DEDICATION

To our beloved principal, Mr. Otto Satterly, we, the Senior Class of 1946, wish to express our deepest appreciation for his patience, kindness and untiring efforts, for the upbuilding of our school and community, here-by dedicate this year book to him.

CLASS SONG

Tune to—Anchors Aweigh.

Seniors of '46 are leaving you;
We will now say farewell and wish
You good luck too—
Greetings to Juniors, Seniors to be,
We wish you happiness for we like you
Quite a bit, O, don't you see?

To the Sophomores, we bid Adieu;
In just two more years you graduate too—
Make well of school days while they last,
They're the happiest of all days
And quickly they will pass.

Freshmen of '46 some call you green,
But we think that you're as grand
As any class we've seen—
We hope your school days will be lots of fun,
When you get to be Seniors
You'll see what a race that you have run.

Parents and teachers we say to you,
We love you one and all
And hope you love us too—
Higher and Higher is our Motto
We'll remember each of you
As on our way we go.

CLASS POEM 1945-46

There is a tall, fair complexioned girl
It's Hazel Cosby who comes in a whirl,
She runs around with her shoes unfastened
And says that men shouldn't be rationed.

Cunningham, Jewell its bound to be,
She's always as busy as a bee,
Where she goes she starts the fun,
And always associates with every one.

Sometimes happy, sometimes blue,
Ann Dawson is always true
The girl who attended the D. A. R.
And her beloved is a Basketball Star.

Jack Garriott, better known as Small Change,
Whose basketball is never out of range,
And to every girl he teases,
But to Patterson he pleases.

We know a girl who likes Red Roses,
And to a certain boy she continually poses.
It's Jane Garriott as you all know,
Because one night she walked home in the snow.

Kathaleen Gregory is one of our quiet girls,
Who always has her hair in curls
And to her if you want to please,
Just get a boy to give her a squeeze.

It must be grand to have your mate,
Especially when one gets in late,
It used to be Hicks, but now it's Satterly,
Because they were married late on Saturday.

High point man on the basketball team,
'Cause we know Ralph Morris is really keen,
He studies hard and makes his grades,
But never from his mind does Ann fade.

Oneida Roney who's always in dreamland,
Comes to school looking spic and span.
She never missed a day of her senior year,
'Cause she expects to see, Morris, that one so dear.

Rebecca Stratton, one of our cute little girls,
Has teeth that shine like pearls,
Her cheeks are red and eyes are brown,
And every Saturday night she sees, Perry in town.

Boy! O Boy! What a physique,
And how he struts down the street.
Couldn't be anyone but Berry Sims,
That causes the girls to purchase kodak films.

Talk about a girl who likes chewing gum,
Vernett Thompson always wants some.
One boy in particular stays well supplied,
But very seldom gets to sit by her side.

Now there's a boy who drives a Ford,
A girl he says he cannot afford.
But if he could have his way,
Bush Tribble says he would speak to them every day.

There is a brown-eyed boy that will never blush,
But for a blonde haired girl he has a crush.
Morris Yocum, who is going to be a waiter,
And his favorite dish is a "Tater."

THE PROPHECY

As I was walking through the woods one day I chanced to see a beautiful wild rose. I stopped to pluck it and as I did so a beautiful white fairy appeared. "What do you represent?" I asked, "This rose, said the fairy, represents the class of '46, and if you would like me to do so I will foretell their future." "Oh! said I, that is my greatest desire." "The rose contained 14 petals, one for each pupil," the fairy said.

A report from the Salvisa High School says that Ann Dawson has been elected as the new mathematics teacher.

Miss Jane Garriott has received her Ph. D. Degree and has taken a position in New York City.

Salvisa has gotten to be a well known place since Morris Yocum opened a new airport, with his cute little secretary assisting him.

Gee, who's that tall, dark, handsome sailor in New York harbor whose mind never drifts from that math teacher in Kentucky? Must be Ralph Morris.

