that it would be necessary for us to raise about \$10,000,000 in revenue in order to meet the budget requirements of the state.

In 1935, as I begin my sixth session in the legislature, the governor of the commonwealth informs the legislators that we must raise between \$12,000,000 and \$15,000,000 to provide the state with one on which to operate during the next biennium. Whew, what a job, and what a life! —Henry Ward in Paducah Sun.

### SPEEDY JUSTICE AT LAWRENCEBURG

Andy Lapsley, negro, employee of the W. D. Mountjoy and Son training stables, is in the penitentiary at Frankfort after having gone through a record trial in the Anderson circuit court Saturday. He was accused of slashing the throat of George Bird, negro, Friday night. In police court Saturday morning his case was referred to the grand jury, which promptly indicted him. Saturday afternoon a jury gave him a year in the penitentiary and in an hour he was inside the prison walls.

### RESILIENCE PLUS IN NEW GLASS

A new safety glass which stretched like a rubber band and rolled up like a rug was demonstrated in New York this week.

A mule kicked a panel of it out of its frame, all in one piece. Jim Mandry, Fordham University football player, bucked a sheet of it 40 by 60 inches, to show how it would bulge six inches and then spring back into place.

### NEW KIND OF HOBBY

As news is scarce, will tell of one of C. M. Young's hobbies: He has a birthday book which will hold 3,650 names and since he has been a shut-in he has collected over 1,300 different persons' birthdays. So any of his friends, or any one else who care to send him the names and births of their families may do so. He will appreciate it. —Stanford Interior Journal.

Of more than 100,000 households in Nanking, only 27,000 use electric lights. Most of the others use kerosene lamps.

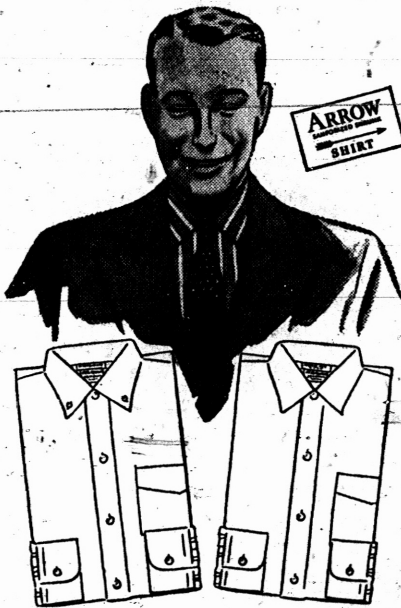

## Do You Want to Buy a Farm? Do You Want To Sell a Farm?

I have a listing of some attractive small farms as well as some of the best large farms in Mercer county. Also have a number of farms in Boyle and Lincoln counties for sale. Office Main Street next door below Adams Bros. Store.

# NEW SAFETY LAW BECOMES EFFECTIVE MAY 26, 1936

YOU MUST HAVE PROTECTION or have your driving rights SUSPENDED!

Condensed Outline of Newly-Passed SAFETY BILL By The Kentucky Legislature

It Costs So Little To Be Protected!

The act provides that any motorist who fails to satisfy, within 30 days, any judgment, which is the outcome of an automobile accident, causing the injury or death to any person, or property damage, will forfeit his right to drive or register any motor vehicle. If the motorist does not voluntarily surrender the driver's license and registration plates, a peace officer will be directed to secure them.

For the purpose of this law, a judgment shall be considered satisfied, if \$5,000 is paid in case of one person injured; \$10,000 in the case of more than one person injured (subject to the limit of \$5,000 per person) or \$1,000 in case of material damage to the property of others, whenever a judgment shall be in excess of these respective amounts. This does not lessen in any way, however, the plaintiff's right of civil action to recover the total amount decreed.

In addition to paying the judgment the defendant motorist must also furnish satisfactory evidence of his financial ability to respond in damages to any future accident for which he may be held legally accountable.

Further, any motorist whose Kentucky driving license or registration certificate has been suspended for any cause, must prove his financial responsibility, before he is again permitted to operate or register any motor vehicle.

This important new law applies not only to Kentucky residents, but to non-residents as well, and furthermore this law is effective as regards Kentucky motorists wherever an accident occurs, and resultant suit is brought.

Immediately upon receipt of any such final judgment rendered in the United States or Canada, the commissioner of motor vehicles in Kentucky shall immediately suspend the defendant's Kentucky driving license and registration certificate.
