DEDICATION

This is the tenth anniversary of Mercer High School. In these ten years we have seen an increase in our student body, new subjects added to our curriculum, and new rooms added to the building itself. We are justly proud of our school's progress these past ten years, and it is with pride that we are now ready to become graduates of Mercer High.

As we face the future, we think of our education as a tree. From the trunk there are many branches representing the various ways we now shall go. However, just as the most important part of a tree is composed of its roots, so too the most important part of our education is composed of the roots of knowledge. These roots are formed by the basic fundamentals of the three R's, reading, 'riting, and 'rithmetic; by the development of a desire to learn; and by the formation of study and work habits which have carried us through our high school days and will carry us through the days of our future, whatever that future may bring.

Our roots had their beginnings in Cornishville, Fairview, McAfee, Rose Hill, Salvisa, and Shakertown. There they were nourished by patient and dedicated teachers who prepared us for high school work, who taught us to think, and who struggled unceasingly to instill in us a desire for, and an appreciation of, knowledge.

Fairview is no more. Perhaps for that very reason those of us who spent our first years there remember Fairview and its teachers with particular nostalgia, just as the other members of our class remember their respective schools and teachers. Thus it is with deep appreciation from grateful hearts that we dedicate this year's HIGHLANDER to our elementary school teachers.

ADMINISTRATION AND FACULTY

We realize the inevitability of wasted hours were we to seek knowledge without the guidance of others. For this reason we understand the importance of an efficiently-run plant where this knowledge can be conveyed from teacher to student. The administration of the "Plant" our school, is of primary importance. Therefore: We wish to express our gratitude to the Administration and Staff of Mercer High School, each of whom has aided us in countless ways. We take this opportunity to pay tribute to their constant activity in our behalf--the wisdom of their experience--their readiness to assist us in our undertakings, whether they be academic, athletic or social--and the many hidden tasks they perform, which contribute to the smooth functioning of our school system.