There's going to be a big celebration in Kirkwood for Vernett Thompson, that great music teacher from New York, who is coming here for a visit.

Who's that cute little secretary sitting on her boss's knee? It's Kathleen Gregory, who formerly graduated from the University of Kentucky.

Look at that old maid sitting in her rocking chair knitting a sweater for her cat. This is Jewell Cunningham, who always longed to get married.

There's a little housewife preparing dinner for her husband who will soon arrive home from his airport. This is the former Miss Oneida Roney.

Look at that white uniform. No, it isn't a sailor. It's Rebecca Stratton who has become a graduate nurse.

How do you like that new actress they have in Hollywood? Gee! She is some peach. She is Miss Hazel Cosby.

Who's that nice looking housewife that is bathing her little red headed boy? She is Mrs. Hiltery Satterly, the former Miss Viola Hicks.

If you need your life insured just inquire for Bush Tribble for he has just gone into the Life Insurance business at Bondville.

Gee, what are all those people doing over there? They are watching the new auctioneer having his first sale. This is Berry Sims. He is selling mouse traps.

Salvisa High School is having a banquet for the professional ball player, Mr. Jack Garriott, who is Kentucky's all star.

CLASS WILL

We, the members of the Class of 1946 of the Salvisa High School, being of sound mind and faced with the inevitable fact that our scholastic days in the Salvisa School are numbered and that we soon must pass on to other spheres and make room for for those who are to follow us, do hereby leave this our last will and testament.

Ralph Morris wills his height to Marvin Yocum. Be sure and use it to an advantage on the basketball floor, Marvin.

Jack Garriott leaves his uncommonly good looks to Gene Cinnamon.

Jane Garriott leaves her small writing to Virginia Cunningham.

Hazel Cosby leaves to Wilma Wooldridge her ability to get along with the Freshman and Sophomore boys.

Berry Sims leaves his privilege of teasing the girls to J. R. Morris.

Oneida Roney leaves her icy hands and fascinating ways to Doris Howard.

Morris Yocum leaves to Bennie Hahn his privilege of telling jokes to the girls. Beware of the teachers, Bennie, especially Miss Cox.

Rebecca Stratton leaves her ability to get along down Lawrenceburg way to Pauline Cole and Dorothy Jones.

Kathleen Gregory leaves to Kenneth Stratton the privilege of giving nicknames. Don't make the next one "Powder Puff," Kenneth.

Jewell Cunningham leaves her ability to jump out of her seat when someone tickles her to Rosalene Watts.

Viola Hicks wills her nickname, "Granny," to Mary Frances Bell.

Ann Dawson leaves to Ruth Preston the privilege of going to all the Basketball games.

Vernett Thompson leaves her atomic energy to the girls of Salvisa so their hearts wont be broken by Allen Dawson.

Bush Tribble leaves to Bobby Trisler his ability to chew chewing gum.

THE SQUAD

RALPH MORRIS—Six foot two inch senior, weighs around 155 pounds, added much to the team as the regular center. He not only held the opposing centers under control, but scored 238 points for the high scoring honors of his team. Especially did he show up well in the County tournament when he scored 53 points in three games.

JACK GARRIOTT—Five foot eight inch senior weighing 152 pounds, one of the regular guards and captain of the team. When the going was tough he was able to get the ball up the floor with his fast dribbling. He scored for the Dragons 189 points for the season with second high scoring honors.

BOBBIE TRISLER—Five foot seven inch Junior weighing 112 pounds, playing as one of the regular forward positions. A good, long shot, he scored 140 points for third scoring honors. "Rat" was a good defensive man and also a good rebounder for his size.

J. R. MORRIS—Five foot eleven inch Sophomore weighing 130 pounds, the other regular forward of the team. He has a long shot that came in handy in a tight spot, also a grand rebounder. "Curly" comes fourth in scoring honors making a total of 105 points for the season.

