

This is a good sized job. It will take quite a while to do it. When do you want your books to send out?

1M, 40 pages and cover, printed throughout in black ink on S&SC paper similar to Tipton nursery body and on enamel cover similar to Comal Springs nursery cover f.o.b. St. Joseph,.....\$220.50

Add for additional Thousands,.....\$ 36.45

If printed on fine heavy enamel (this is the paper that will show up your cuts) like dummy (body 25x38-70 and cover still heavier, 25x38-100) in black ink throughout this will add \$7.20 to above price or,.....\$327.70

Additional thousands also will cost \$7.20 more as this sum represents the difference between the cost of the fine enamel (see Marshall Bros. and Lennox Furnace catalogs). Price per additional M's,.....\$43.65

If we print cover 4 sides in yellow and black, add to above for each M,.....\$ 5.00

If we print the first 4 pages and the last 4 pages in yellow and black, add to price of each M copies,.....\$ 19.50

It would run the cost way up to print it throughout in 2 colors - and 8 pages of color and 4 pages of color will make a fine job.