MERCER COUNTY BOARD OF EDUCATION

Mr. Lloyd Mayes

Mr. James McMurry

Mr. A. T. Hensley - Superintendent-Secretary

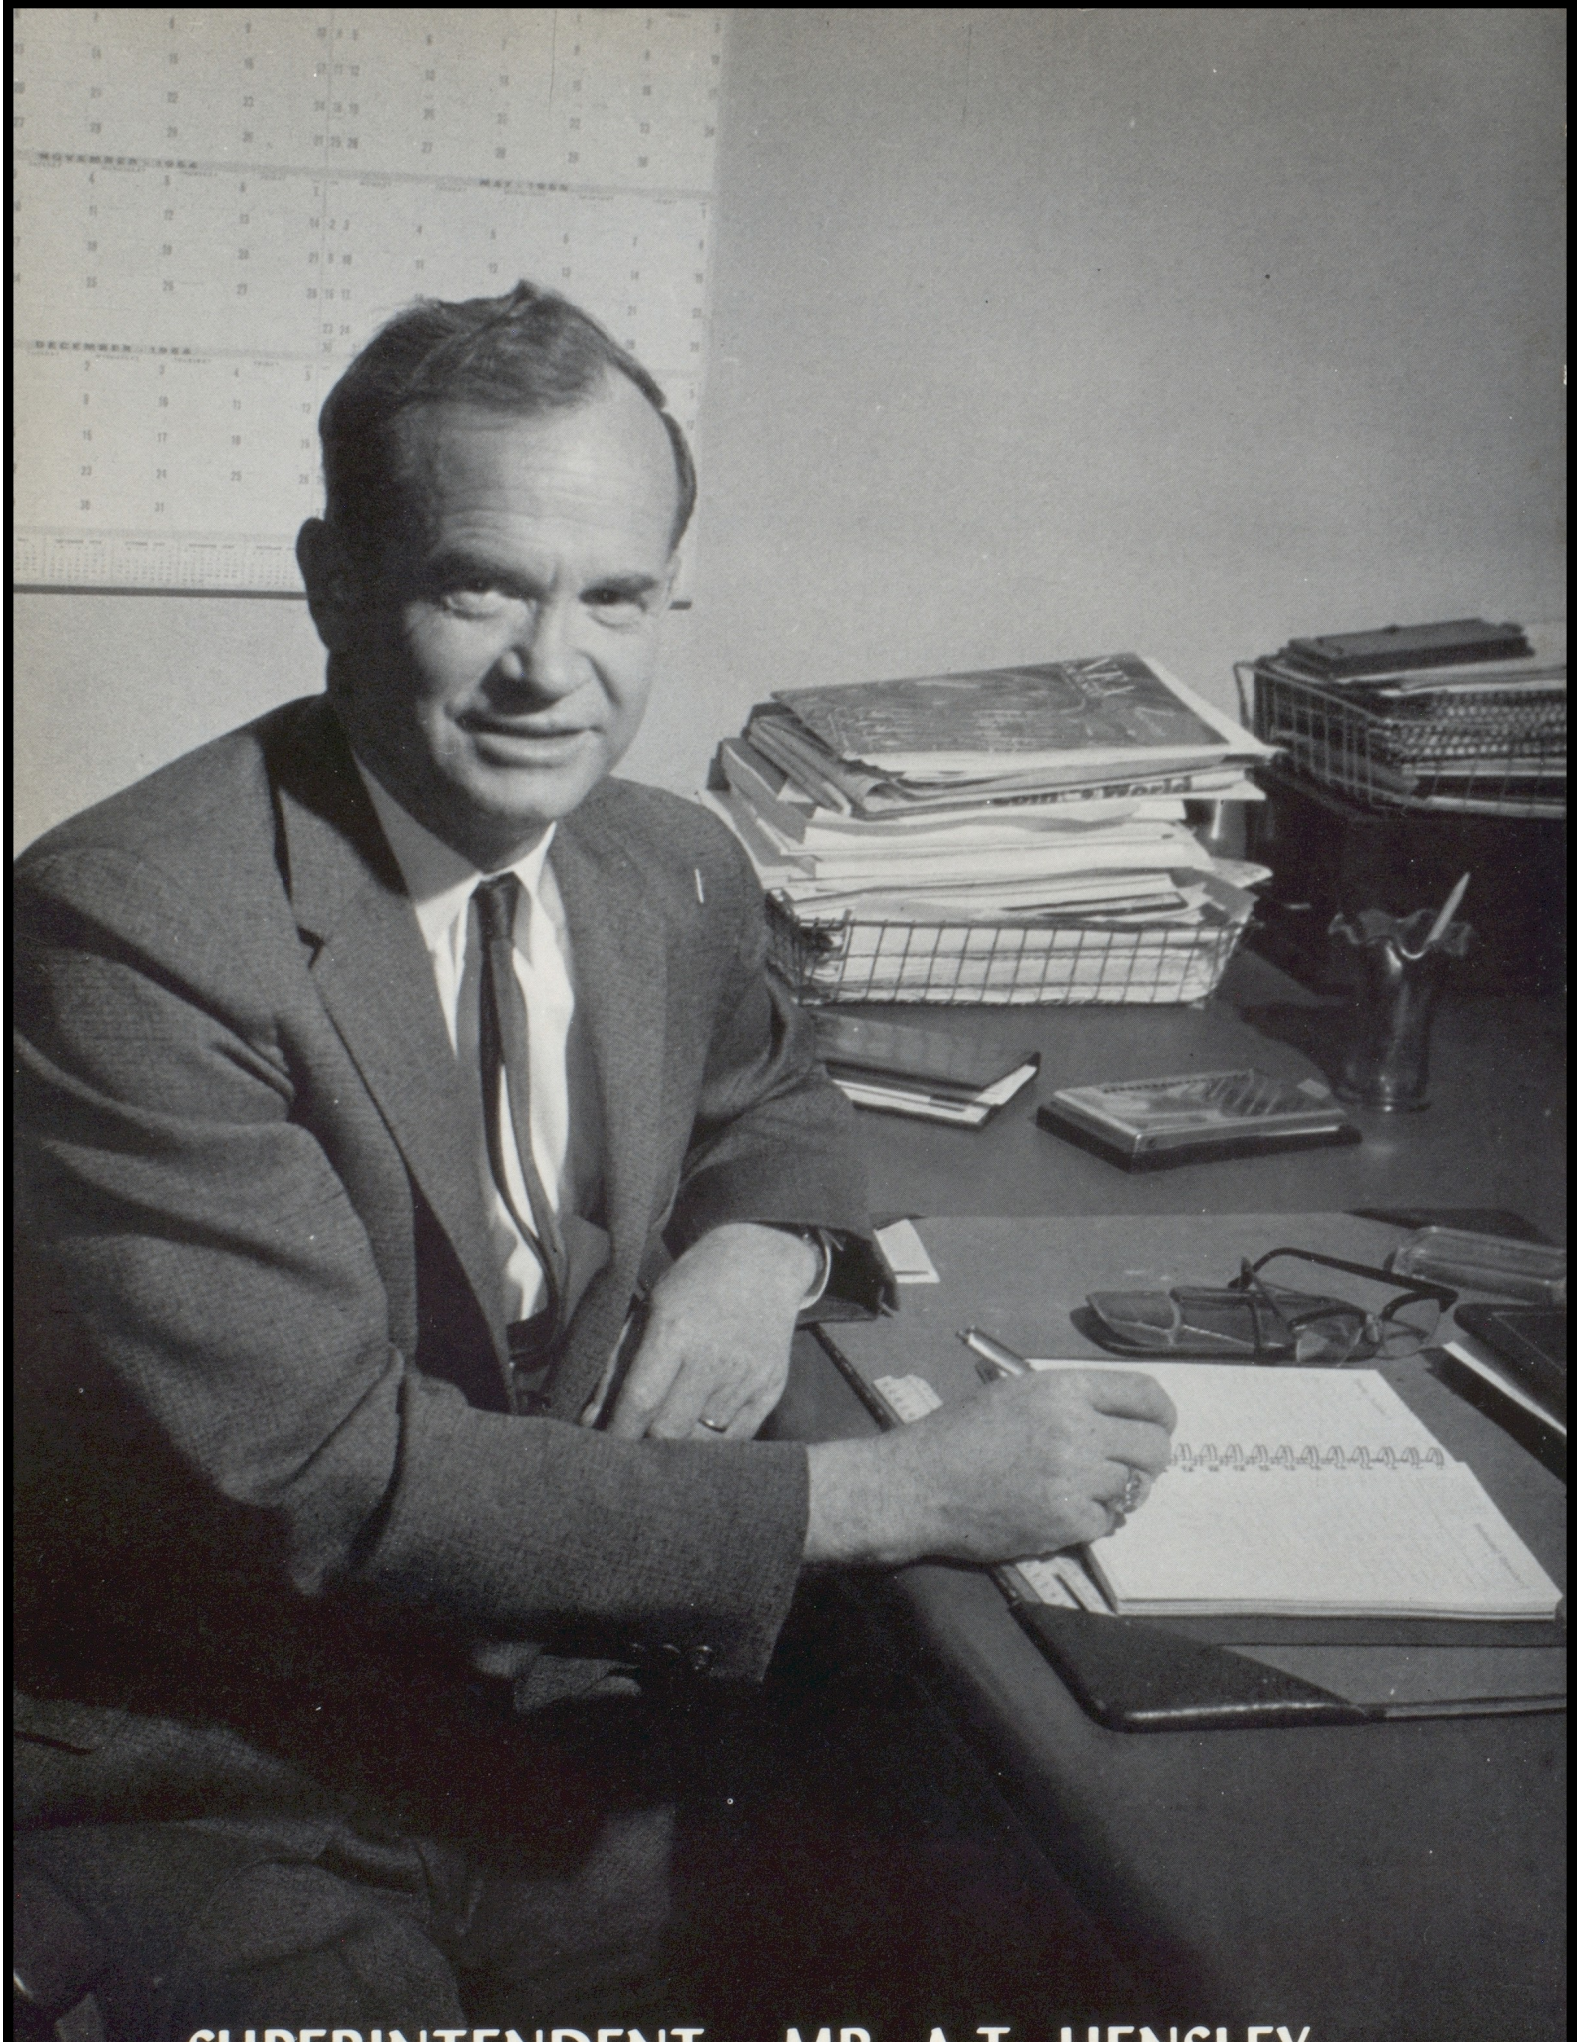

Mr. Marion Britton - Chairman

Mr. William Gritton

Mr. Joe King

We are indeed grateful to these members of the Mercer County Board of Education who have so freely and generously given many long hours in the interest of education.

Parents and teachers, what a combination? Regardless of the fact that we students sometimes consider them to be some sort of monsters, there are times we have to admit they're a rather nice group of people to have around. At Mercer, the parents and teachers work together to help Mercer become a much better school.

The main fund-raising event of the organization is the fall-festival held annually at the school, the proceeds from which are used to buy much needed equipment, books, and other supplies. We do appreciate their interest and work.

"EDUCATION IS MY NAME"

Dorothy E. Snow
Taken from DELTA KAPPA GAMMA BULLETIN

I am the Builder: Education is my name.
I am the builder of all things--great and small:
I am the builder of the universe from the beginnings of time.

I am the Builder:
I have taught men how to live upon the earth in peace and brotherhood:
I have taught men how to live--and how to die;
I have taught them how to love a great cause, and I have taught them how to serve it, even unto death.