GENE CINNAMON—A five foot eight inch Sophomore weighing 135 pounds, filled the other guard position. Gene is cool, fast and level headed under fire. As were all of the team he was inexperienced but showed great improvement. Gene scored a total of 68 points for the season.

The entire squad was inexperienced at the opening of the season, because basketball had been discontinued during the war. The boys turned in a grand record for the season, mainly because of their ability to cooperate with each other and the coach and the determination to win. The season of 1945-46 will long be remembered by the Dragon fans as one of the outstanding seasons of their history.

Squad
in
Practice !

THE SEASON

The squad of 1945-46 started the season with a very dark outlook for a team. Most of the boys were small, with only one man over six feet, and all of the men were inexperienced. There had been no Basketball since 1943, so the Coach, Mr. Otto Satterly, had to rush the boys to get them in shape for the opening game. After some tough luck in the beginning the Dragons managed to win 65 per cent of their total games.

The boys were in high spirit by the time of the first game, which was with Mackville. The boys were surprised by a 34 to 23 defeat at the hands of the big boys from Mackville. The next game was with Burgin, but two of the regulars were out on account of illness and the rest of the squad were just dragging and should have been in bed. Consequently the Dragons were defeated again de p'te the spirit and efforts of the boys. The next four games added to our losses, but at the same time we were gaining a world of vital experience that was to pay great dividends later in the season. The closest game thus far in the season was with Parksville who won by 5 point'. It was a close game until the last minute when Parksville went ahead to stay. The other three be'ng Burgin, Mackville, and Willisburg who beat the Dragons by a good margin. After these six straight losses the boys and the coach still didn't give up. So it finally came, the first vic'ory of the season, in which the Dragons trounced Rose Hill 22-11. The next game was at Parksville which was the clo est game played by the team this season, the Dragons fighting all the way through, the lead changing many times with the Dragons finally coming out on top by a score of 25 24.

These victories helped our spirit and proved to us that we could win, thus the boys went on to win the next four straight games. The victim; were Cornish'ille, McAfee, Fairview and Bloomfield. The first three were easy vic'ories but Bloomfield proved a tough opponent, but the Dragons being just a little tougher won the game by a score of 37-32. The next game was with Rose Hill and the boys were pretty sure of the game but were bitterly surpr'sed when Rose Hill just couldn't miss and defeated the Dragons 36-31.

The last games of the season showed the boys had improved greatly since the beginning of the season. The Dragons won the last five games, while in one, defeated the strongest opponent of the season, which was Willisburg who had boasted of winning the game by 50 point'. In this game the lead changed several times but the Dragons fought all the way through and won by a margin of 39-35. The other four games were Cornishville, Western, McAfee and Fairview, who were all defeated by large scores.

The Dragons played good ball throughout the County Tournament when they went to Cornishville and returned with the winners' trophy. They were in three engagements, the first with McAfee whom the Dragons walloped by a margin of 34 points. They drew Cornishville for the second round and defeated them by a margin of 29 points. Although the boys had already played two nights in a row they came back to defeat favored Rose Hill by a margin of 12 po'nt to win the County Tournament and the Trophy. A silver Basketball was awarded the outstanding player from each school during the tournament. Ralph Morris, the Dragon center, who scored a total of 53 points in the three games of the tournament, received the silver ball.

Then came the District Tournament in wh'ch twelve teams participated. The Dragons drew Rose Hill, their greatest rival for the first game. With two of Rose Hill's regular' off the squad, the Salvisa boys had no trouble in beating them by a score of 45 29. Winning this game took the Dragons to the semi-finals. In this game the Dragons met the Harrodsburg five who was believed to be a much stronger team than the Salvisa five. With our center unable to carry his part of the load the other four boys played excellent ball and mak'ng a big gain in the last minutes of play, Harrodsburg was forced to do their best to defeat the Dragon by only six points.

After playing and losing the first six games to experienced teams, the boys still were proud of their season's record, Mr. Satterly who did a swell job of coaching the boys was satisfied when he coached them to more victorie. than everyone expected.