I have taught men how to build. . .
Upon the errors of yesterday,
Upon the realities of today,
Upon the hopes of tomorrow.
When their handiwork has failed and their structures have collapsed about their heads,
I have taught them to rise once more from the shambles, take up their tools and begin again;
When their efforts have been rewarded with the admiration of their fellows,
I have given them the grace and humility of beloved champions.

I am the Builder:
I am the builder of homes and schools and churches, of factories, bridges, and broad turnpikes. . .
I am the builder of minds, of hearts, of ideals. . .
I am the builder of books, and paintings,
of towering cathedrals, of tiny country churches. . .
I am the builder of friendship, of self-sacrifice, of honor, generosity, patriotism, of all things noble.

I am the Builder:
I am the builder of people--I am the chief nourisher of youth and the sustenance of age;
I am the nursemaid of the child; I am the companion of the invalids;
I bring comfort into the land of the blind, and into the four walls of a prison cell.

I am the Builder:
My scope is unlimited. . .
Whenever the human mind calls out to me through the darkness,
I am there.
Wherever there are eager men with the courage to follow,
I can lead.
Whoever will put aside self-conceit, prejudice, superstition,
I can serve.
These are my patrons. . .
But they must forsake all else and bow before me as their master,
And I will in turn become their eternal servant.

I am the Builder: Education is my name.

FUTURE FARMERS OF AMERICA

The Future Farmers of America is the national organization, of, by, and for farm boys studying vocational agriculture in public secondary schools which operate under the provisions of the National Vocational Education Acts. It is an educational, non-political farm youth organization designed to develop agricultural leadership, character, thrift, scholarship, cooperation, citizenship, and patriotism. Through participating experiences in the FFA, members learn how to take part in meetings, to follow parliamentary procedure, to speak in public, and to cooperate with their fellow students in programs for individual and community betterments.

The primary purpose of the National Forensic League is to interest high school students in public speaking and to hold their interest until they acquire a high degree of effectiveness as speakers. It accomplishes this purpose by means of an intriguing system of incentives which always holds out new goals to a student as soon as he attains present ones.

Time is past.
Time is to come."

In that time to come, we, the annual staff, hope this issue of the HIGHLANDER will hold for you many happy memories of your past years at Mercer High.
